Missionary Focus of the Week:
One Seed, Inc. serving Indianapolis

New Prayer Requests:

- **Chris Hanson**, one of LifePoint's missionaries to Cameroon, who was hospitalized with severe bleeding. He has been released from the hospital. He has numerous ulcers in his colon and needs further testing to determine the cause and treatments. Details and travel for that testing are being worked out. Please continue to pray. Please pray also for his family.
- **Buddy Gibbs**, who had a bike accident. He has had two surgeries for brain bleeds, and also has broken ribs. He has been moved from the ICU to the Progressive Care Unit. He will need a helmet for physical therapy as part of his skull had to be removed due to swelling. He will be hospitalized for a while longer and then will move to rehab. Please pray for healing.
- **Jeff Lathrop**, who had surgery for bladder cancer in May. After treatments the cancer returned. He was scheduled for surgery 10/6 to see if the cancer is in his kidneys. He has also had kidney stones. Please pray for comfort and relief from the pain.
- **Bob Logsdon**, who was diagnosed with multiple myeloma. He saw the radiologist on 10/2. The tumor responded well to the radiation, but another area that they could not biopsy before, looks to be cancerous. Bob will have more radiation treatments. His oncologist is waiting on results of other tests to determine additional treatments. Pray for peace as Bob and Marilyn continue to wait.
- **The family of Gary Pope**, who passed away on 9/28.
- **Phyllis Schlageter and Barb Beaver and their families**, after the passing of their father.

On-going Requests:

- **Shawna Luke**, who had a procedure to re-route the veins in her legs on 10/2 and was scheduled for the other on 10/7. She also needs both knees replaced. Pray that she will be able to lose the weight necessary for the knee replacement and that the pain will be tolerable in the meantime.
- **Jill Helm**, daughter of John and Mary Helm, who has fast progressing Alzheimer's and is declining quickly. Unfortunately she no longer recognizes Mary and John. Please continue to pray for Jill.
- **Elijah Smith, Char Urban's** son, who is recovering from a stroke. His speech is improving. He now has a rollator and has stood up several times for several minutes. OT and PT started on 9/4. He would love to have visitors and Char thinks it would help with his socialization.
- **Brian Luke**, is still at Southpointe Healthcare Center, room 504. His therapist is pleased with his progress - transferring from wheelchair to chair and bed. He still has a long way to go. He would appreciate visitors if it's convenient.
- **Morgan Harley**, as she faces a long medical journey. Please pray for the decisions that need to be made regarding her long-term health.
