Dear Parent/Guardian:

The New York City Department of Education is writing to inform you of New York State immunization on regulations that may affect your child. Students entering the 7th grade are required to be vaccinated for meningitis. The vaccine is medically known as MenACWY (quadrivalent meningococcal conjugate vaccine). Please send in an updated immunization on card or note from your doctor no later than September 8, 2025 . Remember that failure to have your child properly immunized may lead to exclusion from school. For the full set of immunization requirements please visit www.nyc.gov/health or www.is72.org (parent resources).

If you have any questions regarding any of these vaccines, please discuss them with your physician.

Sincerely,

Jessica Jackson

Principal
