A WORD FROM OUR FOUNDER

What a year 2025 was! We saw the most incredible miracles as we partnered together with friends from around the world to see His Kingdom expanded!

If I had to summarise 2025 in just one word it would be, "favour".

We saw God do the most incredible things and open up the most majestic doors for His plans and purposes.

When I started Fire and Rain International Ministries, my vision was simple, yet I would argue, way too small.

I wanted to reach the Lost for Jesus, and Revive the Found for His Purposes. I thought we would make an impact in a few churches and communities, and I was happy that I could play my part in His Great Commission.

I could have never imagined that within four years we would be sitting with National Leaders, discussing how to reach entire Nations.

I couldn't have predicted that we would have seen such favor with Governments, and Leaders. I could have never known that we would see blind eyes open and the deaf begin to hear!

I would never have imagined that we would be setting up offices in Australia, Singapore, Cambodia and the USA. I had no clue that we would also see thousands come into His Kingdom from Buddhist and Muslim backgrounds every single year.

Yet, here we are!

The team is growing, the impact is spreading and the Gospel is going forward!

As we have walked this journey, I am realising I must expand my vision. I am recognising more and more the truth of Matthew 9:37-38, that the Harvest truly is plentiful, and the workers really are few! You will see just some of that expanded vision in this document.

As we walk in the favour of God, we do so with humility and the fear of the Lord. Who are we that He would use us for His glory? We thank God for His grace, mercy and favour!

2025 wasn't without its challenges too. Exhaustion was real, at times, as I travelled back and forth from Asia. There are always growing pains to the ministry, as I seek to do my best to lead a growing team whilst keeping my first ministry healthy, that of my precious family.

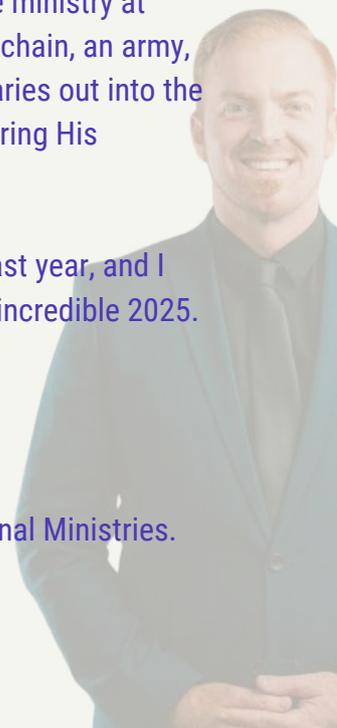

I could not have seen this year through if it wasn't for my incredible wife, Joyce and my beautiful children.

I could not have done it without our team either, including our financial partners and prayer warriors. I may be the face of the ministry at times, but behind me is a supply chain, an army, sending myself and our missionaries out into the darkness with what we need to bring His glorious light.

I give God all the glory for this past year, and I thank you, and thank Him for an incredible 2025.

With a heart full of gratitude,

Andrew Scarborough
Founder, Fire and Rain International Ministries.

2025 IN REVIEW

The Ministry year started at the Love Singapore Summit, where we met with incredible Pastors and Leaders to ask questions about how we could reach Asia more effectively for the Gospel?

Soon after we were in Thailand helping Empowered21 Launch their “Everyone Thailand” initiative, which has gone on to see tens of thousands come to Christ.

From Thailand we held our annual team retreat. We were amazed at what God did as he spoke to us about the future of the ministry. We felt to go “all in” with Cambodia, and continue to reach that nation for Christ, whilst keeping our ears to God’s heart for other nations as well.

We ran our first Fire and Rain Camp (Evangelism and Discipleship Training) for the year, seeing over a hundred students trained up for Evangelism and Disciple Making. Here we saw several miracles and many non-Christians make decisions for Jesus, getting Baptized and beginning a Discipleship journey.

Andrew and Joyce also toured America, building relationships for His Kingdom, equipping American Churches in Evangelism and seeing many Americans give their life to Jesus. Evangelist Brayden Woods, who served as Andrew’s intern for the year, helped run a large Gospel Festival in Florida, and together he and Andrew preached alongside their friend Adam, seeing tens of Floridians come to Christ.

