

Pray for always:

- ☐ **God's blessing on the President** and all those in leadership in our nation, state and city.
- ☐ **All members of our staff** as they seek to honor the Lord in their respective ministries.

Missionary focus of the week:

- ☐ New Song Mission, serving in Nashville, IN

New Prayer Requests:

- ☐ **Brian Luke**, who has been admitted to Franciscan Health Hospital with pneumonia. He is still in the ICU and on a vent but is improving. His heart rate and blood pressure are stable and his lungs are improving. However, he is also on dialysis to remove excess fluids. Please pray for healing and strength and for Shawna as she cares for him.
- ☐ **Darrell Stevens**, who is adjusting to being at the Harvest Moon Community Residential Care Facility, but dealing with a complete lifestyle change. His new blood pressure medication is helping him feel better, which has raised his spirits. Please continue pray for his discouragement and for his physical health.
- ☐ **Terri Gent**, who is dealing with ongoing health issues.
- ☐ **Hearl Herrod**, who had his first treatment for liver cancer. The treatment went well. His next treatment is the first week of January. He appreciates your prayers.
- ☐ **Nick Moyer**, who is much better after having a heart ablation. Please continue to pray for him after the loss of his nephew, with whom he was very close.
- ☐ **Gary Harris**, who had surgery on 8/27. Doctors had to remove 50% of his skull. His doctor found another spot on his temple that are squamous cells. He is having a procedure 12/29 to have these removed. Please pray that they will be able to remove it all. He and Paige were ill last week and are hoping to be well enough to fly to Florida later this week.

On-going Requests:

- ☐ **Mary Helm**, who completed her last treatment in November. Her weight is stable and is able to do things around the house. Please pray for her to gain some weight and get her strength back and for a good follow up in 3 months.
- ☐ **Jill Helm**, daughter of John and Mary Helm, who has fast progressing Alzheimer's and is declining quickly. The family is thankful for the outside help they have. John and Mary would appreciate prayers for their strength and Jill's as they navigate this difficult road.
- ☐ **Elijah Smith, Char Urban's son**, who is recovering from a stroke. Please continue to pray for his core strength and ability to sit up independently. He is being discharged Friday. Please pray for the details and logistics of bringing him home—a wheelchair, ramp, and lift are necessary. Pray for God's guidance as Char considers becoming home health certified to help with his care herself. Pray for a smooth transition from rehab to home. Visitors are welcome after he is home.
- ☐ **Shawna Luke**, who has been falling. She appreciates your prayers.
- ☐ **Bill and Linda Bramell's son, Patrick**, who is deployed near the Israel/Jordan border. He is home until January 9th. Pray for a great visit and his safe return to service.
- ☐ **Linda Schildt**, who had an ablation, which went well. She is still receiving antibiotic injections and having pain in her back. Please pray that the infection does not come back. Please also pray for the pain to go away and that it would not be permanent. Pray for her discouragement over her ongoing health issues.
