Player Reviews cookie-clicker-review1.jpg Absolutely unforgettable. This is the only videogame I have ever played that is not one bit addicting, while it is still one of the best games out there! One of the things I really enjoy is that there aren't really "limited time events" at all. There are special things on holidays, but they're the same every year and can be activated at any time later in play. Hugely recommended and the best option for your first idle game. cookie-clicker-review2.jpg great port but, there's no way to get sugar lamps(that I know of) that means there's no mini games, also it has been a year since the last update for the paid version (how am I supposed to buy an unsupported version?), also I think that the dev should add a cloud save feature for google perhaps so it's harder to loose the save, and it makes it easier choice for buying the paid version since it's safe to play uninstall, and play it anytime without exporting the save as a gol update. 29 people found this review helpful cookie-clicker-review3.jpg THIS IS AN AWESOME GAME. If you like idle games, achievements, upgrades, global control, NO, ZERO, NONE, ADS, AND COOKIES, THEN THIS IS 100% THE GAME FOR YOU. THIS GAME IS AWESOME. The only downside is the Grandmapocalypse. The Grandma Store Appearance changes. If you don't like it, just disable "Scary Stuff" in Settings at the Misc. It's that easy! AND ITS OFFLINE, AMAZING FOR ROADTRIPS! And with a high prestige. Grinding is UNBELIEVABLY EASY! It's BY FAR, my favorite game! 62 people found this review helpfulDive into the world of Cookie Clicker Unblocked, where your goal is to bake as many cookies as possible by clicking on a giant cookie and using earnings to purchase upgrades and automation tools.
