Our affordable coverage provides a benefit of up to \$5,000 towards the purchase of a replacement vehicle, if yours is stolen and not recovered within 30 days.*

Vehicle theft is a serious issue in the United States, with over a million vehicles stolen annually. Most are never recovered or are found with costly damages, leading to significant out-of-pocket expenses for owners.

Theft Deterrent Protection provides real financial help when you need it most!

Plan for the unexpected with Theft Protection from EDS! With our system, traceable security codes and tamper-resistant labels are permanently applied to your vehicle and recorded in our system, along with vehicle/owner details. Even if labels are removed, the invisible UV-visible codes remain. When law enforcement contacts us through our deterrent stickers, we assist in identifying the vehicle and owner, effectively deterring professional thieves.

In the event our system fails to deter the theft of your vehicle, we'll provide you with easy-to-use financial benefits to help offset the costs of replacing your stolen vehicle!
