Annual Report 2024-2025

# Driving Purpose in Action. **Delivering Sustainable Impact.**

At CleanMax, purpose is what keeps us moving, going beyond to translate vision into measurable impact. It is in the choices we make and the impact we leave behind. By putting responsibility at the core, we create change that matters for business, for people, for the planet.

Our future is shaped by the choices we make today. The world is moving towards cleaner and more responsible ways of living, and we are proud to lead that momentum. For CleanMax, sustainability is a powerful opportunity to create value that lasts, to empower businesses to grow responsibly, and to reimagine progress in harmony with the planet.

For a world that deserves better, the time to act is now. The opportunity is ours to embrace, together. With CleanMax, every step forward is a step closer to net-zero.

## Corporate Overview

# Powering a Net Zero Future

## About CleanMax

CleanMax is India's largest pure-play Commercial & Industrial (C&I) renewable energy provider, enabling enterprises to achieve their net-zero goals. Recognized by CRISIL as a leader in the C&I renewable segment, CleanMax has over 2.54 GW of operating capacity, ~2.53 GW contracted, and 5.07 GW under development (as of July 31, 2025).

Since our inception in 2010, we have brought over 15 years of expertise in delivering decarbonization solutions across industries. Our offerings span renewable power (solar, wind, hybrid), energy services, and carbon credit solutions for diverse sectors such as data centres, AI, cement, steel, FMCG, pharma, and real estate etc. With 500+ corporate partners, we deliver from onsite solar to large-scale wind, solar, hybrid farms and decarbonization solutions through PPAs, EPC, and O&M services, bridging ambition with reality.

### Collaborative

Co-create with clients, partners and teams to unlock smarter and valuable outcomes

### Transformative

Delivering new age energy solutions of tomorrow for sustainable, long-term impact to the C&I sector

## Performance Drivers

### Client-First Culture

We do not just drive energy transition; we shape it with our clients. We care deeply about what matters most to them in every step of their net-zero journey.

### Execution Excellence

From identification to development and seamless commissioning, we bring speed, efficiency and technical depth to every project. With in-house expertise and advanced monitoring, we help ensure every project is built and run to perform at its potential.

### Capital-Efficient Growth

Committed to following a disciplined approach to deliver strong returns, ensuring capital efficiency, scalability, and sustained value to stakeholders.

## Milestones

# Charting Our Milestones

From creating the OPEX model to scaling across India, UAE, Thailand, and Bahrain, we have led with custom energy solutions that power net-zero transitions, driving growth, resilience, and lasting impact.

2010

*The Beginning of a Vision*

CleanMax was established with a bold mission: to redefine how businesses access energy by making clean power reliable, cost-effective, and scalable

2013

*First Light*

Commissioned our first onsite solar power plant (100 kWp) for a corporate client, marking the beginning of our journey in the commercial and industrial sector

2015

*Expanding the Horizon*

Launched grid-connected rooftop solar solutions for businesses enabling wider access to clean energy

2017

*A Breakthrough Year of Firsts*

Commissioned group captive and third-party solar projects across TN & KN, respectively. Expanded to Dubai  
Secured investment from Warburg Pincus and a U.S. finance institution

2018

*New Flight. New Frontiers.*

Signed Dubai's first-ever solar lease agreement

Surpassed 500 MW of operating capacity

Commissioned our first solar project at Kempegowda International Airport, Bengaluru

2019

*Accelerating Global Growth*

UK Government's climate investment fund joins as equity partner

Commissioned the first international project in Thailand

Launched a wind farm in Karnataka

2020

*Powering Through a New Decade*

Crossed 650 MW of installed capacity

ISO 45001 certification for occupational health and safety

2022

*Expanding Horizons, Deepening Commitments*

Launched carbon offset business

Commissioned 350+ MW hybrid capacity in Gujarat

Secured 600 MW CTU connectivity for wind in Karnataka

2024

*Setting New Global Standards*

Achieved 2 GW capacity, Ranked #1 in Asia, #2 globally by GRESB

Strategic partnership with the Kanoo Group started to expand Bahrain operations

Signed Saudi solar PPA

Expanded to Haryana and Chhattisgarh

Partnered with Apple, Google, and Equinix

2025

*A Year of Strategic Synergy*

Crossed 2.5 GW in capacity

Partnered with Osaka Gas, Toyota Tsusho India

Signed energy agreements with global tech majors

2023

*A Gigawatt and Beyond*

Crossed 1 GW of capacity

Achieved Scope 1 & 2 carbon neutrality

Raised USD 360 Million from Brookfield Renewables

Achieved water neutrality for over 40% of our solar portfolio

2021

*Strength in Synergy*

Raised new equity from a Washington-based fund

Commissioned one of the first large scale 100+ MW wind-solar hybrid farms in India.

## Partners for Impact

### Equinix

Equinix signed its first India PPA with CleanMax to develop a 33 MW captive plant in Maharashtra (26.4 MWp solar, 6.6 MW wind). Operational in 2025, it will power Equinix's Mumbai data centers, support India's renewable targets, and integrate clean energy to meet rising AI-driven digital infrastructure demand, reinforcing Equinix's long-term sustainability commitment.

### Amazon

CleanMax has signed a PPA with Amazon to develop a 100 MW wind project in India. Operational by Q2 FY26, it will generate 355 million kWh annually, offset 2,52,000 tons of CO<sub>2</sub>, equivalent to 14.8 million trees, and support Amazon's 2040 net-zero commitment.

### Google

CleanMax is developing a 125.4 MW hybrid renewable project for Google, with 66 MW solar in Rajasthan and 59.4 MW wind in Karnataka. This project will generate about 350 million kWh of carbon-free energy annually, reducing CO<sub>2</sub> emissions by 250,000 tons, supporting Google's 24x7 carbon-free energy goal by 2030 and enabling sustainable growth across India.

### IFC

“Building on the momentum for commercial and industrial solar in Thailand, IFC's financing will help CleanMax, a leading Indian private player, expand its operations in line with market demand. Aligned with government efforts, this project will enhance competitiveness in the distributed generation segment and expand renewable energy solutions for the country.”

#### Riccardo Puliti

Regional Vice President for Asia and the Pacific at IFC

### Equinix

“We are thrilled to partner with CleanMax to establish this Captive Power Plant in Maharashtra, India. This PPA not only strengthens our commitment to sustainability but also enables us to provide our customers in India with 100% renewable energy coverage for their deployments at Equinix.”

#### Manoj Paul

Managing Director, India

### Osaka Gas

“We are proud to join hands with CleanMax, one of India's leading players in the C&I sector. This partnership will enable Osaka Gas Group to contribute to India's renewable energy transition while supporting the country's high-potential C&I market. By aligning with CleanMax, we continue to demonstrate our commitment to reduction of CO<sub>2</sub> and future carbon neutrality, and hope to unlock further synergies as we move forward.”

#### Keiji Takemori

Executive Vice President

### IFC

IFC is investing THB 1,476 Million (USD 45 Million) in CleanMax Thailand, a Brookfield-backed subsidiary, to expand access to affordable clean power for businesses. The funding will develop 35 MWp of new solar capacity, refinance 41 MWp of operating projects, and boost Thailand's C&I renewable footprint, marking IFC's first debt investment in a C&I-focused renewable developer in the country.

### Toyota Tsusho Corporation ('Toyota Tsusho')

CleanMax partners with Toyota Tsusho India to develop and operate 300 MW of renewable energy projects by 2028. Starting with Toyota Group companies, this joint platform will provide tailored green energy solutions and support other Japanese firms through long-term CPPAs, reinforcing CleanMax's global collaboration strategy for capital-efficient corporate decarbonization.

### Osaka Gas Group

CleanMax has partnered with Osaka Gas and the Japan Bank for International Cooperation to form 'Clean Max Osaka Gas Renewable Energy Private Limited' (CORE). CORE will develop and operate renewable energy plants totaling around 400 MW, starting with 300 MW in Karnataka, enabling Osaka Gas to enter India's growing C&I renewable energy market.

## Management Message

# Message from the Managing Director

As the demand for clean energy accelerates, we are positioning ourselves to capture emerging opportunities, scale our capacity, and pioneer new models that deliver lasting value. Our goal is to shape the future of sustainable energy in India and beyond, setting new benchmarks for performance, reliability, and environmental stewardship.

## Dear Shareholders,

It is with great pride that I present to you, CleanMax's Annual Report for FY 2025. Over the past financial year, we have made significant strides in advancing our vision to be the leading net-zero partner of choice to corporates.

As the demand for clean energy accelerates, we are positioning ourselves to capture emerging opportunities, scale our capacity, and pioneer new models that deliver lasting value. Our goal is to shape the future of sustainable energy in India and beyond, setting new benchmarks for performance, reliability, and environmental stewardship.

## Synergy that Delivers Results

At CleanMax, growth is built on trust and discipline. Strong partnerships with leading players in data centers, AI, and technology, along with a diverse base in manufacturing, real estate, and infrastructure, continue to power our journey. As of March 2025, 96% of our contracted customers held 'A' or higher credit ratings, reinforcing a resilient, low-risk portfolio. From FY 2023 to 2025, power sales revenue and Cash EBITDA grew over 50% annually, well ahead of peers. With prudent capital management, industry-leading returns, and a 12% share of new C&I renewable capacity in FY 2024, we have firmly established our leadership.

## ESG Leadership and Social Impact

Our ESG commitment is at the heart of our vision as a trusted sustainability partner, helping customers meet their net zero goals. Ranked #1 in Asia Pacific and #2 globally by GRESB, we integrate ESG across our value

chain. In FY 2025, our projects generated 2.61 TWh of renewable energy, reducing Scope 4 emissions. Beyond clean energy, our CSR Taskforce drives impact through afforestation, road safety, medical camps, farmer welfare, and rural education initiatives. By aligning environmental stewardship with social responsibility, we create lasting value for communities, strengthen stakeholder trust, and reinforce our leadership in sustainability.

## Fueling Future Ambitions

Our portfolio is anchored in two segments: global technology leaders and diverse conventional C&I clients. With technology partners, we've built relationships that deepen over time — EA agreements came in very late, we've been providing bespoke contracting before that. Lets keep these 2 facts separate.

Also operational states will also include Haryana and Gujarat 77% of contracted capacity from repeat clients. With 2,532 MW contracted, 1,935 MW in advanced stages, and 3,131 MW under development, supported by strong execution and planning, we have clear visibility for sustained growth in the C&I clean energy transition.

On behalf of the Board, I sincerely thank our stakeholders for their trust and partnership, and look ahead with optimism as we continue to scale our impact together.

Warm regards,

**Kuldeep Jain**

## Our Business Solutions

We craft integrated solutions tailored to specific business needs. Solar, wind, hybrid, and carbon solutions can be combined in flexible ways to maximize scale, deliver savings, and accelerate progress toward sustainability goals Our approach enables businesses to accelerate their transition, strengthen competitiveness, and create measurable impact for a low-carbon future.

### On-Site Solutions

#### Clean Energy On-Premises

Ease of Deployment

On-Point Consumption

Faster Adoption

Solar power plants, rooftop or ground-mounted, are installed within customer premises on rooftops, ground areas, parking structures, walkways, or water bodies. Ideal for C&I consumers with space availability, they offer a 10–15% renewable energy offset without external land or transmission needs. Adoption is enabled by streamlined regulations, proven models, and flexible metering options across states.

Flexible Contracting Models

Proven Expertise

We develop, operate, and manage large scale solar & wind power projects that deliver reliable, clean power consistently. Built for operational continuity, our solutions help you reduce grid dependency, provide cost savings, and stay on track with your net-zero goals. As we have one of the widest geographical coverages across 10 states in India.

## Stand-Alone Solar Farms

These large-scale projects help enterprises meet RE100 goals with tariffs lower than grid rates, offering predictable, daylight-aligned output. CleanMax delivers end-to-end services, from construction to operations, ensuring reliability, cost-effectiveness, and minimal client effort. Our expertise in large-scale solar development enables high output, operational stability, and long-term savings.

## Stand-Alone Wind Farms

Harnessing favorable wind patterns, our private wind farms provide consistent, cost-effective renewable energy, below grid rates, helping businesses meet sustainability goals. CleanMax manages the full project lifecycle, from development to operations, ensuring reliability, high performance, and minimal client effort.

## Wind-Solar Hybrid Farm

Combining solar and wind generation, these farms deliver reliable, year-round renewable power, balancing daytime solar with wind at other times to meet base load needs. Offering tariffs 20–40% lower than grid rates, CleanMax designs, operates, and maintains these projects to provide sustainable, cost-effective energy for businesses.

**STU-connected** farms supply power through state transmission networks to customers within the same state, with key sites in data center hubs Maharashtra, Karnataka and Tamil Nadu, and firm evacuation in Telangana for Hyderabad. As of March 31, 2025, we have operational and under-development STU-connected capacity across ten states.

**CTU-connected** projects, located in high wind and solar irradiation states like Rajasthan and Karnataka, deliver power within and beyond state borders. 1,421 MW was contracted and is under construction as of March 31, 2025.

### Pioneering Pathways to Net-Zero

**Green Credits Sourcing**

**Full Stack Carbon Solutions**

**Reduces Scope 2 & 3 Emissions**

## Carbon Services

Carbon Services provide end-to-end net-zero solutions across Scopes 1, 2, and 3. Offerings include environmental attributes such as I-RECs, carbon removal and avoidance credits, and advisory support to help corporates generate credits from their own projects.