The year didn’t really slow down! Reuben and Anne, our Singaporean Directors, were married, David Neo (our Outreach Director) welcomed a grand child, and Kathy Raddatz joined our team as our Lead Intercessor. Wedding bells keep ringing, with Brayden and Kathy soon to wed as well!

We ran another Fire and Rain Camp, our biggest ever with over 200 attendees. We also ran our “School of Nations”, a month long training in Bali for future Evangelists. It was here that Samedi Ang joined the Ministry, as our Cambodian Director.

David Neo ran our first “School of Festival Organizers” soon after, training up a group of 12 potential Festival Organizers, several went on to be an integral part of our end of year Festival.

Towards the end of 2025 we held our annual Gospel Festival. It was truly astonishing to see what God did, in a region that is officially just .1% Christian. Here we saw over 2,000 people choose to follow Christ and the Governor broadcast our Festival across the city as thousands chose Christ and over 80 were healed including the deaf and mute!

We are amazed at the year that has just been and we want to say, THANK YOU for being with us along the way.

FINANCIAL REPORT

29	Individual Monthly Supporters
3	Monthly Church Partners
2	Trusts Partnering

Fire and Rain International Ministries started in 2022, and has grown our annual budget from an opening year of just under \$200,000 (\$199,000) due to a significant financial gift given by an individual. The following year, no significant one off gifts came in, but in the 2025 Financial Year, we received another significant one off gift and grew our donations to \$311,945. These one off gifts help provide a significant boost to our bottom line, which in turn enable us to do more ministry and reach more people for Jesus. Our 2026 budget is sitting at \$450,000, which includes some significant expansions of the ministry. We have set this figure in faith. Without one off gifts or a significant increase in monthly supporters, we will not make this budget. However, we are believing for several one off gifts in 2026, and in increase in our regular supporters, so that we can continue to grow the ministry for His glory.

VISION 2026

The Ministry Multiplied, The Ministers Mobilized, The Movement Matured, that the Nations may Follow Jesus.

In January of 2026, several of our core team gathered in Siem Reap, Cambodia to seek the Lord, to “white-board”, and to plan for 2026.

Several themes came to the surface. The first was the multiplication of the ministry. We want to train up more Ministers for the Gospel and provide space for current Ministers to step into even greater responsibility. The second was the mobilization of our Missionaries. We want to give them a Mobile Stage to Reach more for Jesus. Thirdly, we all agreed we needed to see a maturing in our structure and our finances.

Multiply.

In 2026 we will be launching, Fire and Rain International Ministries, Singapore with Reuben and Anne Conway as our Directors.

We are also appointing Anne Conway as our Fire and Rain Training Coordinator, Reuben Conway as our Festival Director.

David Neo is stepping onto the board of Fire and Rain Singapore, as well as mentoring Reuben in his new role.

Samedi Ang is stepping up as our Cambodia Director.

Amanda Liu is stepping up alongside Kathy in prayer and intercession.

We are continuing to support the growth of all of our current missionaries, Clem and Alice Lo, Jordan Warren, Jacob Wessman, Brayden Woods and Kathy Raddatz. We are also welcoming Micah Troyer as Andrew’s intern for 2026.

Furthermore, we looking at launching “School of Nations, Online”, running between 3 and 4 Fire and Rain Training Intensives (formerly Fire and Rain Camps), and expanding our trainings across Cambodia, and back into Indonesia.

Mobilize

In 2026 we are believing God for a Gospel Truck for Cambodia, so that we can further mobilize our team. This will be a mobile stage system. With this truck, we can reach many more people for the Gospel, more often, in more locations. Currently it takes 2-4 Days to build a stage and sound system for our Gospel Festivals, as well as significant resources used on renting these stages and sound systems. With a Gospel Truck it will take just 3-4 hours to set up, and we can own the asset and use it again and again.

This truck can then be used by our missionaries year round, giving them the ability to run their own “Mini-Festivals” throughout the year.

Mature.

As we Multiply the Ministry, and Mobilize our Ministers, we are very aware of our need to Mature the Ministry. We are believing God for an Operations Manager to come on board in 2026. Ideally this person would be a self-funded / supported Missionary who could help us in all areas of organisational structure, from HR to onboarding, day to day administrative tasks, policies and governance, as well as strategic thinking and goal setting. We are also believing for the finances needed to support a Media Director so that we can better tell the story of what God is doing around the world.

