

Pray for always:

- God's blessing on the President** and all those in leadership in our nation, state and city.
- All members of our staff** as they seek to honor the Lord in their respective ministries.

Missionary focus of the week:

- Bob & Debi serving with Pioneers

New Prayer Requests:

- Morgan Harley**, and her family as Morgan faces a long, difficult medical journey, likely including extended hospital care away from home later this year. They are facing many complex decisions in the coming days related to Morgan's care and future health. Pray for wisdom for the doctors, strength and peace for Morgan, and endurance for the entire Harley family as they walk through this challenging season. Pray God would provide comfort, healing, and the resources needed for the road ahead.
- Sue Smith**, who recently had surgery for lung cancer. She is still experiencing some pain but it has lessened. She started chemotherapy and will have four treatments, one every three weeks. The fatigue has set in. Please pray for her as she goes through these treatments.
- Larry Thompson**, who will be getting a pacemaker in the next few weeks. He has had two ablations and two stents put in. Please pray that the pacemaker would be the last procedure he would need.
- Wade & Shelley Lytle**, after the passing of Shelley's mom on March 13th. Please pray for comfort for the family.

On-going Requests:

- Darrell Stevens**, who has relocated to Altenheim Senior Living Facility. He is doing reasonably well. He is dealing with some issues from the prostate surgery.
- Mary Helm**, who completed her last treatment in November. She would still like to gain about 5 pounds. She has an MRI scheduled for in March and is hoping for good news. Her esophagus remains an issue and asks that we continue to pray. Pray also for her husband, John, as he takes care of her.
- Jill Helm**, daughter of John and Mary Helm, who has fast progressing Alzheimer's and is declining quickly. After looking at facilities, her family is choosing to keep her at home. Please pray for strength for John and Mary as they care for her, even though at times she does not know them or where she is.
- Elijah Smith, Char Urban's son**, who is recovering from a stroke. He has received new orders for 3 different therapists. The speech therapist may have him do another swallow test to see about removing the g tube. They are hopeful he can also get the right wheelchair soon. Please continue to pray for both Elijah and Char to stay strong in God's word and his will. They are thankful for all the prayers. Visitors are welcome!
- Bill and Linda Bramell's son, Patrick**, who is deployed near the Israel/Jordan border. They are thankful to know the Lord is the one in control.
- Linda Schildt**, who is struggling with pain and how to best manage it. She is waiting to hear from insurance for approval for the procedure to help with her pain. Pray for her as she is preparing to list and sell her house to move closer to her daughter. She appreciates the calls and prayer.
- Brian Luke**, who has been moved to Southpointe Rehab. He is eating better and doing therapy. He took a few steps, assisted. He now has pain in his shoulder that they are trying to figure out. Please pray for his strength. Please pray for both Brian and Shawna as they are discouraged with the slow progress he is making, but also grateful for the strides.
- Hearl Herrod**, who had his last treatment for liver cancer. He will see his doctor 4/13. He will have a PET scan. Please pray that all of the cancer is gone. The crack in his prosthetic eye has also been repaired.
- Judi Johnson**, who had outpatient surgery on 1/30 and 2/13. She is doing well. She will see her doctor in a few weeks and expects to get a good report. She appreciates our prayers.

Pray for those serving in our military: Mark Amos, Patrick Bramell Stephen Emminger, Jason Kegerreis, Mckinley Key, Chadwick Lewis, Jenny McCreary, Hope (Moore) Robbins, Tim Six, Derek Sutton, Andrew Weick, Calissa Weick