As of March 31, 2025, we have 1.42 GW of CTU-connected farms under construction for leading technology companies, enabling I-REC purchases for India and global needs. Our dedicated team manages origination, registration, trading, and advisory, alongside pilot projects such as:

### Cookstoves Initiative (Maharashtra)

Fuel-efficient cookstoves replacing firewood, reducing emissions, and improving rural health and livelihoods.

### Agroforestry (Maharashtra & Odisha)

Regenerative projects capturing carbon, boosting biodiversity, and supporting rural incomes.

### Biochar (Maharashtra)

Processing agricultural waste into biochar to improve soil, enhance productivity, and sequester carbon long-term while supporting farmers and reducing air pollution.

## Our Carbon Business

The Carbon Business was established to address the growing demand from corporate consumers for voluntary carbon credits and environmental attribute certificates. Services include renewable energy certificates, advisory for carbon project registration and monetization, long-term contracts for energy attribute supplies, and carbon credits. Plans are also underway to invest in nature-based carbon removal projects (such as afforestation) and community-based energy efficiency initiatives, including the distribution of improved cookstoves in rural households.

### Performance of the Carbon Business & Key Milestones

In FY 2024-25, the Carbon Business achieved important milestones, generating revenue of INR 241.62 million with an operating margin of INR 137.61 million. Key highlights include:

#### REC Sales

2.35 million renewable energy certificates (RECs) were sold, of which 84% were procured from third-party projects.

#### Long-term EAPA

Long-term Environmental Attribute Purchase Agreements (EAPAs) were executed with trillion-dollar US-based technology companies. These will lead to the addition of ~350 MW wind and 613.8 MWp solar capacity connected to the ISTS grid. Electricity from these projects will be traded on the energy exchange, while environmental attributes will be supplied to the EAPA offtakers.

#### Community-based carbon project

The first non-renewable carbon avoidance project was launched during the year. Approximately 20,000 improved cookstoves are being distributed to households in Gadchiroli, Maharashtra, replacing inefficient and high smoke-emitting chulhas. Registered under the Gold Standard, the project has the potential to generate 30,000–40,000 tCO<sub>2</sub> credits annually. As of March 31, 2025, 9,904 cookstoves had been distributed, with full completion targeted by July 31, 2025.

#### Initiatives for Next Fiscal

Focus in the coming year will be on maintaining or increasing REC trading volumes. Growing client demand for long-term EAPAs is expected to drive further expansion in this segment. Additionally, investments in carbon projects, particularly nature-based carbon removals, are being actively pursued, with discussions underway with implementation agencies to finalize project contracts.

## Flexible Business Models

At CleanMax, we empower businesses and investors with tailored tools and financial models to thrive in the evolving energy landscape. We offer two primary pathways:

### Operating Expenditure (OPEX)

**Model:** A pay-as-you-go approach with no upfront investment, designed for flexibility and ease

### Capital Expenditure (CAPEX)

**Model:** Customers invest upfront in the generating asset and enjoy direct ownership benefits

**VPPA:** Corporates fund new RE projects, retain green attributes (RECs), and gain a flexible, cost-effective route to 100% RE and Scope 2 reduction goals

## OPEX Model

### Third Party Model: Low Risk, High Convenience

Enables businesses to achieve energy savings without upfront costs through a long-term Power Purchase Agreement (PPA)

CleanMax is responsible for installation, operations, and maintenance, ensuring 25 years of hassle-free, consistent clean energy supply

Offers minimal regulatory challenges, low operational risk exposure, and scalable long-term financial benefits

### Group Captive Model: Co-Investing for Collective Gain

Corporate buyers co-invest with CleanMax through a Special Purpose Vehicle (SPV), holding at least 26% equity and consuming a minimum of 51% of the power generated over a 25-year PPA

Delivers better returns on investment and lower costs compared to the third-party model

Combines shared investment with CleanMax's expertise in construction, operation, and maintenance for a tailored, cost-efficient solution

### The CleanMax Advantage

Our OPEX/Build-Own-Operate (BOO) solutions enable businesses to access 24x7 clean energy, solar, wind, or hybrid with storage, without capital investment or performance risk, paying only for consumption. With tariffs 20–40% below grid rates and full operations handled by CleanMax, costs can be further optimized through structured PPAs.

## CAPEX Model

Implies upfront investments by customers in a renewable energy plant. CleanMax's CAPEX or EPC (Engineering, Procurement, and Construction) model enables them to do so with ease and confidence.

### Full Ownership

The power consumer owns the asset, while CleanMax installs solar, wind, or hybrid plants on-site or off-site

### Professional Operations

Expert engineers manage plant performance under an O&M agreement, ensuring reliability and optimal output

### Tax Advantages

In select regions, including India and Thailand, customers can benefit from accelerated depreciation, enhancing the financial returns of their investment

### The CleanMax Advantage

Our CAPEX model lets businesses own their renewable assets while benefiting from CleanMax's expertise in design, engineering, and execution. Customers gain long-term savings, stronger sustainability credentials, and professionally managed plants for maximum efficiency and reliability.

## Employees

# Our People, Our Pulse

At CleanMax, we believe that empowering people is the cornerstone of our long-term success. Our growth as an organization is intrinsically linked to the growth of our people, and we invest in robust, future-focused initiatives that nurture talent at every level.

## Nurturing Potential Beyond Skills

Our people development approach extends beyond training to include bi-annual reviews, 360-degree feedback, and culture surveys. These tools strengthen transparency, communication, and accountability.

## A Culture of Belonging

We are building a workplace where every team member feels a genuine sense of belonging, guided by three pillars:

Alignment with our purpose and values

Fulfillment of financial and career aspirations

Support for work-life integration

## Workforce Development and Diversity

A 360-degree feedback mechanism is integral to fostering continuous professional growth and strengthening our internal leadership pipeline, ensuring that talent development aligns with CleanMax's strategic goals.

Our comprehensive training programs are designed to build core competencies and uphold ethical standards across the organization. Key initiatives include:

- Six Sigma training to enhance operational efficiency and elevate customer satisfaction
- Programs focused on personal effectiveness and client communication skills to empower our workforce
- Mandatory training on anti-bribery, corruption, and whistleblower policies for governance members and all employees to reinforce our commitment to integrity and compliance

Our Diversity and Inclusion efforts focus on building an equitable workplace by increasing women's representation across all levels. The Women Accelerator Program supports this through workshops, mentorship, and networking, empowering female professionals and entrepreneurs. These initiatives drive productivity, clarify career paths, improve satisfaction, and enhance employee retention.

## Celebrating the CleanMax Community

Our annual flagship celebration, *Aashirwad Day*, hosted across eight cities and welcoming employees' families, underscores our belief that belonging extends beyond the workplace, fostering deeper connections within our CleanMax community.

## Comprehensive Employee Benefits

We are committed to ensuring the wellbeing, security, and satisfaction of our workforce through an extensive benefits portfolio:

### Medical Benefits

Health insurance, life insurance, access to discounted medicines, and wellness support

### Parental Leave

26 weeks of maternity leave, 7 days of paternity leave, and nursing breaks to support working parents

### Flexible Work Options

Work-from-home opportunities, enabling a healthy work-life balance with managerial approval

### Employee Stock Option Scheme (ESOS)

Encouraging ownership and long-term engagement by offering employees a stake in the Company's success

## Training and Development Initiatives

### Abhinandan – Induction Program

A comprehensive onboarding initiative that welcomes new joiners with a structured introduction to the organization's culture, values, and processes. It ensures a consistent and engaging employee entry experience.

### GET Orientation

A specialized orientation for Graduate Engineer Trainees focused on integrating young talent into the organization through site visits, departmental overviews, and leadership interactions.

### Leadership Excellence and Development Program (LEAD)

A high-impact leadership development initiative designed for managers with reportees. It focuses on enhancing strategic thinking, people management, and decision-making to prepare high-potential talent for future leadership roles.

### Advanced Excel Training

This program enhances analytical proficiency and reporting efficiency by upskilling employees in advanced Excel functionalities including data modeling and automation.

### Business Communication & Presentation Skills

A development program that strengthens interpersonal and professional communication, improving clarity, collaboration, and impact in workplace exchanges.

## Initiatives

### YourDOST Collaboration

This initiative introduces employees to the YourDOST mental wellness platform, which offers confidential access to certified counselors and psychologists. It emphasizes the organization's dedication to supporting mental health, reducing stigma around seeking help, and promoting emotional resilience among staff.

### Nova Benefits Monthly Wellbeing Webinars

A continuous year-long series of expert-led sessions addressing holistic wellness topics such as financial literacy, mindfulness, physical health, mental resilience, and emotional intelligence. These webinars empower employees to improve their overall well-being, which enhances productivity and workplace satisfaction.

## Employee Engagement and Organizational Culture

### Ashirwad Day

A flagship cultural celebration that honors employee milestones and long-term commitment. It promotes a culture of appreciation, recognition, and belonging.

### Asset Management & BD Conclave

A strategic knowledge-sharing platform that unites industry leaders, technical experts, and business development teams to exchange insights, explore innovations, and review market opportunities. The conclave fosters collaboration across regions, reinforces thought leadership, and drives a culture of continuous learning and strategic alignment.

### Culture Monkey Survey

Culture Monkey survey is an employee engagement and feedback tool used by organizations to measure and improve workplace culture. It allows companies to gather insights into employee sentiment, satisfaction, and overall engagement through structured surveys. These surveys typically cover various aspects of the workplace, including leadership, communication, and growth and development opportunities.

### Long Service Award

To recognize and reward employees for their dedication, achievement, and sustained contribution to the organization over 5 years and 10 years.

Environmental, Social, and Governance

# Imprints of Impact

We are dedicated to integrating ESG principles across our operations, fostering inclusive communities, and upholding the highest standards of ethical governance. Through measurable goals, transparent reporting, and continuous innovation, we strive to lead the clean energy sector towards a more sustainable and equitable future.

## Key ESG Commitments

### Environmental Stewardship

Achieving Net Zero by 2040, water neutrality, zero waste to landfill, and no net loss in biodiversity

### Social Responsibility

Ensuring zero harm with top safety standards, upskilling employees, and fostering community development and workplace diversity

### Governance Excellence

Upholding zero incidents of ethics violations, maintaining regulatory compliance, and ensuring responsible supply chain management

## Fostering Environmental Excellence

We have adopted a strategic approach to environmental stewardship, focusing on climate change mitigation, energy efficiency, water conservation, waste management, and biodiversity protection. Our goal is to minimize ecological impact across operations and the supply chain while supporting the global energy transition through clean energy infrastructure.

## Carbon Neutrality and Emissions Management

Since 2023, CleanMax has achieved carbon neutrality for both Scope 1 and Scope 2 emissions. Beyond site operations, we place strong emphasis on reducing emissions within our corporate offices as well.

## FY 2025 Performance

## Community Impact: Improved Cookstove Project

In Gadchiroli, Maharashtra, we aim to distribute

**1,00,000 efficient cookstoves**, targeting

**1.75 million tCO<sub>2</sub>e** emission reductions and

**~950 GWh** annual energy savings over ten years, while improving health and livelihoods. A pilot phase is assessing adoption, durability, and impact to guide scale-up.

## Zero Waste Commitment

We maintain a strict zero waste-to-landfill policy. Between FY 2024 and 2025, 100% of our operational waste was diverted through reuse, recycling, and responsible disposal. Our waste management includes source segregation, partnerships with recyclers, and certified handling of e-waste.

## Biodiversity Conservation

At our 300 MW Wind-Solar Hybrid Project in Jagalur, Karnataka, we have developed a dedicated biodiversity park featuring over 1,800 plant species, a butterfly garden, and ecological enhancements. We follow a 'no net loss' policy and conduct biodiversity impact assessments with mitigation plans as integral parts of our environmental and social due diligence.

## Water Stewardship

Water conservation is a key pillar of our environmental agenda. We are committed to achieving 100% water neutrality across all sites by 2030. Our approach includes:

Digital metering to meticulously track water consumption

Rainwater harvesting through ponds and recharge pits

Piloting robotic dry-cleaning systems and optimized water infrastructure

Groundwater recharge initiatives

Notably, in Karnataka, we have created 28 recharge pits and 20 artificial ponds with a total recharge capacity of 24.47 million liters — exceeding the annual site consumption of 22.05 million liters. In Gujarat, similar infrastructure supports a recharge capacity of 10.43 million liters against 3.08 million liters of consumption. Water-saving technologies such as dry-cleaning robots and pressure-controlled hoses further minimize water use in panel cleaning.

## Building Social Harmony

Our social sustainability approach is centered on fostering equitable, inclusive, and safe workplaces, promoting human rights, strengthening local communities, and maintaining high standards of customer engagement.

## Safeguarding Our People

We have adopted the Universal Declaration of Human Rights and International Labor Organization (ILO) principles as foundational frameworks for our operations. During FY 2023 and 2024, we conducted a comprehensive human rights risk assessment across all business segments. Capacity-building workshops were initiated to raise awareness of human rights policies among operational and management teams. There were no reported incidents of human rights violations or discriminatory practices during the reporting period.

## Occupational Health and Safety (OHS)

Ensuring a safe working environment remains a top priority through rigorous protocols and continuous improvement. Our Occupational Health and Safety Management System (OHSMS) achieved ISO 45001:2018 certification in 2020.

