and in person
programs)

What Participants are saying about Simcoe County CAPC/CPNP:

”

The program is well organized, it's nice to have additional resources for new and experienced mothers & the educators that run the program make the experience fun & exciting! Thank you so much!!! :)

“It has always been an amazing program and has only got better with time.”

”

This program and the wonderful people at CAPC have helped me learn so much and it's invaluable as a first time mom and there's always new topics to learn! Cannot imagine having gone thru these last few without CAPC to be a huge guide for me in having my happy toddler today.

“ It's a nice platform to parenthood community.”

CAPC made me feel comfortable and confident in becoming the best, educated mother I can be, thank you for being so inclusive. I felt so alone before.

“We have been attending program (on and off) for almost 9 years! It's a wonderful resource.”

”

All the staff have always been so supportive, informative and welcoming. We are so grateful to have been involved since my son was very young (he is now 5).

“Grateful for this program and all the support it provides.”

”

The staff is very friendly and informative of all the resources we have access to. I appreciate having these kind of programs, they are very useful and helpful.
