

# DDOTS advisory

Guiding **Startups & Enterprises**  
through **Digital Transformation**  
and **Regulatory Complexity**

# We are 3DOTS!

The one-stop shop for your legal, marketing, and image challenges.  
We don't do boring — we do bold, smart, and next-level creative.

## 3DOTS Advisory

We build solid, battle-tested legal frameworks for all kinds of modern ventures — from ambitious new-tech projects to influencer businesses.

## 3DOTS Law

We can legally handle any future-facing business idea. Risky or complex cases? We tame them in no time. The impossible ones? Just give us a minute.

## 3DOTS Tax

We ask the right questions and recommend the most beneficial tax strategies. Moreover, we'll take care of full accounting — for both companies and individuals.

## R-Collective

R-Collective is the agency that supports innovative business ideas — legally, strategically, and with top-notch PR and marketing expertise.

Approximately **75% of venture-backed** startups fail, often due to flawed business models and lack of market fit.

*Harvard Law School*

Only around **1/3 of digital transformation initiatives** are considered successful, highlighting the challenges organizations face in executing effective digital strategies.

*BCG.com*

**62% of influencers** were not fully compliant with advertising disclosure regulations.

*European Commission*

The 21st century has brought not only unprecedented opportunities, but also growing complications. Businesses face **increasing complexity in legal compliance, taxation, and cross-border operations** – challenges that drain resources and slow growth.

At the same time, intellectual property theft and compliance violations are on the rise, **costing billions** and exposing founders to **unnecessary legal risks**.

In a world of rapid change and limitless potential, companies need more than just advice – **they need a partner who sees the full picture**.

Focus on growing your business — **we'll clear the road ahead.**

From strategy and structure to compliance and transformation, **3DOTS Advisory is your go-to partner** for solving complex legal, tax, regulatory, and strategic challenges.

We work side by side with founders, operators, and enterprises to simplify decisions, prevent costly mistakes, and make bold moves with confidence.

With multi-disciplinary expertise and deep understanding of the tech, finance, and digital space — **we do more than advise. We clear the path.**

## Who do we support?

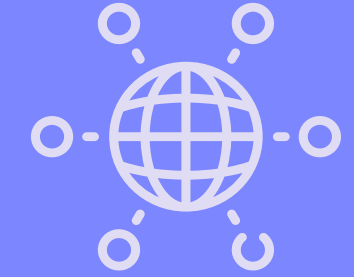

### Tech startups

scaling across jurisdictions

### Traditional businesses

undergoing digital transformation

### Web3, fintech, and DAO-native projects

### Marketing teams

navigating regulatory frameworks

### Founders

building IP-driven companies

### Investors and HNW individuals

needing strategic tax and wealth advisory

## Digital Transformation

- Strategic consulting
- Technology integration
- Process optimization
- Customer experience enhancement
- Change management

## Individual Tax Strategies

- Personalized tax planning
- Tax optimization techniques
- Tax compliance assistance

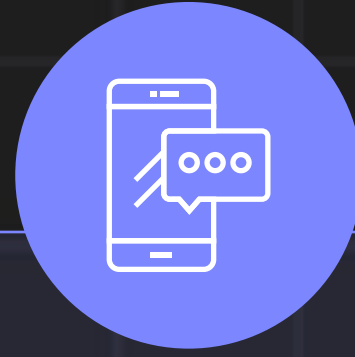

## IP Strategy

- Protecting intellectual assets through patents, trademarks, copyrights, and trade secrets
- Helping monetize IP through licensing and partnerships
- Enforcing IP rights and taking legal action against infringements
- Providing strategic consulting to develop long-term IP strategies

## Jurisdictional Research

- Verifying the business model across different jurisdictions for efficiency and compliance
- Proposing an optimal time and cost plan to meet business goals and ensure compliance
- Using 3DOTS' methodology to analyze legal requirements in various jurisdictions
- Providing detailed solutions to minimize risks and support project success

## KOL/Influencer Compliance Support

- Conducting a detailed audit of campaigns to assess compliance with influencer marketing regulations
- Providing personalized advice on regulatory compliance tailored to specific campaigns and industries
- Offering customized contract templates and procedures to manage influencer collaborations effectively

## Licensing

- Analyzing your situation to identify risks and opportunities
- Developing an action plan, including jurisdiction and license type
- Gathering and organizing required documents for licensing
- Representing you before authorities and handling inquiries
- Providing ongoing guidance to ensure compliance and success

## Online Marketing

- Preparing or verifying cookie notices as documents or within banners
- Preparing or verifying marketing consents for communications
- Preparing or verifying agreements with service providers
- Providing ongoing support for regulatory compliance
- Developing legal opinions on data usage and monetization
- Conducting training and workshops for staff and management

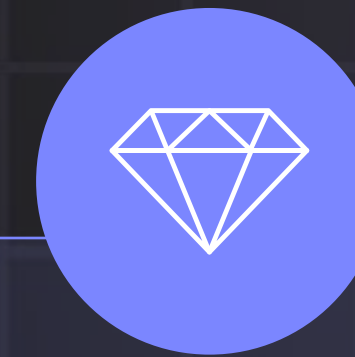

## Wealth Advisory Service

- Assessing clients' financial landscapes
- Crafting personalized financial strategies
- Advising on investments, taxes, and estate planning
- Adjusting portfolios to market and client needs
- Educating and empowering clients
- Ensuring long-term financial security

## Regulatory Workshop

- Customizing legal and advisory services
- Outlining the legal and tax framework
- Hosting workshops on AML, GDPR, WEB3, and AI
- Issuing certificates for Fintech and VASP licenses
- Supporting legal marketing with guidelines and whitepapers

## Concierge Service

- Prioritizing assigned tasks to ensure urgent matters are handled promptly
- Providing convenient access via Telegram five days a week, with weekend support
- Offering unlimited support for tasks up to 20 minutes at no extra cost
- Including predefined services like contract filling and administrative tasks

# Let our actions speak for us!

1. **Assistance** in creating regulatory-compliant projects involving both technology companies and decentralized entities (including foundations with DAO structures).

2. **Development** of a legally compliant go-to-market strategy for the European market for one of the largest centralized exchanges in Asia.

3. **Regulatory and PR support** for one of the largest influencer groups in Europe's gaming and gambling industry.

4. **Planning and execution** of a technological transformation for a logistics company, utilizing AI-based analytics systems and a blockchain-powered loyalty program.

**Tell us** a bit  
about yourself  
— and we'll tell  
you **how we**  
**can help.**