### Initiatives include:

360-degree risk assessments across sites

Safety theme-based awareness months under our ESG Consciousness Calendar

Employee Health Index programs comprising medical camps, health assessments, BMI measurements, general exams, and eyesight checks

Regular internal and external third-party audits of safety management systems

**70,266** Hours

**Zero**

Injury Rate in FY 2025

**95 %**

Employees Classified as Low Risk According to the Employee Health Index

## Corporate Social Responsibility (CSR)

At CleanMax, our commitment to social responsibility drives meaningful impact in the communities we serve. Our CSR programs focus on:

Skill training and promoting local procurement to boost economic empowerment

Supporting education initiatives to foster long-term growth

Undertaking environmental restoration projects to enhance ecological balance

We actively seek community feedback through stakeholder engagement and grievance redressal mechanisms, ensuring concerns are monitored and resolved at the site level.

Looking ahead, our strategic priorities include:

Increasing CSR investment to improve rural clean energy access

Expanding partnerships for vocational training to build sustainable livelihoods

Establishing gender inclusion targets for senior management roles by FY 2026

## Upholding Robust Governance

Our Board of Directors drives our sustainability vision by setting ambitious goals, adopting critical policies, and ensuring full accountability. They actively monitor compliance to maintain alignment with our core values and stakeholder expectations.

In 2023, we established a dedicated Sustainability Committee charged with steering the implementation of our greenhouse gas (GHG) reduction targets, reinforcing our commitment to climate action and sustainable growth. To drive tangible results, multiple project-specific teams work across sites and functions, overseeing the hands-on implementation of ESG initiatives and fostering a culture of continuous improvement.

## Operational Excellence: From Strategy to Action

The Operational Excellence Committee, reporting directly to our Global CEO, Mr. Pramod Deore, plays a pivotal role in translating ESG ambitions into actionable initiatives. This team orchestrates the deployment of sustainability programs across business units and local operations, ensuring that our commitments are realized on the ground.

## Leadership Spotlight: Steering Our Sustainability Journey

At the forefront of our sustainability efforts is Mr. Rakesh Jhinjha, Global Head of ESG and Health, Safety, and Environment (HSE). Supported by three regional managers and a dedicated 21-member team, he ensures seamless execution of our sustainability strategy. Mr. Jhinjha reports directly to the Managing Director, providing quarterly progress updates aligned with the UN Sustainable Development Goals (SDGs).

# Energizing the Path Ahead

CleanMax is poised to capture the next wave of renewable energy growth, driven by strong market momentum and evolving customer needs. Our outlook is anchored in expanding market leadership, diversifying offerings, and advancing innovation across the clean energy value chain.

## Expanding Leadership in C&I Renewables

CleanMax aims to grow its market share in India's C&I renewables sector by leveraging key growth drivers like Make in India, AI, data centers, and infrastructure expansion. With renewable penetration rising from 7% in FY 2023 to ~20% by FY 2030, we will capitalize on our strong execution, broad reach, and flexible products. Our focus includes developing land and evacuation pipelines in high-potential states, enhancing accessibility for STU- and CTU-connected projects, and deepening relationships with existing customers through cross-selling, up-selling, and repeat volumes.

## Driving Operational Excellence

Execution is a core competitive strength as we expand across geographies and technologies. We will continue to strengthen in-house capabilities to ensure safe, timely, and high-quality delivery:

### Development

Enhance expertise in land aggregation, evacuation planning, and regulatory clearances to align site readiness with customer needs

### EPC

Adopt industry-leading quality, safety, and construction efficiency practices, using digital tools and remote monitoring to reduce commissioning time while maintaining cost and schedule discipline

### Asset Management

Expand SCADA systems, predictive maintenance, and advanced analytics through our global operations center to optimize availability, performance ratio, and PLF, while strengthening wind turbine monitoring, O&M integration, and lifecycle reliability

## Scaling Carbon Services

The voluntary carbon market is expected to reach USD 20–25 Billion by 2030, fueled by rising corporate climate commitments and regulatory momentum. Leveraging our strong C&I customer relationships, long-term infrastructure expertise, and robust credentials, CleanMax is expanding its carbon services, which complement our renewable energy platform. Our offerings include I-RECs for Scope 2 neutrality and carbon credits targeting Scope 1 and 3 goals. With a dedicated carbon team and pilot projects in cookstoves, agroforestry, and biochar, we focus on impactful early interventions and plan to scale based on results and stakeholder feedback.

## Evolving Our Offerings

With battery energy storage systems (BESS) gaining importance due to falling costs, supportive policies, and mandates like Rajasthan's 5% BESS requirement, we plan to integrate storage into our renewable portfolio to enhance reliability, flexibility, and time-shifted consumption for C&I customers. . Alongside, we will invest in a diversified, technology-agnostic mix of solar, wind, and hybrid assets, leveraging high-capacity wind turbines and high-efficiency solar modules to optimize configurations, lower energy costs, improve PLFs, and deliver stronger customer outcomes.

# Management Discussion & Analysis

## OVERVIEW

We are India's largest commercial and industrial ("C&I") renewable energy provider as of 31 July 2025, according to the CRISIL Report\*. We have 2.54 GW of operational, owned and managed capacity, and 2.53 GW of Contracted yet to be executed capacity as of 31 July 2025. With nearly 15 years of experience since our inception in 2010, we specialize in delivering Net Zero and decarbonization solutions, including supplying renewable power and offering energy services and carbon credit solutions to customers across data centres, AI and technology industries ("Technology customers"); and C&I enterprises across a range of sectors, including infrastructure, cement, steel,

industrial manufacturing, FMCG, pharmaceuticals, real estate, and global capability centres ("Conventional C&I customers"). Our expertise spans across providing energy contracting, engineering, procurement and construction ("EPC") services, and operation and maintenance ("O&M") services of renewable energy plants including solar, wind and hybrid plants, within our customer's premises ("Onsite") and within CleanMax-developed renewable energy (solar, wind and hybrid) farms ("Offsite").

\* The unallocable revenue pertains to pass-through component of tariff towards transmission charges recovered from customer.

- Renewable Energy Power Sales Segment: we earn revenue primarily from the sale of electricity generated at our renewable energy plants to customers under long-term Power Purchase Agreements ("PPAs") and Energy Attribute Purchase Agreements ("EAPAs") across a range of offerings. Our agreements have a weighted average term of 22.73 years and the tariff is majorly fixed for the term of the agreement – demonstrating consistency in revenue. This is reported as "sale of power" in our statement of profit and loss. The offerings under this segment include (i) Onsite Solar, which are solar power plants that are located within customer's premises ("Onsite Solar"); (ii) Offsite which includes the sale of power from power plants that we own and operate. Our Offsite business supports STU-Connected plants and CTU-Connected plants.
- Renewable Energy Services Segment: we earn revenue primarily from providing services to customers to enable them to achieve their Net Zero aspirations. These services include providing Capex Services such as designing, developing, constructing

and maintaining renewable energy plants owned by customers. Our EPC contracts are fixed price, and short-term contracts that have a term of less than one year. Revenue under EPC contracts is earned on a completion basis, that is, we recognize revenue upon completion of specific stages of the project. Revenue from Capex Services is typically reported as "revenue from projects" in our statement of profit and loss. We also earn revenue from providing operations and maintenance ("O&M") services to our customers that primarily avail our Capex Services. We also earn revenue from common infra services – that is, when customers use the common infrastructure at our renewable energy farms for operating the renewable energy plants that we have constructed and owned by them.

In addition, we earn revenue from providing Carbon Services, such as I-RECs and carbon removal credits. I-RECs from plants owned and operated by us will form part of Renewable Energy Power Sales Segment, and all others forms part of the Renewable Energy Services Segment.

## Expenses

Our major expenses include (i) cost of materials consumed and cost of services and purchase of traded goods, (ii) employee benefits expenses, (iii) finance cost, and (iv) depreciation, amortization and impairment expenses.

- cost of materials consumed and cost of services and purchase of traded goods: this expense primarily relates to the cost for procuring materials and services for (i) Capex Services, and (ii) for operating

and maintaining our own renewable energy plants. Our major materials and parts include wind turbines and solar modules. This expense is more relevant for the Renewable Energy Services Segment where we are required to procure parts and materials for the services we provide. We provide Capex Services to customers based on their needs. Consequently, while the overall contracted capacity increases year on year, the proportion of customers willing to incur a capital expenditure and opt for Capex Services may vary. As a result, the gross margin of the Renewable Energy Services Segment varies year on year.

Due to a mix of Renewable Energy Power Sales and Renewable Energy Services, our overall gross margins are not comparable year-on-year. This is because, while our Renewable Energy Power Sales segment earns a consistent gross margin, the margin of Renewable Energy Services segment varies as shown in the image below:

### Notes:

<sup>(1)</sup> Cost is a sum of the Cost of materials consumed and cost of services and Purchase of traded goods.

<sup>(2)</sup> Gross Margin is calculated as Revenue from operations less Cost of materials consumed and cost of services and Purchase of traded goods.

<sup>(3)</sup> Gross Margin % is calculated as Gross Margin of the segment as a percentage of Revenue from Operations of the respective segment.

- Employee benefits expenses: this expense primarily relates to salaries, wages and bonuses paid to employees and employee share based payment expenses. As of 31 March 2025, 2024 and 2023, we had an employee base of 491, 337 and 273, respectively. Our employee benefits expenses also includes share based payment expenses which are equity-settled in nature and, therefore, do not entail a cash outflow for our Company.
- Finance expenses: this expense primarily includes interest expense incurred for the loans we avail towards the development of power plants. Such loans include project finance debt, mezzanine loans and working capital loans.
- Depreciation, amortization and impairment expenses: this expense primarily relates to depreciation expenses incurred on our power plants over their useful life, which is typically 25 years.
- Exceptional items: The Company recorded a loss on account of changes in fair value of Compulsory Convertible Preference Shares ("CCPS"), which are measured at fair value through profit and loss, amounting to ₹107.66 million and ₹891.90 million in Fiscal 2024 and Fiscal 2023, respectively. Since this is distinct from the ordinary business of the Company,

it is classified as an exceptional item. This loss does not entail any cash outflow for the Company. Also, these CCPS were converted into ordinary equity shares of the Company at fair value and thus had no impact on the Company's overall net worth.

- Total tax expense: Our total tax expense include current tax which primarily represents the taxes paid on inter-company and third-party margins of EPC contracts for renewable energy plants. As the constructed capacity increases, so does the corresponding tax expense. Therefore, the tax expense is representative of our growth in capacity. Typically, our Renewable Energy Power Sales segment, which is a significant contributor to our revenue and profitability, has nil tax for the first seven to eight years due to high unabsorbed depreciation. Deferred taxes relate to the notional tax adjustment on temporary differences between book profits and taxable profits.
- We also incur other expenses which primarily include insurance charges and compliance related costs such as statutory audit fees, internal audit fees and Corporate Social Responsibility expense.

## PRINCIPAL FACTORS AFFECTING OUR FINANCIAL CONDITION AND RESULTS OF OPERATIONS

### Contracted and Operational Capacity

#### (a) Building new capacity

Our profitability depends on our ability to generate more revenue by developing and contracting new capacity for either the Renewable Energy Power Sales Segment or the Renewable Energy Services Segment. Evacuation approvals and land acquisition are critical for pipeline development in India, ensuring infrastructure and land access for effective project execution. Our pipeline offers visibility into growth and capacity additions in the coming years, underscoring our strategic expansion efforts. Beyond contracting, strong project development and evacuation visibility are essential for consistent delivery, as reflected in our project pipeline. The following table provides details of our capacity and project pipeline as of 31 March 2025 and as of 31 July 2025:

| Stage                                                       | Contracting Strategy           | As of 31 March 2025 |              |              | As of 31 July 2025 |              |               |

#### Notes:

- (1) Operational Capacity refers to projects commissioned as of 31 March 2025 or 31 July 2025 as applicable. Operational Capacity as on 31 July 2025 includes 286.75 MW of capacity for which CEIG charging approval has been received and COD certificate is awaited;
- (2) Contracted Capacity refers to projects for which we have signed PPAs or LOIs with customers as of 31 March 2025 or 31 July 2025 but are yet to execute projects; Contracted capacity includes 1,605 MW of contracted capacity for scheduled commissioning in the next 12 months i.e., on or before 31 July 2026.
- (3) Advance Stage Capacity refers to projects which have received evacuation approvals as of 31 March 2025 or 31 July 2025;
- (4) Under Development Capacity refers to projects with evacuation approval applied for as of 31 March 2025 or 31 July 2025.

#### Tariffs

Almost all power generated from our projects is sold under long-term PPAs to data centre, AI, technology, and other C&I customers. These PPAs have a weighted average term of 22.73 years. As of 31 March 2025, the average remaining tenure of our PPAs is more than 18 years. The tariff under our PPAs is determined through bilateral negotiations with our customers. Tariffs under our PPAs are mostly fixed for the duration of the PPA insulating us from variabilities of grid-based tariffs. Our success therefore depends on our ability to contract additional capacity and competitively negotiate tariffs with customers. Further, our profitability also depends on the mix of power that is contracted. We generate higher tariffs from the sale of wind and/or hybrid power, compared to solar power.

We aim to expand and diversify our Renewable Energy Power Sales Segment, in terms of technology offerings and geographic footprint, to address evolving customer needs and regulatory opportunities.

### Execution efficiency – cost and time

Our profitability is predominantly contingent on our ability to manage costs relating to our EPC operations. Our most significant cost are those related to construction materials, stores and spare parts, including modules, inverters, turbines and steel, and the cost of services procured for the construction. As we conduct most of the EPC work internally, we gain greater control over specific costs. This is reflected in our projects being delivered within budgets. Below is the actual construction cost incurred as a percentage of the budgeted construction costs for own projects commissioned during the years indicated.

| Particulars                   | Fiscal |        |        |
|-------------------------------|--------|--------|--------|
|                               | 2025   | 2024   | 2023   |
| Actual Cost/Budgeted Cost (%) | 95.24% | 95.54% | 97.41% |

Our profitability also depends on our ability to execute our contracts on contractually agreed timelines, as evidenced by the utilization of only 62.35% of the sanctioned interest cost during construction in the last three fiscals.

