SYNC SERIES – 4 SEGMENT TOOLING

**RUGGED, RELIABLE,
CONTROLLED.**

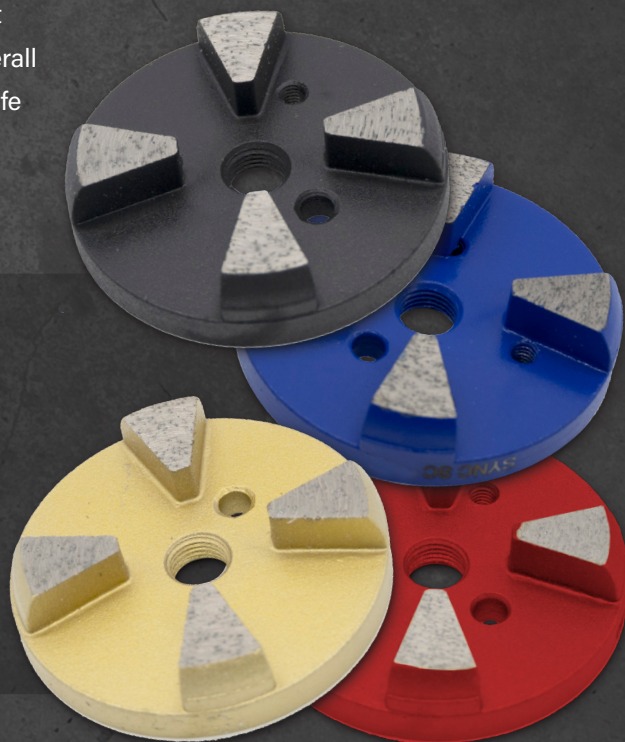

The CPS SYNC Series has been designed to work perfectly across the full range of concrete hardnesses, from soft to extremely hard. When using the right SYNC bond for the correct concrete hardness, contractors can expect 10-15k sqft per set when used dry and even higher when used wet. The overall SYNC Series comes in four different bonds, each engineered to maximize life and efficiency for concrete grinding.

KEY FEATURES:

-  BUILT TO OUTLAST TRADITIONAL TOOLING
-  AVAILABLE IN MULTIPLE GRITS
-  ABLE TO RUN IN BOTH WET AND DRY POLISHING SYSTEMS

BUY 1,000 OR MORE FOR ONLY: \$10/TOOL
