

PSS Creative Media's Riverside Editing Workflow

This guide is taken from Riverside's Community Workshop with PSS Creative Media. [Watch the full workshop here.](#)

Here's PSS Creative Media's full editing workflow on Riverside

1. Build clips

- Trim and arrange

2. Remove Pauses

3. Remove Filler Words

- Solo recordings → Smart method
- Guest recordings → Mute method

4. Apply Magic Audio

- Apply at 50-70%

5. Refine cuts on first pass

- Use 2x playback/edit speed
- Add transitions

6. Add Extras on second pass

- Intro music
- Graphics
- End screen
- Etc.

7. Export

8. Duplicate to create your Minisode

- Isolate a part of your recording based on a keyword and create a short (10 or so minute) episode

9. Choose and refine your Magic Clips