We also provide Capex Services which include designing, developing, constructing and maintaining renewable energy plants owned by customers. We generally enter into fixed price contracts of less than one year for turnkey projects and recognize revenue over time as we progress with construction on a percentage of completion method basis. We bill our customers according to contractually agreed milestones that reflect key stages of execution, such as entering into supplier contracts, delivery of modules and construction equipment and materials, installation, and commissioning of the solar power project. We also typically receive an advance payment from our customers at the time we enter into the contract and adjust the advance received against milestone payments.

Revenue earned from our Renewable Energy Power Sales segment is generally more consistent and has relatively low operating costs, leading to higher margins, whereas revenue from our Renewable Services Segment provides immediate cash flows.

### Maintenance and performance of operational capacity

Our profitability is also affected by our ability to continue operating and maintaining our existing commissioned capacity, which depends on the continued availability of our power assets and the grid. The table below provides the average Plant and Grid Availability of our power plants for the years indicated:

| Particulars                                                  | As of March 31, |        |        |
|--------------------------------------------------------------|-----------------|--------|--------|
|                                                              | 2025            | 2024   | 2023   |
| Plant Availability – Offsite <sup>(1)</sup> (average)        | 97.74%          | 97.71% | 97.89% |
| Average Grid Availability – Offsite <sup>(2)</sup> (average) | 99.10%          | 99.26% | 98.95% |

(1) "Plant Availability" is calculated as weighted average of plant availability by fully operational offsite projects capacity in the portfolio during the period/year.

(2) "Average Grid Availability" is calculated as weighted average of grid availability by fully operational offsite project capacity in the portfolio during the period/year.

Our plant performance also depends on:

- Weather conditions can have a significant effect on our power generation activities. The profitability of power plants is directly correlated to wind and solar conditions at our project sites. Variations in wind conditions occur as a result of fluctuations in wind currents on a daily, monthly and seasonal basis and, over the long-term, as a result of more general changes in the climate. In particular, wind conditions are generally tied to the monsoon season in India. The monsoon season in India runs from May to September (high wind months) and we generate a majority of our annual wind energy production during this period. Unfavorable wind conditions during the

monsoon season could adversely affect production levels and our revenues. Our profitability also depends on the accuracy of the observed wind and solar conditions at our plants based on long-term averages of available resource data during the project development phase. Actual wind conditions may not conform to the measured data in resource assessment studies. In addition, climate conditions may be adversely affected by nearby objects, such as buildings, other large-scale structures or wind turbine generator systems, developed later by third parties. Furthermore, components of our systems, such as solar module panels and inverters, could be damaged by severe weather conditions, such as hailstorms, tornadoes or lightning strikes or levels of pollution, dust and humidity.

- The number and length of planned outages undertaken in order to perform necessary inspections and testing to comply with industry regulations and to permit us to carry out any maintenance activities can also affect our operating results. When possible, we try to schedule the timing of planned outages during the months with relatively low wind velocity. Unplanned outages caused by equipment malfunction, mechanical failure or damage to evacuation infrastructure could

negatively affect our operating results. To manage malfunctions and to enable our projects to perform at desired levels, we undertake regular maintenance of our equipment. We seek to mitigate the risks of equipment failure by monitoring the performance of our wind and solar plants from our central and state monitoring centers on a continuous basis, reviewing real time data on actual energy generation at each site and addressing any anomaly.

- Our results of operations are materially influenced by the degree to which we are able to achieve maximum generation volumes through the operation of our projects. We strive to achieve growth by improving the availability and capacity of our projects while minimizing planned and unplanned project downtime. The number and length of planned outages, undertaken in order to perform necessary inspections and testing to comply with regulations and to permit us to carry out any maintenance activities, can impact operating results. When possible, we seek to schedule the timing of planned outages to coincide with periods of relatively low wind speeds at the relevant project. Likewise, unplanned outages can negatively affect our operating results, even if such outages may be covered by insurance.

### Ability to obtain effective financing arrangements

- Project-level financing: We usually obtain project-level debt amounting to 65%-75% of the sanctioned project cost. This debt, post construction and asset stabilization, is refinanced at lower interest rates with top-ups in the majority of cases. This enables us to recover a significant portion of our equity invested in the project within one or two years of operations, while also managing the cost of financing. The table below provides the average project-level interest cost as a percentage of total expenses for the years indicated:

| Particulars                         | Fiscal           |                |                |
|-------------------------------------|------------------|----------------|----------------|
|                                     | 2025             | 2024           | 2023           |
| Cost of project debt <sup>(1)</sup> | 9.19%            | 9.47%          | 9.60%          |
| Corporate credit rating             | Care a+ positive | Care a+ stable | Care a- stable |

Cost of Project Debt calculated as the weighted average interest rate on project loans outstanding as at the end of the respective Fiscals.

- Co-investments partnerships: Our business is inherently capital-intensive. To maximize growth while minimizing equity investment, we are pursuing several co-investment partnerships at the project level, wherein a 49% equity interest is being offered to a co-investment partner. We are entering into such co-investment partnerships with Apple (US\$37.29 Million- LOI signed), Osaka Gas (Definitive agreement signed) and Toyota Tsusho (Definitive agreement signed).

However, we also manage our overall leverage by tracking our Debt (net off liquid assets)/EBITDA ratio. We have maintained a Debt (net off liquid assets)/Adjusted EBITDA ratio of 4.80 as of 31 March 2025.

# CORPORATE GOVERNANCE REPORT

## A) COMPANY'S PHILOSOPHY ON CODE OF GOVERNANCE

Your Company's philosophy on the Corporate Governance is founded upon a rich legacy of fair and transparent governance practices which are essentially aimed at ensuring transparency in all dealings and hence seeks to focus on enhancement of long-term shareholder value without compromising on integrity, social obligations and regulatory compliances. Your Company has continued its pursuit of achieving these objectives through the adoption and monitoring of corporate strategies and prudent business plans, thereby ensuring that the Company pursues policies and procedures to satisfy its legal and ethical responsibilities. The Company's comprehensive written code of conduct serves as a guide for your Company and its employees on the standards of values, ethics and business principles, which should govern their conduct. Your Company operates within accepted standards of propriety, fair play and justice and aims at creating a culture of openness in relationships between itself and its stakeholders. Even in a fiercely competitive business environment that the Company is operating in, the management and employees of your Company are committed to uphold the core values of transparency, integrity, honesty and accountability, which are fundamental to the Company and for achieving Corporate Excellence.

## B) BOARD COMPOSITION

### i Board of Directors and Key Managerial Personnel (KMP):

The Board of Directors of the Company comprises of following Directors and KMP as on 31 March 2025:

| Sr. No. | Name of Directors            | Designation             |
|---------|------------------------------|-------------------------|
| 1       | Mr. Kuldeep Jain             | Managing Director (KMP) |
| 2       | Mr. Pratap Jain              | Director                |
| 3       | Mr. Sumit Banerjee           | Independent Director    |
| 4       | Ms. Deepali Bahl             | Nominee Director        |
| 5       | Mr. Darius Rustom Lilaonwala | Nominee Director        |
| 6       | Mr. Krishna Subramanian Iyer | Director                |
| 7       | Mr. Nawal Saini              | Director                |
| 8       | Mr. Sridhar Rengan           | Director                |
| 9       | Ms. Pooja Aggarwal           | Director                |
| 10      | Mr. Murzash Manekshana       | Director                |

| Sr. No. | Name of Directors         | Designation                                    |
|---------|---------------------------|------------------------------------------------|
| 11      | Ms. Tanya Mehta           | Director                                       |
| 12      | Mr. Nikunj Gopal Ghodawat | Chief Financial Officer (KMP)                  |
| 13      | Mr. Ullash Chandra Parida | Company Secretary and Compliance Officer (KMP) |

The following are the changes in the Board and KMP position until **the date of this Report** and were carried out in due compliance with the provisions of the Companies Act, 2013:

- Mr. Sarath Ruthvic Prabhala**, (DIN: 10155750), a Non-Executive Director, tendered his resignation, vide resignation letter dated 24 May 2024, from the directorship of the Company with effect from the close of business hours of 27 May 2024;
- Ms. Pooja Aggarwal** (DIN: 07515355), appointed as a non-executive additional director in the Board meeting held on 27 May 2024 and appointed as a Director in the Extra-Ordinary General meeting held on the same day i.e. 30 May 2024;
- Ms. Ratika Gandhi** tendered her resignation, vide resignation letter dated 12 November 2024, from the position of the Company Secretary and Compliance Officer of the Company with effect from the close of business hours of 12 November 2024;
- Mr. Ullash Chandra Parida** was appointed as the Company Secretary and Compliance Officer of the Company in the Board meeting held on 12 November 2024 with effect from 13 November 2024.

We conducted our audit of the Consolidated Financial Statements in accordance with the Standards on Auditing ("SA"s) specified under section 143 (10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, its associate and joint ventures in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matter section below, is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Financial Statements.

## KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matter to be communicated in our report.

## INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Parent's Board of Directors is responsible for the other information. The other information comprises the information included in the Board of Director's Report including the Annexures, thereto but does not include the Consolidated Financial Statements, Standalone Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information, compare with the financial statements of the subsidiaries, joint ventures and associate audited by the other auditors, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the subsidiaries, joint ventures and associate, is traced from their financial statements audited by the other auditors.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## RESPONSIBILITIES OF MANAGEMENT AND BOARD OF DIRECTORS FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Parent's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Consolidated Financial Statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group including its associate and joint ventures in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act. The respective Board of Directors of the companies and Partners of the Limited Liability Partnership ("LLP") included in the Group and of its associate and joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its associate and its joint ventures and for preventing and detecting frauds and other irregularities; selection and application

of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Directors of the Parent, as aforesaid.

In preparing the Consolidated Financial Statements, the respective Management and Board of Directors of the companies and Partners of the LLP included in the Group and of its associate and joint ventures are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors or Partner of the LLP either intend to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies and Partners of the LLP included in the Group and of its associate and joint ventures are also responsible for overseeing the financial reporting process of the Group and of its associate and joint ventures.

## **AUDITOR'S RESPONSIBILITY FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS**

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent has adequate internal financial controls with reference to Consolidated Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate and joint ventures to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate and joint ventures to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associate and joint ventures to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities or business activities included in the Consolidated Financial Statements of which we are the independent auditors. For the entities or business activities included in the Consolidated Financial Statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.

We communicate with those charged with governance of the Parent and such other entities included in the Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## OTHER MATTER

We did not audit the financial statements / financial information of 139 subsidiaries, whose financial statements / financial information reflect total assets of Rs. 66,736.88 million as at 31<sup>st</sup> March, 2025, total revenues of Rs. 3,357.79 million and net cash inflows amounting to Rs. 812.79 million for the year ended on that date, as considered in the Consolidated Financial Statements. The Consolidated Financial Statements also include the Group's share of net profit of Rs. 75.52 million for the year ended 31<sup>st</sup> March, 2025, as considered in the Consolidated Financial Statements, in respect of 1 associate and 3 joint ventures, whose financial statements / financial information have not been audited by us. These financial statements / financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the Consolidated Financial Statements, in so far as it relates to the

amounts and disclosures included in respect of these subsidiaries, joint ventures and associate, and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, joint ventures and associate is based solely on the reports of the other auditors.

Our opinion on the Consolidated Financial Statements above and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matter with respect to our reliance on the work done and the reports other auditors.

## REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on the separate financial statements/ financial information of the subsidiaries, associate and joint ventures referred to in the Other Matters section above we report, to the extent applicable that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements.
  - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated Financial Statements have been kept by the Parent and subsidiary Companies incorporated in India including relevant records so far as it appears from our examination of those books and the reports of the other auditors.
  - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the Consolidated Financial Statements.
  - d) In our opinion, the aforesaid Consolidated Financial Statements comply with the Ind AS specified under Section 133 of the Act.
  - e) On the basis of the written representations received from the directors of the Parent as on 31<sup>st</sup> March, 2025 taken on record by the Board of Directors of the Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on

31<sup>st</sup> March, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.

