THEFT DETERRENT PROTECTION PLANS FROM EDS PROVIDE REAL FINANCIAL HELP WHEN YOU NEED IT MOST!

Most stolen vehicles are never recovered—or are found badly damaged. Between your insurance deductible, rental car costs and more, theft can leave you paying thousands out of pocket. That's where Theft Protection from EDS comes in.

Over a million vehicles are stolen every year. Most are never recovered – or are returned damaged beyond repair.

Our advanced deterrent system includes tamper-resistant ID labels with traceable security codes applied to key areas of your vehicle. These codes are invisible to the naked eye but can be seen under UV light and are registered along with your vehicle and owner information in our secure database.

If law enforcement calls the toll-free number printed on the warning decals, we can help confirm the identity of the vehicle and owner – making your vehicle a far less attractive target for professional thieves.

And if your vehicle is still stolen, our plans provide financial benefits to help reduce the cost of replacement, so you're not left to deal with the loss alone.

Protect your investment, reduce your risk, and drive confidently with Theft Deterrent Protection from EDS.
