

Engage & empower your team with ShiftWizard

ShiftWizard by HealthStream empowers healthcare organizations to automate scheduling, increase staff efficiency, improve real-time visibility, and enhance communication to optimize their workforce, reduce costs, and improve care.

User-Friendly Design

ShiftWizard offers an intuitive user interface making adoption simple and easy for your entire team.

Integration

Seamlessly integrate with electronic medical records, HR solutions, and time and attendance systems, enabling data-driven scheduling decisions in real time.

Mobile App

An easy-to-use mobile app empowers staff to access schedules, check open shifts, track overtime, and more from anywhere.

Streamlined Operations for Next-Level Productivity

Effective staff scheduling goes beyond traditional calendars and spreadsheets; it's strategically aligning the right staff with the appropriate assignments to enhance productivity. ShiftWizard provides leaders with innovative tools and a user-friendly messaging center to efficiently establish fair and equitable workloads – simplifying communication, increasing savings, and reducing reliance on external agencies. With its carefully designed system, ShiftWizard minimizes the time spent on scheduling and enhances staff efficiency, allowing your team to prioritize delivering high-quality care.

Empower Your Entire Team

Fostering seamless communication is a fundamental approach to enhancing teamwork and overall workplace satisfaction. ShiftWizard is meticulously designed to empower your leaders and staff with the necessary tools for effective and streamlined communication, ensuring everyone stays on the same page. From schedule adjustments to safety updates, this innovative solution is tailored to keep your team informed. Additionally, the user-friendly mobile app enables continuous connectivity and offers a range of features for your staff, including:

- 24/7 schedule access
- Self-schedule & swap shifts
- Open shift filling
- Paid Time Off (PTO) requests
- Messaging capabilities with both leadership and staff

A positive change for your entire organization

Elevating visibility for your leaders and managers is crucial in supporting both staff and patients. ShiftWizard provides leadership with a range of tools, including advanced tracking and reporting and acuity-based scheduling, ensuring high-quality care and increased safety for your entire organization.