- f) With respect to the adequacy of the internal financial controls with reference to Consolidated Financial Statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the auditors' reports of the Parent and subsidiary companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls with reference to Consolidated Financial Statements of those companies.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the auditor's reports of subsidiary companies incorporated in India, the Parent and said subsidiary companies being private companies, section 197 of the Act related to the managerial remuneration is not applicable.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
  - i) The Consolidated Financial Statements disclose the impact of pending litigations on the consolidated financial position of the Group, its associate and joint ventures - Refer Note 39 to the Consolidated Financial Statements;
  - ii) Provision has been made in the Consolidated Financial Statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts ;
  - iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Parent, and its subsidiary companies incorporated in India.
  - iv) (a) The respective Managements of the Parent and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us and to the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief, as disclosed in the note 59(ii) to the

Consolidated Financial Statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Parent or any of such subsidiaries to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Parent or any of such subsidiaries, associate and joint ventures ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (b) The respective Managements of the Parent and its subsidiaries, which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us and to the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief, as disclosed in the note 59(iii) to the Consolidated Financial Statements, no funds have been received by the Parent or any of such subsidiaries, associate and joint ventures from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Parent or any of such subsidiaries, associate and joint ventures shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances performed by us and that performed by the auditors of the subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditor's notice that has caused us or the other auditors to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v) In the case of five subsidiary companies incorporated in India, the interim dividend was declared and paid during the year by such subsidiary companies incorporated in India, whose financial statements have been audited under the Act, where applicable was in compliance with Section 123 of the Act. The Parent and its other subsidiary companies incorporated in India, whose financial statements have been audited under the Act, which are companies incorporated in India, have not declared or paid any dividend during the year and has not proposed final dividend for the year.

vi) Based on our examination which included test checks and that performed by the respective auditors of the subsidiaries based on the other auditor's reports of its subsidiary companies, incorporated in India whose financial statements have been audited under the Act, the Parent, its subsidiary

companies incorporated in India have used accounting software system for maintaining their respective books of account for the financial year / period ended 31<sup>st</sup> March 2025 which have the feature of recording audit trail (edit log) facility and the same has operated throughout the year or period, as applicable from the dates of their respective incorporation / acquisition, for all relevant transactions recorded in the software system. Further, during the course of audit, we and respective other auditors, whose reports have been furnished to us by the Management of the Parent, have not come across any instance of the audit trail feature being tampered with, in respect of said accounting software for the period for which the audit trail feature was enabled and operating. Additionally, the audit trail has been preserved by the Parent and above referred subsidiary companies incorporated in India, as applicable, as per the statutory requirements for record retention.

2. ## Annexure “A” to the Independent Auditor’s Report

**(Referred to in paragraph 1 (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of Clean Max Enviro Energy Solutions Private Limited of even date)**

### **REPORT ON THE INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO CONSOLIDATED FINANCIAL STATEMENTS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 (THE “ACT”)**

In conjunction with our audit of the Consolidated Financial Statements of the Company as at and for the year ended March 31, 2025, we have audited the internal financial controls with reference to Consolidated Financial Statements of CLEAN MAX ENVIRO ENERGY SOLUTIONS PRIVATE LIMITED (hereinafter referred to as “Parent” / “Company”) and its subsidiary companies which are companies incorporated in India, as applicable, as of that date.

### **MANAGEMENT’S AND BOARD OF DIRECTORS’ RESPONSIBILITIES FOR INTERNAL FINANCIAL CONTROLS**

The respective Company’s management and Board of Directors of the Parent and its subsidiary companies, which are companies incorporated in India and to whom internal financial controls with reference to Consolidated Financial Statements is applicable, are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the internal control with reference to Consolidated Financial Statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### **AUDITOR’S RESPONSIBILITY**

Our responsibility is to express an opinion on the internal financial controls with reference to Consolidated Financial Statements of the Parent and its subsidiary companies, which are companies incorporated in India and to whom internal financial controls with reference to Consolidated Financial Statements is applicable, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the ICAI and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to Consolidated Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Consolidated Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Consolidated Financial Statements included obtaining an understanding of internal financial controls with reference to Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to Consolidated Financial Statements of the Parent and its subsidiary companies, which are companies incorporated in India and to whom internal financial controls with reference to Consolidated Financial Statements is applicable.

## MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO CONSOLIDATED FINANCIAL STATEMENTS

A company's internal financial control with reference to Consolidated Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Consolidated Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

## INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO CONSOLIDATED FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Consolidated Financial Statements to future periods are subject to the risk that the internal financial controls with reference to Consolidated Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## OPINION

In our opinion, to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in sub-paragraph (b) in the Other Matters paragraph below, the Parent and its subsidiary companies, which are companies incorporated in India and to whom internal financial controls with reference to Consolidated Financial Statements is applicable, have, in all material respects, an adequate internal

financial controls with reference to Consolidated Financial Statements and such internal financial controls with reference to Consolidated Financial Statements were operating effectively as of March 31, 2025, based on the criteria for internal financial control with reference to Consolidated Financial Statements established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

## OTHER MATTERS

- (a) The Section 143(3)(i) of the Companies Act, 2013 is not applicable to (i) 26 subsidiaries and a joint venture which are registered as a Limited Liability Partnership under the Limited Liability Partnership Act, 2008 and (ii) 6 subsidiaries, an associate and 2 joint ventures which are companies registered outside of India. Further, pursuant to the Notification G.S.R. 583(E) dated June 13, 2017 issued by the Ministry of Corporate Affairs, Section 143(3)(i) of the Act is not applicable to 80 subsidiary companies incorporated in India based on the audit reports issued by us and the other auditors. Accordingly, this report does not state opinion on the adequacy and operating effectiveness of the internal financial controls with respect to consolidated financial statements in so far as it relates to such subsidiaries, joint ventures and an associate.
- (b) Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to Consolidated Financial Statements in so far as it relates to 34 subsidiary companies, which are companies incorporated in India, is based solely on the corresponding reports of the auditors of such companies incorporated in India.

Our opinion is not modified in respect of the above matters including the reliance on the work performed by and the reports of such other auditors.

# Notes to Consolidated Financial Statements

for the year ended March 31, 2025

(Currency: Amount in ₹ million, unless otherwise stated)

## NOTE 1.1 CORPORATE INFORMATION

The Consolidated financial statements comprise financial statements of Clean Max Enviro Energy Solutions Private Limited ('the Company') and its subsidiaries (collectively, 'the Group'), along with its joint venture and associate for the year ended 31<sup>st</sup> March, 2025. Clean Max Enviro Energy Solutions Private Limited is a private company incorporated and domiciled in India, in the year 2010. The Group along with its joint venture and associate is engaged in developing renewable power projects and in generation and sale of power. The registered office address of the Company is 4<sup>th</sup> Floor, The International, 16 Maharshi Karve Road, New Marine Lines, Cross Road No. 1, Churchgate, Mumbai -400020, Maharashtra, India.

The financial statements for the year ended 31<sup>st</sup> March, 2025 were approved by the Board of Directors and authorised for issue on 27<sup>th</sup> May, 2025.

## NOTE 1.2 BASIS OF PREPARATION AND ACCOUNTING

The Consolidated Financial Statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") prescribed under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules as amended from time to time.

The Consolidated Financial Statements are presented in Indian Rupees and all amounts disclosed in the financial statements and notes have been rounded off to the nearest million, unless otherwise stated.

The Group maintains its accounts on accrual basis following historical cost convention, except for certain assets and liabilities that are measured at fair value in accordance with Ind AS.

The Group has prepared the financial statements on the basis that it will continue to operate as a going concern.

### (a) Principles of consolidation and equity accounting

#### (i) Subsidiaries

Subsidiaries are entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of that entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group.

The Group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intra-Group transactions, balances and unrealised gains on transactions between entities within the Group are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group. Non-controlling interests in the results and equity of subsidiaries are shown separately in the Consolidated Statement of Profit and Loss, Consolidated Statement of Changes in Equity and the Consolidated Balance Sheet respectively.

### (ii) Joint Ventures and Associate - Equity Method Accounting

Joint ventures are joint arrangements whereby the parties that have joint control of the arrangements have rights to the net assets and obligations for the liabilities, relating to the arrangement. An associate is an entity in which the Group has significant influence but not control or joint control, over the financial and operating policies.

Interests in joint ventures and associate are accounted for using the equity method, after initially being recognised at cost in the Consolidated Balance sheet.

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses of the investee in the Consolidated Statement of Profit and Loss, and the Group's share of other comprehensive income of the investee in Other Comprehensive Income. Dividends received or receivable from joint ventures and associate are recognised as a reduction in the carrying amount of the investment. When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity. Unrealised gains on transactions between the Group and its Joint Ventures and Associate are eliminated to the extent of the Group's interest

in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group. The carrying amount of equity accounted investments are tested for impairment.

The financial statements of subsidiaries, joint ventures and associate consolidated are drawn upto the same reporting date as that of the Group.

## (iii) Changes in ownership interests

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity

When the Group ceases to consolidate or equity account for an investment because of a loss of control, joint control or significant influence, any retained interest in the entity is re-measured to its fair value with the change in carrying amount recognised in profit or loss. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as a joint venture or financial asset. In addition, any amounts previously recognised in Other Comprehensive Income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in Other Comprehensive Income are reclassified to the Consolidated Statement of Profit and Loss. If the ownership interest in a joint venture is reduced but joint control or significant influence is retained, only a proportionate share of the amounts previously recognised in Other Comprehensive Income are reclassified to the Consolidated Statement of Profit and Loss where appropriate.

## NOTE 1.3 MATERIAL ACCOUNTING POLICIES

### (b) Revenue Recognition:

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and revenue can be reliably measured. Revenue excludes indirect taxes which are collected on behalf of Government.

#### (i) Revenue from sale of power:

Revenue from sale of power is recognised when the units of electricity is delivered at the price agreed with the customer in the power purchase agreement which coincides with the transfer of control and the Group has a present right to receive the payment.

Revenue is measured based on the transaction price, which is the consideration, adjusted for discounts and other incentives, if any, as specified in the contract with the customer or on account of change in law. Revenue also excludes taxes or other amounts collected from customers in its capacity as an agent. If the consideration in a contract includes a variable amount or consideration payable to the customer, the Group estimates the amount of consideration to which it will be entitled in exchange for transferring the goods/ services to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved.

# Notes to Consolidated Financial Statements

for the year ended March 31, 2025

(Currency: Amount in ₹ million, unless otherwise stated)

## (ii) Revenue from construction contracts:

Contract revenues are recognised over a period of time, based on the stage of completion of the contract activity. Revenue is measured based on the proportion of contract costs incurred for satisfying the performance obligation to the total estimated contract costs.

Expected loss, if any, on a contracts is recognised as expense in the period in which it is foreseen, irrespective of the stage of completion of the contract.

Contract modifications are accounted for, when additions, deletions or changes are approved either to the contract scope or contract price. Accounting for modifications of contracts involves assessing whether the services added to an existing contract are distinct and whether the pricing is a standalone selling price. Services added that are not distinct are accounted for on a cumulative catch up basis, while those that are distinct are accounted for prospectively, either as a separate contract, if the additional services are priced at the standalone selling price, or as a termination of the existing contract and creation of a new contract if not priced at the standalone selling price.

## (iii) Revenue from sale of services:

Revenue from services rendered over a period of time, such as operation and maintenance contracts, are recognized on straight line basis over the period of the performance obligation.

## (iv) Interest income:

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably.

## (v) Contract balances:

A trade receivable represents the Group's right to an amount of consideration that is unconditional i.e. only the passage of time is required before payment of consideration is due and the amount is billable.

Unbilled revenue is recognised for work performed under a contract but has not yet been invoiced to the customer.

Advance from customer represents a contract liability which is the obligation to transfer goods or services to a customer for which the Group has received consideration from the customer.

## (c) Government Subsidy

Government grants in the nature of subsidy related to customer contracts are recognised as revenue from operations in the Consolidated Statement of Profit and Loss, on a prudent basis, on commissioning of the solar power plant when there is reasonable assurance that the conditions for the grant of subsidy will be fulfilled and grant will be realised. When the grant relates to an asset, the subsidy amount is deducted from the carrying amount of the asset.

## (d) Goods and Service tax input credit

Goods and Service tax input credit is accounted for in the books in the period in which the underlying goods and service received is accounted and when there is reasonable certainty in availing / utilising the credits.

## (e) Employee benefits

### Short term benefits:

Salaries, wages, and other short term benefits, accruing to employees are recognised at undiscounted amounts in the period in which the employee renders the related service.

### Retirement benefits

#### Defined contribution plan:

The Group offers its employees defined contribution plans in the form of provident fund and family pension fund. Provident fund and family pension funds cover substantially all regular employees. Contributions are paid during the year into separate funds under certain fiduciary-type arrangements. Both the employees and the Group pays predetermined contributions into provident fund and family pension fund. The contributions are normally based on a certain proportion of the employee's salary. The contributions made are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

#### Defined benefit plan:

For defined benefit plans in the form of gratuity, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each balance sheet

# Notes to Consolidated Financial Statements

(Currency: Amount in ₹ million, unless otherwise stated)

date. Actuarial gains and losses are recognized in Other Comprehensive Income in the period in which they occur. Past service cost is recognised immediately to the extent that the benefits are already vested and otherwise is amortised on a straight-line basis over the average period until the benefits become vested. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to past service cost, plus the present value of available refunds and reductions in future contributions to the schemes.

## (f) Share based payments

Equity-settled share-based payments to employees of the Group are measured at the fair value of the equity instruments at the grant date. Details regarding the determination of the fair value of equity-settled share-based transactions are set out in Note 4.3. The fair value determined at the grant date of the equity-settled share-based payments to employees of the Group is expensed on a straight-line basis over the vesting period, based on the Group's estimate of equity instruments that will eventually vest, with a corresponding increase in equity at the end of year. At the end of each year, the Group revisits its estimate of the number of equity instruments expected to vest and recognizes any impact in profit or loss, such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity-settled employee benefits reserve.

## (g) Foreign Currencies

The functional currency of the Group is the Indian rupee (Rs.).

Income and expenses in foreign currencies are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are translated at the exchange rate prevailing on the balance sheet date and exchange gains and losses arising on settlement and restatement are recognised in profit or loss.

Foreign currency denominated non - monetary assets and liabilities that are measured at historical cost are not retranslated.

