
⚽ Official Recruitment | Aren Football Academy

A Division of MEGA HOLDING | GOD AI FATHER
Where Sports, Data, and Human Potential Converge

Aren Football Academy is not just a training center.
It is an **intelligence-driven performance lab** where physical coaching meets mental analytics, and young talents are transformed into global players through AI-enhanced training, scouting, and mentorship.

Our academy sets a new standard in football development—based on psychology, data science, and elite discipline.

Key Positions Include:

1. Head of Football Program

- Lead the overall curriculum, performance cycles, and competitive strategy
 - Experience: International coaching license + academy leadership
-

2. Technical Director

- Oversee skill development, drills, and tactical evolution
 - Experience: Advanced UEFA certification + technical design
-

3. AI Performance Analyst

- Analyze movement, stamina, positioning via AI video and GPS data
 - Tools: GPS trackers, AI motion software, video analytics platforms
 - Experience: Sports science + AI integration
-

4. Sports Psychologist

- Enhance focus, resilience, and emotional management

- Tools: Cognitive testing, mental fitness routines
 - Experience: Youth athlete development + competitive psychology
-

5. Nutrition & Recovery Specialist

- Design food and recovery plans for optimal energy and muscle function
 - Tools: Bio-monitoring tools, custom recovery dashboards
 - Experience: Athletic performance nutrition
-

6. Youth Talent Scout

- Identify high-potential players globally based on metrics and intuition
 - Tools: AI scouting systems, game video reviews
 - Experience: Talent identification at youth level
-

7. Strength & Conditioning Coach

- Build core strength, flexibility, and explosive power programs
 - Tools: Periodized weight training, injury prevention protocols
 - Experience: Elite youth and professional fitness
-

8. Video Analyst & Tactical Reviewer

- Break down match footage for learning and strategy sessions
 - Tools: Hudl, Dartfish, Sportscode
 - Experience: Tactical game modeling
-

9. Head Goalkeeping Coach

- Train goalkeepers in positioning, reflex, and confidence
 - Tools: VR goalkeeper training kits, AI reflex simulators
 - Experience: Elite goalkeeping development
-

10. Match Operations & Logistics Manager

- Manage matches, gear, transport, and compliance logistics
- Tools: Matchday planning platforms, inventory systems

- Experience: Club operations and event coordination
-

11. AI Injury Risk Forecaster

- Analyze biomechanical patterns and fatigue signals to prevent injury
 - Tools: Wearable sensors, predictive modeling systems
 - Experience: Sports data science or medical AI
-

12. Tactical Simulation Developer

- Build real-time match scenarios for virtual training
 - Tools: Unity, football logic simulators, VR tools
 - Experience: Simulation-based sports coaching
-

13. Academic Tutor (Sports-Focused)

- Ensure educational balance for student-athletes
 - Subjects: Language, math, science, with sports context
 - Experience: Youth tutoring with focus on discipline
-

14. Sports Law & Contract Advisor

- Review player contracts and protect academy's legal interests
 - Expertise: Youth transfers, agency law, FIFA compliance
 - Experience: Football or sports law
-

15. Physiotherapist

- Provide treatment, rehab, and injury prevention routines
 - Tools: Kinesio-taping, cold therapy, mobility drills
 - Experience: Youth & high-performance athlete therapy
-

16. Media & PR Manager

- Handle academy communications, match highlights, and reputation
- Tools: Media kits, sports branding, press protocols
- Experience: Sports PR and digital media

17. Academy House Life Coordinator

- Manage player housing, routines, and welfare in residence
 - Tools: Youth management systems, discipline protocols
 - Experience: Boarding school or sports camp leadership
-

18. Fan Engagement Strategist

- Build fan communities, local matches, and parent events
 - Tools: CRM, social platforms, gamified fan apps
 - Experience: Youth club marketing or sports outreach
-

19. Women's Program Coordinator

- Build and lead the women's academy pathway
 - Tools: Dedicated scouting, coaching, and training schedules
 - Experience: Women's football development
-

20. AI-Based Career Path Advisor

- Guide players on realistic futures—club trials, education, or careers
 - Tools: Career forecast AI, football transfer trend analytics
 - Experience: Player development or sports consultancy
-

💰 Base Salary: €6,500 / month

Final compensation reflects contribution to player transformation, discipline, and performance intelligence.
