Each level comes with unique training, skills, and certification requirements. We have many Dakinis going through our basic trainings & Temple orientation. Some are brand new to Tantra, while others come with previous trainings & work experience. As a freshman, you'll learn the basics of Sacred Temple Bodywork - Kundalini Body of Bliss and Intuitive Touch. A newer Dakini may not have as much experience yet, but they're eager to learn and help you. As a Sophomore, you can expect more advanced training, including Tantrik Ritual Bodywork and 200-hour Shivakti Tantra Yoga Teacher certification. Our Sophomore Dakinis are generally in their second or third year with the temple, and they've had some experience with other 200-hour Yoga Teacher Certifications. Our Junior Tantrikas have lots of hands-on experience with Kundalini Body of Bliss and Tantrik Ritual Bodywork. They're also advanced in Temple Circles, Tantra Trainings, and Bodywork workshops. With a Senior Dakini, you'll find someone who's been around the block a few times - they've got tons of experience, multiple certifications, and can help guide you through your own journey. At Temple of Bliss, we strongly encourage you to read over each Tantrika's bio page to get an idea of their skill set. This will help you choose the right Dakini for your needs, whether you're looking for relaxation, healing, or spiritual growth.Paraphrased text here ===== We invite you to explore our policy regarding appointment cancellations and rescheduling. Its all about trust and talking through things, so you can learn what makes you feel good and whats not right for you. Its like honoring your body and the trust you have with someone else. We need to make sure our space feels safe and peaceful. We use soft lights, comfy couches and maybe some incense to create a special atmosphere. Nature sounds or music that makes you feel calm can also help. The way we do things is gentle and respectful. We might use soft ropes or scarves to guide your senses inward. The tease is all about making you feel something new and exciting, but also relaxed. It helps you be more present in the moment. This practice can bring you a lot of peace and understanding. You might feel more connected to yourself and others. It can even help you grow and learn new things. For us, sacred tie and tease is all about exploring your senses and feeling good.Tantra Massage: A Journey of Self-Discovery and Liberation ===== Tantra massage is a holistic practice that aims to liberate the individual from their emotional, sexual, and spiritual inhibitions, allowing them to experience life in a more authentic and fulfilling way.