## (h) Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

### (i) Current tax

The tax currently payable is based on taxable profit for the reporting period. Taxable profit differs from 'profit before tax' as reported in the Consolidated Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's current tax is calculated using tax rates (applicable tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. Current income taxes are recognized in the Consolidated Statement of Profit and Loss except to the extent that the tax relates to items recognized outside profit and loss, either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

### (ii) Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Consolidated financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

# Notes to Consolidated Financial Statements

for the year ended March 31, 2025

(Currency: Amount in ₹ million, unless otherwise stated)

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

## (i) Property, Plant and Equipment, Capital work in progress and Depreciation

All items of property, plant and equipment, including freehold land, are initially recorded at cost. Subsequent to initial recognition, property, plant and equipment other than freehold land are measured at cost less accumulated depreciation and any accumulated impairment losses.

The cost of property, plant and equipment comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, including relevant borrowing costs for qualifying assets and any expected costs of decommissioning.

Interest on borrowed money allocated to and utilised for qualifying assets pertaining to the period upto the date of capitalisation is added to the cost of the assets.

Salary cost and cost of travelling directly attributable to the construction of property, plant and equipment has been capitalised to the cost of property, plant and equipment.

Freehold land is not depreciated.

Any gain or loss arising on derecognition / disposal of an asset is included in profit or loss.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, as appropriate.

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation on property, plant and equipment has been provided as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect Solar Power Plant, Wind Farms and Hybrid Farms where the life is considered as 25 years taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, manufacturers warranties and maintenance support, etc.

Expenditure related to and incurred during implementation (net of incidental income) of capital projects to get the assets ready for intended use is included under "Capital Work in Progress (including related inventories)". The same is allocated to the respective items of property plant and equipment on completion of construction / erection of the capital project / property, plant and equipment. Capital work in progress is stated at cost, net of accumulated impairment loss, if any.

## (j) Intangible Assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses (if any). Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

| Category of Asset                       | Useful Life |
|-----------------------------------------|-------------|
| Computer software                       | 25 years    |
| Commercial Right to use lease hold land | 25-30 years |
| Customer contracts                      | 25 years    |

## (k) Intangible assets under development

Expenditure on intangible assets eligible for capitalization are carried as intangible assets under development where such assets are not yet ready for their intended use.

## (l) Impairment of assets

Assets that are subject to amortisation are reviewed for impairment whenever events or

# Notes to Consolidated Financial Statements

for the year ended March 31, 2025

(Currency: Amount in ₹ million, unless otherwise stated)

changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are compared at the lowest levels for which there are largely independent cash inflows (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period. Intangible assets that have an indefinite useful life or intangible assets not ready to use are not subject to amortisation and are tested annually for impairment.

The Group assesses at each reporting date whether there is any objective evidence that a financial asset is impaired. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is recognised for credit losses expected over the remaining life of the exposure, irrespective of timing of the default (a lifetime ECL).

The Group considers a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

For trade receivables, the Group applied a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. Trade receivables of the Group are mainly from high credit worthy Commercial and Industrial ("C&I") customers. Delayed payment carries interest as per the terms of agreements with C&I customers.

## (m) Financial Instruments

### Recognition and initial measurement

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognized by the Group when it becomes a party to the contractual provisions of the financial instrument.

### Financial assets

#### Financial assets at Amortised cost

A financial asset shall be measured at amortised cost using effective interest rates if both of the following conditions are met:

- financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### Financial assets at fair value through profit or loss (FVTPL)

Financial assets at FVTPL include financial assets that either do not meet the criteria for amortised cost classification or are equity instruments held for trading or that meet certain conditions and are designated at FVTPL upon initial recognition. All derivative financial instruments also fall into this category, except for those designated and effective as hedging instruments, for which the hedge accounting requirements may apply. Assets in this category are measured at fair value with gains or losses recognized in the Consolidated Statement of Profit and Loss. The fair values of financial assets in this category are determined by reference to active market transactions or using a valuation technique where no active market exists.

# Notes to Consolidated Financial Statements

for the year ended March 31, 2025

(Currency: Amount in ₹ million, unless otherwise stated)

## Financial assets at fair value through other comprehensive income (FVTOCI)

On initial recognition, the Group can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not to be reclassified to the Consolidated Statement of Profit and Loss on disposal of the investments.

## Impairment of financial asset

The Group assesses expected credit losses associated with its assets carried at amortised cost based on Group's past history of recovery, creditworthiness of the counter party and existing market conditions. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade receivables, the Group applies the simplified approach for recognition of impairment allowance as provided in Ind AS 109 – Financial Instruments, which requires expected lifetime losses to be recognised on initial recognition of the receivables.

## Derecognition of financial asset

The Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

## Financial liabilities

### Initial recognition

All financial liabilities are recognised initially at fair value minus, in the case of financial liabilities not at fair value through profit and loss, directly attributable transaction costs.

### Subsequent measurement

#### Financial liabilities at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent reporting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised

cost are determined based on the effective interest method.

## Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss are carried at fair value with net changes in fair value, including interest expense, recognised in the Consolidated Statement of Profit and Loss.

## Derivative financial instruments

The Group enters into derivative contracts to hedge foreign currency transactions. Such derivative financial instruments are measured at fair value at the end of each reporting period. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss immediately.

## Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Incremental costs directly attributable to the issuance of new ordinary shares and share options are recognized as a deduction from equity, net of any tax effects.

## Derecognition of financial instruments

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. An exchange with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Consolidated Statement of Profit and Loss.

## Fair value measurement

When the fair values of financial assets or financial liabilities recorded or disclosed in the financial statements cannot be measured based on quoted prices in active markets, their fair value is

# Notes to Consolidated Financial Statements

for the year ended March 31, 2025

(Currency: Amount in ₹ million, unless otherwise stated)

measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include consideration of inputs such as liquidity risk, credit risk and volatility.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

## (n) Cash and cash equivalents

The Group considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

For the purpose of the Consolidated Statement of Cash Flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

### (o) Inventories

Inventories are valued at cost or net realisable value, whichever is lower, cost being worked out on weighted average basis. Cost includes all charges for bringing the goods to their present location and condition.

Net realizable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

## (p) Leases:

The Group evaluates each contract or arrangement, whether it qualifies as lease as defined under Ind AS 116.

### The Group as a lessee

The Group assesses, whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract involves:

- the use of an identified asset,
- the right to obtain substantially all the economic benefits from use of the identified asset, and
- the right to direct the use of the identified asset.

### Right to Use Asset

The Group at the inception of the lease contract recognizes a Right-of-Use (RoU) asset at cost and corresponding lease liability, except for leases with term of less than twelve months (short term) and low-value assets.

The cost of the right-of-use assets comprises the amount of the initial measurement of the lease liability, any lease payments made at or before the inception date of the lease plus any initial direct costs, less any lease incentives received. Subsequently, the right of-use assets is measured at cost less any accumulated depreciation and accumulated impairment losses, if any. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use assets.

| Category of Lease | Useful life |
|-------------------|-------------|
| Leasehold land    | 25-30 years |

The Group applies Ind AS 36 to determine whether a Right-of-Use asset is impaired and accounts for any identified impairment loss in the Consolidated Statement of Profit and Loss as described in the note (l).

### Lease liabilities

For lease liabilities at inception, the Group measures the lease liability at the present value of the lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and

# Notes to Consolidated Financial Statements

for the year ended March 31, 2025

(Currency: Amount in ₹ million, unless otherwise stated)

amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs. The lease payments are discounted using the interest rate implicit in the lease, if that rate is readily determined, if that rate is not readily determined, the lease payments are discounted using the incremental borrowing rate. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made.

The Group recognizes the amount of the re-measurement of lease liability as an adjustment to the right-of-use assets. Where the carrying amount of the right-of-use assets is reduced to zero and there is a further reduction in the measurement of the lease liability, the Group recognizes any remaining amount of the re-measurement in the Consolidated Statement of Profit and Loss.

## (q) Provisions, contingent liability and contingent asset

A provision is recognized if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash

flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

A contingent liability is disclosed in the Financial Statements by way of notes to accounts, unless possibility of an outflow of resources embodying economic benefit is remote. A contingent asset is disclosed in the Consolidated Financial Statements by way of notes to accounts when an inflow of economic benefits is probable.

## (r) Segment Reporting

Segments are identified based on the manner in which the chief operating decision-maker (CODM) decides about the resource allocation and reviews performance.

Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment.

Segment revenue resulting from transactions with other business segments is accounted on the basis of transfer price agreed between the segments. Such transfer prices are either determined to yield a desired margin or agreed on a negotiated basis.

Revenue, expenses, assets and liabilities which relate to the Group as a whole and are not allocable to segments on reasonable basis have been included under "unallocated revenue / expenses / assets/ liabilities".

## (s) Earnings per share

Basic earnings per equity share has been computed by dividing the net profit or loss for the reporting period attributable to equity shareholders by the weighted average number of equity shares outstanding during the reporting period.

Diluted earnings per equity share is computed by dividing the net profit or loss for the period attributable to equity shareholders as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to

(Currency: Amount in ₹ million, unless otherwise stated)

the dilutive potential equity shares by the weighted average number of equity shares outstanding during the reporting period as adjusted to the effects of all dilutive potential equity shares, except where results are anti-dilutive.

## (t) Business Combination

In determining whether a particular set of activities and assets is a business, the Group assesses whether the set of assets and activities acquired includes, at a minimum, an input and substantive process and whether the acquired set has the ability to produce outputs. The Group has an option to apply a 'concentration test' that permits a simplified assessment of whether an acquired set of activities and assets is not a business. The optional concentration test is met if substantially all of the fair value of the gross assets acquired is concentrated in a single identifiable asset or group of similar identifiable assets.

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition date fair value of assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interest issued by the Group in exchange of the control of the acquiree. Acquisition related costs are recognised in Consolidated Statement of Profit and Loss as incurred.

Business combination involving entities or businesses under common control are accounted for using the pooling of interest method. Under pooling of interest method, the assets and liabilities of the combining entities / business are reflected at their carrying value.

Purchase consideration paid in excess / shortfall of the fair value of identifiable assets and liabilities including contingent liabilities and contingent assets, is recognised as goodwill / capital reserve respectively.

Deferred tax assets and liabilities and assets or liabilities related to employee benefits arrangements are recognized and measured in accordance with Ind AS 12 "Income Taxes" and Ind AS 19 "Employee Benefits" respectively.

Potential tax effects of temporary differences and carry forwards of an acquiree that exist at the acquisition date or arise as a result of the acquisition are accounted in accordance with Ind AS 12.

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any. For the purposes of impairment testing, goodwill is tested at the independent cash generating unit. A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

## (u) Operating Cycle

All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle and other criteria set out in Schedule III to the Companies Act 2013. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Based on the nature of products / activities of the Group and the normal time between acquisition of assets and their realization in cash or cash equivalents the Group has determined its operating cycle as twelve months for the purpose of classification of its assets and liabilities as current and non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities. Advance tax paid is classified as non-current assets.

## (v) Other Borrowing Cost

Borrowing costs directly attributable to the acquisition or construction of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in Consolidated Statement of Profit and Loss in the period in which they are incurred.

The entity suspends capitalisation of borrowing costs during extended periods in which it suspends active development of a qualifying asset.

# Notes to Consolidated Financial Statements

for the year ended March 31, 2025

(Currency: Amount in ₹ million, unless otherwise stated)

The entity determines the amount of borrowing costs eligible for capitalisation as the actual borrowing costs incurred on that borrowing during the period less any interest income earned on temporary investment of specific borrowings pending their expenditure on qualifying assets, to the extent that an entity borrows funds specifically for the purpose of obtaining a qualifying asset. If any specific borrowing remains outstanding after the related asset is ready for its intended use or sale, that borrowing becomes part of the funds that an entity borrows generally when calculating the capitalisation rate on general borrowings. In case if the entity borrows generally and uses the funds for obtaining a qualifying asset, borrowing costs eligible for capitalisation are determined by applying a capitalisation rate to the expenditure on that asset.

## (w) Prepaid Common Infrastructure Facility Charges

Prepaid common infrastructure facility charges represent upfront payments made to secure the right to use the common infrastructure facilities, where ownership remains with a third party. These payments are recognized as assets at the amount paid on the date the right is obtained and amortised over the period of use.

## (x) Critical accounting judgements and key sources of estimation uncertainty

The preparation of Consolidated financial statements in conformity with the recognition and measurement principles of Ind AS requires management to make judgments, estimates and assumptions, that effect the reported balances of assets and liabilities, disclosures relating to contingent liabilities/contingent assets as at the date of the financial statements and the reported amounts of income and expenses for the years presented. Actual results may differ from these estimates.

These estimates and associated assumptions are based on historical experiences and various other factors that are believed to be reasonable under the circumstances. The estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognised in the period in which the estimate is revised if the revision affect only that period, or in the period of the revision and future periods if the revision affects both current and future period.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the Consolidated financial statements pertain to:

- **Useful lives of property, plant and equipment and intangible assets:** The Group reviews the useful life of property, plant and equipment and intangible assets at the end of each reporting period. This reassessment may result in change in depreciation and amortization expense in future periods.
- **Impairment of non-financial assets:** The Group estimates the value in use of the cash generating unit (CGU) based on future cash flows after considering current economic conditions and trends, estimated future operating results, growth rate and anticipated future economic and regulatory conditions. The estimated cash flows are developed using internal forecasts. The cash flows are discounted using a suitable discount rate in order to calculate the present value.
- **Impairment of investments:** The Group reviews its carrying value of investments annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.
- **Defined benefit plans:** The cost of the defined benefit plans and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each Balance Sheet date.
- **Income Taxes:** The Group reviews the carrying amount of deferred tax assets at the end of each reporting period. The policy has been detailed in Note (h) below.
- **Impairment of financial assets:** The impairment provision for financial assets (other than trade receivables) are based on assumptions of risk of default and expected loss rates. The Group makes judgements about these assumptions for selecting the inputs to the impairment calculation, based on the Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

Trade receivables are stated at their nominal values as reduced by appropriate allowances

for estimated irrecoverable amounts which are based on the aging of the receivable balances and historical experiences. Individual trade receivables are written off when management deems them not be collectible.

