

EVEREST

Quiet above.
Decisive delow.

EVEREST

Fast, multi-role interceptor drone reaching speeds up to 400 km/h. Armed with a .223 automatic gun, it defends against high-speed threats like Shahed drones, and in kamikaze mode it can strike targets over 40 km away within minutes – delivering rapid, effective response in any combat scenario.

EQUIPMENT OPTIONS

UAV	Jet engine
GCS	Antenna unit
Mast	Box
