Introduction

REVOLUTIONISE PRINTING & SCANNING IN YOUR LIBRARY WITH KUARIO

As members of a dedicated library team, you understand the challenges of balancing accessibility and efficiency in your community hub. Providing seamless, self-service printing, copying, and scanning is no longer a luxury but a necessity in today's digital age.

With KUARIO, you can leave outdated, cumbersome printing solutions behind. Our cloud-based MFP Kiosk turns any printer into a complete self-service experience, making it easy for visitors to print and pay and simple for staff to manage.

In this brochure, you can explore how upgrading your library printing services with KUARIO's innovative MFP Kiosk can benefit your customers and staff and transform your library into a state-of-the-art facility.

Overcoming Printing Challenges in Libraries

BOOSTING YOUR LIBRARIES EFFICIENCY

Many libraries can greatly benefit from addressing common issues with their printing, copying, and scanning services.

Printing Challenges in Libraries:

Setup Complexity
Complicated systems and time-intensive account registration are required.

Limited Accessibility
Visitors struggle to print from their devices.

High Operational Costs
Maintaining old systems and multiple print servers is costly.

Inefficient Payment Methods
Outdated methods can be slow and off-putting.

Staff Overload
Staff assistance is frequently needed.

How KUARIO helps:

Simplified Processes
Our user-friendly interface simplifies printing, copying, and scanning with no account needed.

Mobile Print
Library visitors can print from library computers and their personal devices.
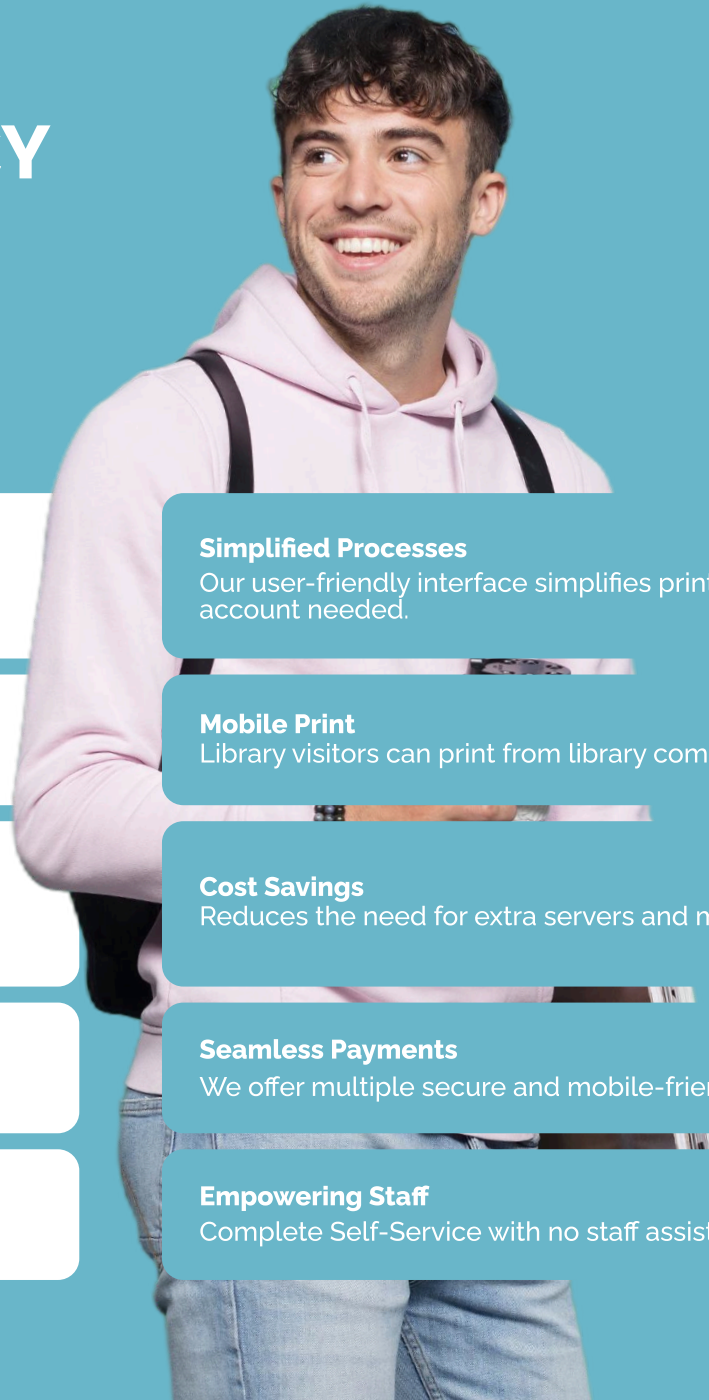

Cost Savings
Reduces the need for extra servers and maintenance.

Seamless Payments
We offer multiple secure and mobile-friendly payment methods.

Empowering Staff
Complete Self-Service with no staff assistance needed.

Redefine Self-Service in Modern Libraries

THE KUARIO MFP KIOSK

One Solution to solve your problems: the cloud-based KUARIO MPF Kiosk. It transforms multifunctional printers into complete self-service webstores with secure payment solutions.

KEY FEATURES
