POOL RULES 2026

Springhurst Pool and Clubhouse is a private facility for the exclusive use of its members. Members and guests must adhere to all posted rules and regulations. These pool rules are in place to ensure the safety and enjoyment of all pool members and guests. They are not intended to be all-inclusive.

The lifeguard team, gate attendants and pool supervisor (pool staff) have the responsibility to enforce these rules and are in charge of the operation of the facility at all times. Their judgment is both necessary and expected. Disciplinary actions are at the sole discretion of the pool staff, including asking members to leave the facility. Should the pool staff judge any activity at the pool to be unacceptable for any reason, their decision is final. Repeated issues, upon review by the SCA Pool and Clubhouse Committee, may result in suspension of member privileges at the SCA Board's discretion.

Pool and Clubhouse members who are age six or older are required to have their photos taken for pool entry validation before entering the pool for the swim season. Each member aged 16 or older is required to show photo ID with a Springhurst address when the photo is taken. Members must display and scan their pool membership cards at the pool gate to gain admittance each time the pool area is entered. The gate attendant may ask to see a photo ID at any time.

Children under 11 years of age must be accompanied by a responsible person of at least 15 years of age. A photo ID with proof of age must be shown if requested. If supervision is judged by the pool staff to be inadequate to ensure the safety of the children, they will be asked to leave the facility.

Admission to the facility is refused to all persons having any contagious disease, infectious conditions such as colds, fever, ringworm, foot infections, skin lesions, carbuncles, boils, inflamed eyes, ear discharges, or any other condition which has the appearance of being infectious. Persons with excessive sunburn, abrasions which have not healed, corn plasters, bunion pads, adhesive tape, rubber bandages or other bandages of any kind are not permitted. A person under the influence of alcohol or exhibiting erratic behavior shall not be permitted in the facility area.