Furthermore, we will be launching our Ambassadors Program, and our Re-Launching Monthly Prayer Meetings.

We are also believing God for a significant growth in the area of financial support. We are often limited in how many people we can reach, due to financial constraints. We want to see this change in 2026 where we have an abundance of resources for the mission.

PRAY. SOW. GO.

You can be a part of Fire and Rain in 2026.

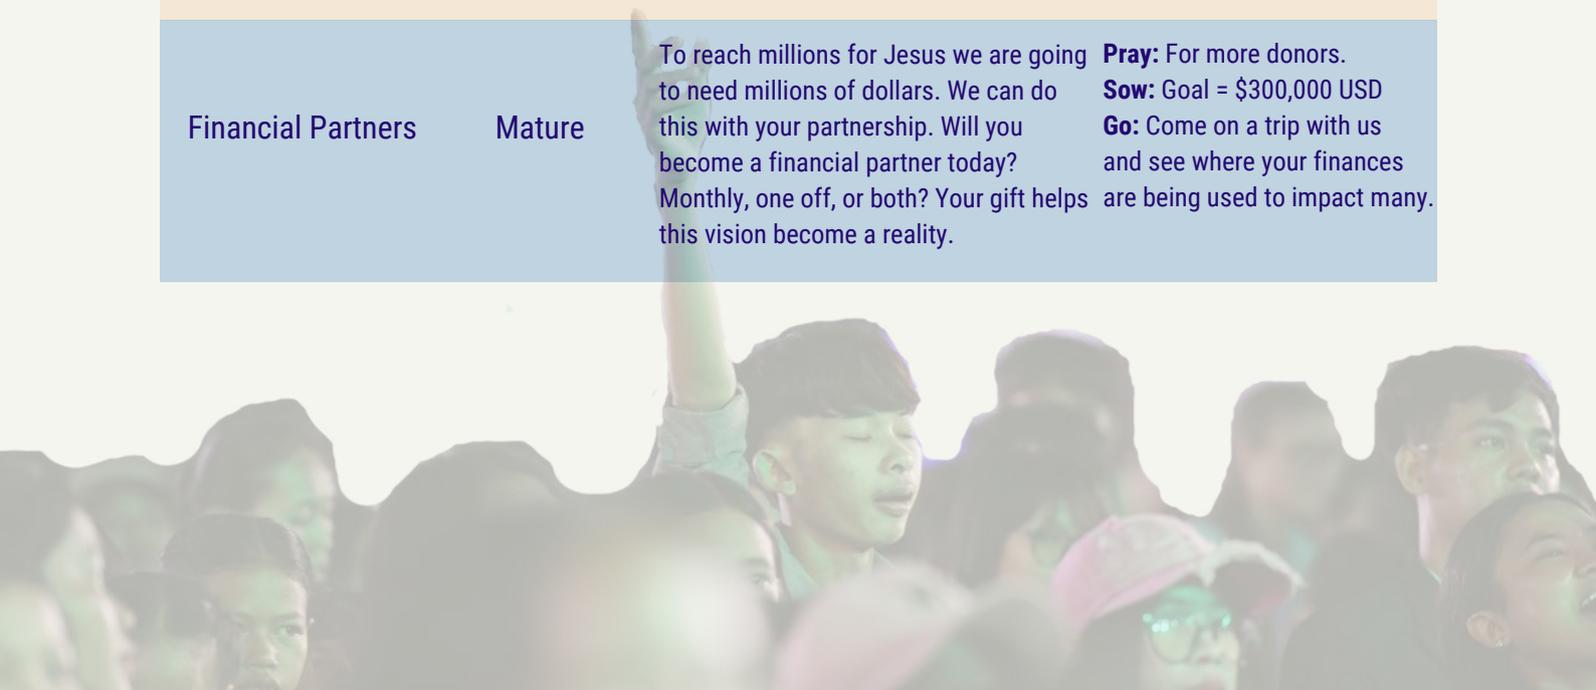

We have several projects coming up that reflect what we believe the Lord has for us in 2026. We want you to get involved. You can pray for us, sow in financially, or go on a missions trip with us.