## • Costs to complete for Construction

**contracts:** The Group's management estimates the costs to complete for each project for the purpose of revenue recognition and recognition of anticipated losses on projects, if any. In the process of calculating the cost to complete, management conducts regular and systematic reviews of actual results and future projections with comparison against budget. This process requires monitoring controls including financial and operational controls and identifying major risks facing the Group and developing and implementing initiatives to manage those risks. The Group's management is confident that the costs to complete the project are fairly estimated.

## (y) Exceptional items

The Group discloses certain financial information both including and excluding exceptional items. The presentation of information excluding exceptional items allows a better understanding of the underlying trading performance of the Group and provides consistency with the Group's internal management reporting. Exceptional items are identified by virtue of either their size or nature so as to facilitate comparison with prior periods and to assess underlying trends in the financial performance of the Group. Exceptional items can include, but are not restricted to, gains and losses on the disposal of properties/significant undertakings, impairment charges, exchange gain/ (loss) on long term borrowings/ assets and changes in fair value of derivative contracts.

## NOTE 1.4 RECENT INDIAN ACCOUNTING STANDARDS (IND AS)

Ministry of Corporate Affairs (MCA) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On August 12, 2024 and September 09, 2024, MCA issued the Companies (Indian Accounting Standards) Amendment Rules, 2024 and Companies (Indian Accounting Standards) Second Amendment Rules, 2024 introducing following changes:

- i. Ind AS 117: Insurance Contracts was introduced and Ind AS 104: Insurance Contracts was withdrawn. This was accompanied with consequent amendments in other standards.
- ii. The amendments clarify accounting treatment for a seller-lessee involved in sale and leaseback transactions, and introduced some related illustrative examples. The above amendments have been considered by the Group in preparation of the Consolidated Financial Statements. The amendments did not have any material impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

## NOTE 1.5 NEW AND AMENDED STANDARDS ISSUED BUT NOT EFFECTIVE

The Ministry of Corporate Affairs (MCA), vide notification dated 7<sup>th</sup> May 2025, has issued amendments to the Companies (Indian Accounting Standards) Rules, 2015. These amendments primarily relate to Ind AS 21 – The Effects of Changes in Foreign Exchange Rates and Ind AS 101 – First-time Adoption of Indian Accounting Standards, and are effective for annual reporting periods beginning on or after 1 April 2025.

These changes provide guidance on assessing currency exchangeability, estimating spot exchange rates when currencies are not exchangeable, and related disclosures.

The Group is evaluating the impact of these amendments. Based on initial assessment, no material impact is expected.

### Footnote:

- For details of pledged assets, refer note 56
- The Group is not holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988),
- Salaries, wages, LC charges and overheads of Rs. 105.72 million (Previous year: Rs.110.58 million) being directly attributable to construction of property, plant and equipment have been capitalised
- Interest of Rs. 105.57 million capitalised during the year ended March 31, 2025 (Previous year : Rs.198.54 million)
- The Group makes an assessment for impairment of Property, Plant and Equipment when facts and circumstances indicate that carrying values of such assets may not be recoverable. When evaluating for impairment, the carrying value of the asset is compared to the asset's estimated future undiscounted cash flows The trigger for impairment occurs if the estimated undiscounted future cash flows are less than the carrying value of the asset. The value of impairment is determined by comparing the carrying value of the asset to the asset's recoverable value and recognize an impairment charge when the asset's carrying value exceeds its estimated recoverable value. The recoverable value of the asset is estimated using a discounted cash flow model based on forecasted future revenues and operating costs, using integral projections. The impairment test is performed at the independent cash generating unit (CGU) level. Depreciation for the year includes impairment of Rs. Nil (Previous Year : Rs. 24.99 million)

## Footnote:

- (i) Goodwill is tested for impairment on an annual basis and whenever there is an indication that the recoverable amount of a cash generating unit (CGUs) is less than its carrying amount. The recoverable amount is determined based on value in use for the entire Group which is regarded as the CGU for impairment testing. Value-in-use is determined based on future cash flows, after considering economic conditions, estimated future operating results and growth rates. The Group uses discounted cash flows method to determine the recoverable amount.

The Group has performed its annual impairment test for year ended March 31, 2025 and no Goodwill impairment was deemed necessary. The goodwill on business combination is created during the year on October 1, 2024 based on underlying valuations. The said goodwill is not materially sensitive to any change in underlying assumptions.

### Footnote :

13(a) The Group has used a practical expedient for computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for forward-looking information. The expected credit loss allowance is based on the ageing of the days the receivables are due and the rates as given in the provision matrix.

13(b) The trade receivables from related parties are disclosed in note 49.

13(c) For ageing of trade receivables, refer note 54.

### 19 (a): Details of rights, preferences and restrictions attached to the equity shareholders:

The Parent Company has only one class of equity shares having at par value of Rs. 10/- per share. Members of the Parent Company holding equity share capital therein have a right to vote, on every resolution placed before the Parent Company and right to receive dividend. The voting rights on a poll is in proportion to the share of the paid-up equity capital of the Parent Company held by the shareholders. In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the Parent Company after distribution of all preferential amounts, in proportion to their shareholding and are subject to the preferential rights of the preference shares.

### 19 (b) Details of rights, preferences and restrictions attached to the preference shareholders:

The term Series K of Compulsorily Convertible Preference Shares ("CCPS") shall be for a period of 20 years from the date of their issuance. Each CCPS, having a dividend rate of 0.001% payable at the discretion of the Group, shall be participating preference share denominated in Indian Rupees and shall be fully and compulsorily convertible into Equity Shares in future date anytime during the tenure of CCPS in accordance with terms of issuance. Each holder of CCPS shall be entitled to receive notice of, and to attend, General Meetings of the Group. Except as provided under applicable laws, Series K CCPS shall not carry any voting rights.

### Footnote :

37(a) The above loss is on account of changes in fair value of compulsory convertible preference shares which are measured at fair value through profit and loss. Since the same is distinct from the ordinary business of the Group, it is classified as an exceptional item.

## NOTE 38: FINANCIALS INSTRUMENTS

### 38.1 Capital Management

The Group manages its capital to ensure that it will be able to continue as a Going Concern while maximising the return to stakeholders through the optimisation of debt and equity balance.

The management reviews the capital structure on a quarterly basis. As part of this review, the management considers risks associated with the Group that could result in erosion of its total equity.

### Gearing Ratio

The Capital structure of the Group consists of net debt and total equity.

The gearing ratio at the end of the year is as follows:

| Particulars                               | As at<br>March 31, 2025 | As at<br>March 31, 2024 |

| <b>Net debt to Equity ratio (%) [A/B]</b> | <b>239%</b>             | <b>245%</b>             |

- (i) Debt is defined as non-current borrowings (including current maturities) and current borrowings
- (ii) Capital is defined as Equity share capital and other equity including non controlling interest.

In order to achieve this overall objective, the Group's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no significant breaches in the financial covenants of any interest-bearing loans and borrowing in the current year.

No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2025 and March 31, 2024

### c) Sensitivity analysis of items measured using unobservable inputs (Level 3):

A one percentage point change in the unobservable inputs used in fair valuation of Level 3 assets and liabilities does not have a significant impact in its value.

### d) Transfer between Level 1, Level 2 and Level 3

There are no transfers between Level 1, Level 2 and Level 3 during the years.

## 38.4 Financial Risk Management objectives

The management of the Group monitors and manages the financial risks relating to the operations of the Group on a continuous basis. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

Compliance with policies and exposure limits is reviewed internally on a continuous basis.

## 38.5 Market Risk

The Group's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates. The Group enters into forward contracts to hedge their foreign currency exposure.

The Group has entered into contracts to purchase construction materials from overseas suppliers. The Group mainly enters into forward foreign exchange contracts (for terms not exceeding 6 months) to hedge the exchange rate risk arising from these purchases.

### Foreign Currency Sensitivity Analysis

The Group is exposed to US Dollar and Euro. Transactions in other foreign currency is with group companies and does not have any significant exposure.

The following table details the Group's sensitivity to a 5% increase and decrease in the Rupee against USD and Euro. 5% is a sensitivity rate used when reporting foreign currency internally to the key management personnel and represents management's assessment of the reasonably possible changes in the foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 5% change in the foreign currency rates. A positive number below indicates an increase in profit or equity where the Rupee strengthens 5% against the relevant currency. For a 5% weakening of the Rupee against the relevant currency, there would be a comparable impact on the profit or equity, and the balances below would be negative.

## 38.7 Credit risk management

Credit risk refers to the risk that the counter party will default on its contractual obligations resulting in financial loss to the Group. Credit risk arises primarily from financial assets such as trade receivable, bank balances other than cash and cash equivalents and other receivables.

Credit is extended only after due approvals and evaluation in terms of the Credit Policy applicable for such sale. The process of extending credit approval, takes into account various factors such as publicly available financial information, market feedback, and past business patterns etc. Many of the Group's customers have been transacting since inception and the incidence of bad debts has been very low. Such credit limits extended to trade receivables are monitored by the Board of Directors and protective action are initiated to avoid a default. In view of the short nature of its trade receivables, the Group makes provision for credit risk on an individual basis, if any. Individual customer credit limits are imposed based on relevant factors such as market feedback, business potential and past records on selective basis.

Credit risk arising from bank balances other than cash and cash equivalents is limited and there is no collateral held against these because the counter parties are bank and recognised financial institutions with high credit ratings.

## 38.8 Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Group's short-term, medium-term and long-term funding and liquidity management requirements. The Group manages its funds from internal accruals, borrowings and fund raising through equity. The liquidity risk is managed by utilising banking facilities and by matching the maturity profiles of financial assets and liabilities.

### Maturities of financial liabilities:

The following tables detail the Group's remaining contractual maturity for its financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay.

## 38.9 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's non - current debt obligations with floating interest rates. The Group's external borrowings are at variable floating interest rate of interest and for which the sensitivity analysis have been carried out based on the exposure to interest rates for such borrowings at the end of the reporting periods. The said analysis has been carried on the amount of floating rate non - current borrowings outstanding at the end of the reporting period. A 50 basis point increase or decrease represents the management's assessment of the reasonably possible change in interest rates.

In case of fluctuation in interest rates by 50 basis points and all other variable held constant, the Group's loss/profit for the year would increase or decrease as follows:

Note: The Group has issued 69,750 partly-paid Compulsorily Convertible Preference Shares (CCPS) to KEMPINC LLP on August 16, 2021 and same has been considered while calculating weighted average number of equity shares. ESOP are not considered and these are anti-dilutive in nature and thus have not been considered in calculation of dilutive shares for EPS in financial year 2023-24.

## NOTE 42: EMPLOYEE BENEFITS

In accordance with Ind AS - 19 Employee Benefits, specified under Section 133 of the Companies Act, 2013 the following disclosures are made:

**42.1** The Group recognised Rs. 20.15 million in FY 2024-25 (Previous Year : Rs. 15.28 million) for Provident Fund contributions in the Consolidated Statement of Profit and Loss. The contributions payable to these plans by the Group are at rates specified in the rules of the schemes.

## 42.2 Defined benefit plans:

The Group has an unfunded gratuity plan for qualifying employees. The benefit payable is calculated as per the Payment of Gratuity Act. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

Gratuity amount is derived as  $15/26 \times \text{Last drawn basic salary} \times \text{Number of completed years}$ .

Actuarial gains and losses in respect of defined benefit plans are recognised in the financial statements through other comprehensive income.

### Interest risk

A decrease in the bond interest rate will increase the plan liability.

### Longevity risk

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

### Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The following table set out the unfunded status of the defined benefit schemes and the amount recognised in financial statements.

## Sensitivity Analysis

Gratuity is a lump sum plan and the cost of providing these benefits is typically less sensitive to small changes in demographic assumptions. The key actuarial assumptions to which the benefit obligation results are particularly sensitive to are discount rate and future salary escalation rate. The following tables summarizes the impact on the reported defined benefit obligation at the end of the reporting period arising on account of an increase or decrease in the reported assumption by 100 basis points. These sensitivities have been calculated to show the movement in defined benefit obligation in isolation and assuming there are no other changes in market conditions at the accounting date. There have been no changes from the previous periods in the methods and assumptions used in preparing the sensitivity analysis.

**42.3** The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post employment benefits received Presidential assent in September, 2022. The Code has been published in gazette of India. Certain sections of the Code came into effect on May 3, 2023. However the final rules / interpretation have not yet been received. The Group will assess and record the financial impact of the Code in the period when it becomes effective.

## NOTE 43: EQUITY SETTLED SHARE BASED PAYMENTS

- i) Pursuant to the approval of "CMEEPSL ESOP Scheme 2015" by the shareholders in the Extra-Ordinary General Meeting held on August 5, 2015 and subsequent amendment in the scheme in the Annual General Meeting held on October 22, 2021, 69,853 and 63,458 options were approved by the shareholders respectively. In FY 2024, there was further amendment to the ESOP scheme which was approved by the shareholders in the Extra-Ordinary General Meeting held on October 26, 2023, thereby introducing 'New Category A Primary ESOP Pool' with 63,805 options & 'New Category B Secondary ESOP Pool' with 46,404 options.
- ii) The ESOPs Scheme allows the issue of options to employees of the Company. Each option comprises one underlying equity share.
- iii) The vesting period of these options range over a period of 1 year to 5 years from the date of grant. The options may be exercised within a period of 10 years from the date of vesting.
- iv) The Parent Company has granted 45,299 options under ESOPs scheme in current year to eligible employees of the Parent Company. The Parent Company has vested ESOPs of 64,736 (31<sup>st</sup> March 2024: 28,659)
- v) The fair value of the share options granted during the year is expensed over the vesting period.

