Persons Served Survey Highlights

Each year, we invite individuals and families we serve to share their thoughts through our Persons Served Feedback Survey. This invaluable input helps us evaluate the impact of our programs and identify opportunities to grow and adapt to the dynamic needs of our community. The following is a highlight of our 2024-2025 survey results.

6,371

In 2024-2025, Catulpa Community Support Services proudly served 6,371 unique individuals and families. It is noteworthy that of those served, 3,390 accessed more than one service through our agency.

Catulpa Community Support Services is committed to inclusivity and accessibility for all members of its community. In response to the needs of our diverse population, we proudly extend comprehensive services in French whenever requested, ensuring that persons served receive support in their preferred language.
