Missionary Focus of the Week:
Nickolas and Kati Skopych, serving in Germany

New Prayer Requests:

- **Chris Hanson**, one of LifePoint's missionaries to Cameroon. He is experiencing severe bleeding. He is receiving transfusions. Tests will be done when he is stable enough to do so. Please pray also for his family.
- **Buddy Gibbs**, who had a bike accident. He has had two surgeries for brain bleeds, and also has broken ribs. Please pray for healing.
- **The family of Gary Pope**, who passed away on 9/28.
- **Phyllis Schlageter and Barb Beaver and their families**, after the passing of their father last week.

On-going Requests:

- **Shawna Luke**, who needs a procedure to re-route the veins in her legs. These will be done on 9/30 and 10/7. She also needs both knees replaced. Pray that she will be able to lose the weight necessary for the knee replacement and that the pain will be tolerable in the meantime.
- **Sue Smith**, is on a new cell therapy pill and has little side effects so far. She is doing well and feeling well with this therapy. There are no changes at this time. Please continue to pray the medication fights the cancer with little to no side effects.
- **Jill Helm**, daughter of John and Mary Helm, who has fast progressing Alzheimer's and is declining quickly. Unfortunately she no longer recognizes Mary and John. Please continue to pray for Jill.
- **Elijah Smith, Char Urban's** son, who is recovering from a stroke. His speech is improving. He now has a rollator and has stood up several times for several minutes. OT and PT started on 9/4. He would love to have visitors and Char thinks it would help with his socialization.
- **Brian Luke**, is still at Southpointe Healthcare Center, room 504. He was able to stand at the parallel bars which qualifies him for therapy 3 days/week. He is feeling encouraged but has a long way to go. He would appreciate visitors if it's convenient.
- **Morgan Harley**, as she faces a long medical journey. Please pray for the decisions that need to be made regarding her long-term health.
- **Bob Logsdon**, who was diagnosed with multiple myeloma. His bone marrow biopsy did not show cancer. However, there was cancer in the plasma cells of the bones of the spine, which is much more treatable. Praise! He has finished radiation. He has appointments 10/2 and next week. He should get results from all of the recent tests. Pray that the results show the radiation has been effective. Pray for peace as Bob and Marilyn continue to wait.
- **Jeff Lathrop**, who had surgery for bladder cancer in May. He had an additional surgery this week. Please pray for a good recovery and healing. Please pray for his energy to return.
