

Membership fees

This English document is for information only. The legally binding document is the corresponding one in German language.

The amounts are determined by the general assembly. These contribution regulations were adopted by the founding meeting on 06.06.2024 and are valid until further notice.

After a business plan (annual plan) has been drawn up by the founding board, a general meeting will decide on the future membership fees required to fulfill the purposes of the association on the basis of the business plan and the membership situation.

Annual contributions

Annual membership fees are charged to members in order to fulfill the purposes of the association. The fees are not subject to value added tax.

Membership fees are payable within one month of invoicing by the managing office. A change between the tariffs is possible with a notice period of three months to the end of each calendar year.