The following share based payment arrangements were in existence as on March 31, 2025

| Options              | Number | Exercise Price | Average Fair Value |
|----------------------|--------|----------------|--------------------|
| Scheme 1             | 12,112 | 10             | 3,145              |
| Scheme 2             | 51,475 | 10             | 6,056              |
| Scheme 3- Category A | 63,805 | 10             | 8,610              |
| Scheme 3- Category B | 46,206 | 10             | 8,610              |

### Fair value of share options granted:

Considering that the options granted by the Parent Company are by nature American Options as the employee has right to exercise the options at anytime during 10 years from vesting of the options, the fair value of options has been estimated using the Binomial model.

| Inputs into the model | Option series |          |                     |                     |

## Modification to ESOP Scheme (FY 2023-24):

The Management modified the ESOP scheme, wherein the employees were given one time option to cash settle the ESOP's. The terms of share based payments are modified for vested options and consequently as per Ind AS 102, the excess of the fair value on modification over the fair value of the option on grant date of Rs. 100.27 million is accounted in the retained earnings. 22,396 ESOPs were encashed by employees at fair value determined based on equity raised by the Parent Company.

The share options outstanding at the end of the year had a weighted average remaining contractual life of 7.91 years (Previous year : 8.65)

### vi) Expense arising from share based payment transactions

Total expenses arising from share based payment transactions recognised in Consolidated Statement of Profit and Loss as a part of employee benefit expense were as follows:

| Particulars                           | For the year ended March 31, 2025 | For the year ended March 31, 2024 |

| Reason for business combination/asset acquisition | Due to change in global economic scenarios, there has been an increase in the price of solar modules being imported. The purchase of the acquiree's business has enabled the Company to obtain the solar plants at a cost lower than the present day cost of construction. The synergies on the asset acquisition have enabled the Company to improve its profitability. |                                                               |                                                                      |                                                                      |                 |

Deferred tax asset of Rs. 9,220.26 million (Previous year : Rs. 8,683.57 million) has been recognised by the Group on unabsorbed depreciation and unused business tax losses.

The recoverability of the deferred tax assets has been assessed based on:

- Internal budgets, profit forecasts prepared by management,
- applying tax principles to those forecasts; and
- following the methodology required by Ind AS 12 – Income Taxes.

Based on the assessments as above, the management determines that deferred tax assets created on unused tax losses (business losses and unabsorbed depreciation) should reverse well within the statutory time limit. These losses can be fully set-off against future taxable profits earned by the respective Companies/LLPs in the Group, and accordingly based on the reasonable certainty that sufficient future taxable income would be generated considering the size of the Company/LLPs, its growth trajectory and past performance history during normal times, appropriate amount of deferred tax asset has been created during the year. The management will continue to monitor and review these assets based on the profit forecasts in future.

Deferred tax asset amounting to Rs. 36.17 million and Rs. 25.02 million as at March 31, 2025 and March 31, 2024 respectively in respect of unused tax losses have not been recognised by the Group. The total tax loss carry forwards of Rs. 143.70 million and Rs. 99.43 million as at March 31, 2025 and March 31, 2024, respectively, relates to certain subsidiaries on which deferred tax asset has not been recognised by the Group, because there is a lack

of reasonable certainty that these subsidiaries may generate future taxable profits. Deferred tax assets on unused tax losses have been recognised by certain subsidiaries to the extent of profits arising from the reversal of existing taxable temporary differences.

Deferred income tax liabilities are recognised for all taxable temporary differences except in respect of taxable temporary differences associated with investments in subsidiaries where the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future. Accordingly, deferred income tax liabilities on cumulative earnings of subsidiaries amounting to Rs. 1,338.76 million and Rs. 618.02 million as at March 31, 2025 and March 31, 2024, respectively has not been recognised. Further, it is not practicable to estimate the amount of the unrecognised deferred tax liabilities for these undistributed earnings.

## NOTE 57 : SEGMENT

As per the Ind AS 108 on 'Operating Segments' the segment wise information is given below:

The Board of Directors have been identified as the Chief Operating Decision Maker (CODM) of the Group. During the FY 2024-25, the Group has updated its primary segments basis CODM's review and revised segments are Segment A - RE Power Sales and Segment B - RE Services (segments reported in previous years were Segment A - Renewable power projects segment, Segment B - Maintenance and other services, Segment C - Power sale segment and Segment D - Carbon credits). Segment A - RE Power Sales includes the previously classified Power sale segment and Carbon credits whereas all other previously classified segments are clubbed to Segment B - RE Services.

As per the requirements of Ind AS 108, the Group has also added Segment Gross Margin and EBITDA as it is one of the major outcomes reviewed in detail by the CODM. Revenues and expenses directly attributable to segments are reported under each reportable segment. Expenses which are not directly identifiable to each reportable segment have been allocated on the basis of associated gross margins of the segment and manpower efforts. All other expenses which are not attributable or allocable to segments have been disclosed as unallocable expenses. Assets and liabilities that are directly attributable or allocable to segments are disclosed under each reportable segment. All non-cash incomes and expenses, other than depreciation have been unallocated.

In the consolidated financial information, the segment related disclosures for comparative periods have been reclassified to conform with the presentation and reporting in the current period in accordance with Ind AS 108.

## OPINION

We have audited the accompanying Standalone Financial Statements of CLEAN MAX ENVIRO ENERGY SOLUTIONS PRIVATE LIMITED (the "Company"), which comprise the Balance Sheet as at 31<sup>st</sup> March, 2025, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year ended on that date, and notes to the Standalone Financial Statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as the "Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31<sup>st</sup> March, 2025, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

## BASIS FOR OPINION

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

## KEY AUDIT MATTER

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matter to be communicated in our report.

| Key Audit Matter                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     | Auditor's Response                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |

| Overstatement of revenue is considered to be a significant audit risk as revenue is the key driver of returns to investors and incentives linked to performance for a reporting period. ## INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board of Director's Report including the Annexures thereto but does not include the Consolidated Financial Statements, Standalone Financial Statements and our auditor's report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## RESPONSIBILITIES OF MANAGEMENT AND BOARD OF DIRECTORS FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India including Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors is also responsible for overseeing the Company's financial reporting process.

## AUDITOR'S RESPONSIBILITY FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to Standalone Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by Section 143(3) of the Act, based on our audit of the Financial Statements we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
  - d) In our opinion, the aforesaid Standalone Financial Statements comply with the Ind AS specified under Section 133 of the Act.
  - e) On the basis of the written representations received from the directors as on 31<sup>st</sup> March, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on 31<sup>st</sup> March, 2025 from being appointed as a director in terms of Section 164(2) of the Act.
  - f) With respect to the adequacy of the internal financial controls with reference to Standalone Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Standalone Financial Statements.
  - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the Company being a private company, section 197 of the Act related to the managerial remuneration is not applicable.
  - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our

opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations on its financial position in its Standalone Financial Statements;
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
- iv. (a) The Management has represented that, to the best of its knowledge and belief, as disclosed in note 51(b) to the Standalone Financial Statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (b) The Management has represented, that, to the best of its knowledge and belief, as disclosed in note 51(c) to the Standalone Financial Statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. The Company has not declared or paid any dividend during the year and has not proposed final dividend for the year.
- vi. Based on our examination, which included test checks, the Company has used accounting software system for maintaining its books of account for the financial year ended 31<sup>st</sup> March, 2025 which has the feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software system.

Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

- 2. As required by the Companies (Auditor's Report) Order, 2020 (the "Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B", a Statement on the matters specified in paragraphs 3 and 4 of the Order.

## Annexure “A” to the Independent Auditor’s Report

**(Referred to in paragraph 1 (f) under ‘Report on Other Legal and Regulatory Requirements’ of our report to the Members of Clean Max Enviro Energy Solutions Private Limited of even date)**

### **REPORT ON THE INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 (THE “ACT”)**

We have audited the internal financial controls with reference to Standalone Financial Statements of CLEAN MAX ENVIRO ENERGY SOLUTIONS PRIVATE LIMITED (the “Company”) as of 31<sup>st</sup> March, 2025 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

### **MANAGEMENT’S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS**

The Company’s Management is responsible for establishing and maintaining internal financial controls with reference to Standalone Financial Statements based on the internal control with reference to Standalone Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the “ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### **AUDITOR’S RESPONSIBILITY**

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to Standalone Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to Standalone Financial Statements. Those Standards and the Guidance Note

require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Standalone Financial Statements included obtaining an understanding of internal financial controls with reference to Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to Standalone Financial Statements.

### **MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS**

A company’s internal financial control with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to Standalone Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the Financial Statements.

## **INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS**

Because of the inherent limitations of internal financial controls with reference to Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Standalone Financial Statements to future periods are subject to the risk that the internal financial control with reference to Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## **OPINION**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to Standalone Financial Statements and such internal financial controls with reference to Standalone Financial Statements were operating effectively as of 31<sup>st</sup> March, 2025, based on the criteria for internal financial control with reference to Standalone Financial Statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

## Annexure “B” to the Independent Auditor’s Report

**(Referred to in paragraph 2 under ‘Report on Other Legal and Regulatory Requirements’ of our report to the Members of Clean Max Enviro Energy Solutions Private Limited of even date)**

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (i) In respect to the Company’s Property, Plant and Equipment and Intangible Assets:
- (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and relevant details of capital work in progress.
- (B) The Company has also maintained proper records showing full particulars of intangible assets.
- (b) The Property, Plant and Equipment and capital work in Progress were physically verified during the year by the Management which, in our opinion, provides for physical verification at reasonable intervals. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- (c) With respect to immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company) disclosed in the Standalone Financial Statements included in property, plant and equipment, according to the information and explanations given to us and based on the examination of the registered sale deed provided to us, we report that, the title deeds of such immovable properties are held in the name of the Company as at the balance sheet date, except for the following:

| Description of Property                                                      | As at the Balance Sheet date (Rs. in million) |                                            | Held in the name of                    | Whether promoter, director or their relative or employee | Period held | Reason for not being held in the name of Company                                                                                                                                                                                                  |

|                                                                              | Gross carrying value                          | Carrying value in the Financial Statements |                                        |                                                          |             |                                                                                                                                                                                                                                                   |
| Parcels of Freehold land located at Sedam, Karnataka, admeasuring 2.00 acres | 2.19                                          | 2.19                                       | Clean Max Photovoltaic Private Limited | No                                                       | 31-01-2018  | The Company has possession of the said land parcels and the Company is in the process of completing the transfer, registration and other formalities for the said land parcels since it is pending on account of the correction of the documents. |

- (d) The Company has not revalued any of its property, plant and equipment (including right-of-use assets) and intangible assets during the year.
- (e) No proceedings have been initiated during the year or are pending against the Company as at 31<sup>st</sup> March, 2025 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii) (a) The inventories were physically verified during the year by the Management at reasonable intervals. In our opinion and based on information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories, when compared with the books of account.
- (b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, at points of time during the year, from banks on the basis of security of current assets. According to the information and explanations given to us and

as disclosed in Note 49(x) to the Standalone Financial Statements, the Company is not required to submit any quarterly returns or statements of current assets with such banks in relation to such sanctioned working capital limits and hence the reporting on whether quarterly returns or statements filed by the Company with such banks are in agreement with the books of account of the Company is not applicable.

(iii) The Company has made investments in, provided guarantee and granted loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year, in respect of which:

(a) The Company has provided loans and stood guarantee, during the year, the details of which are given below:

| (Amount Rs. in million)                                                     |           |           |
|-----------------------------------------------------------------------------|-----------|-----------|
| Particulars                                                                 | Loans     | Guarantee |
| A. Aggregate amount granted / provided during the year:                     |           |           |
| a) Subsidiaries                                                             | 16,716.85 | 20,769.48 |
| b) Joint Venture                                                            | 1.31      | -         |
| c) Others                                                                   | 47.99     | -         |
| Balance outstanding as at the balance sheet date in respect of above cases: |           |           |
| a) Subsidiaries                                                             | 8,712.51  | 19,896.21 |
| b) Joint Venture                                                            | 0.74      | -         |
| c) Others                                                                   | 24.69     | -         |

The Company has not provided any security to any other entity during the year.

(b) The investment made, guarantees provided, and terms and conditions of the grant of the all the above-mentioned loans and guarantees provided, during the year are, in our opinion, prima facie, not prejudicial to the Company's interest.

(c) In respect of loans of Rs. 6,209.20 million granted during the year by the Company, the schedule of repayment of principal and payment of interest has been stipulated and the repayments of principal amounts and receipts of interest are regular as per stipulation.

In addition, the Company has granted interest free loans of Rs. 10,507.65 million which are repayable on demand. Having regard to the fact that the repayment of principal have been made when demanded by the Company, in our opinion the repayments of principal amounts are regular.

(d) There is no overdue amount outstanding as at the balance sheet date in respect of loans granted by the Company. The Company has not granted any advances in the nature of loans.

(e) No loan or advance in the nature of loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties.

(f) The Company has granted loans which are repayable on demand or without specifying any terms or period of repayment, details of which are given below:

| Particulars                                                                                                   | All Parties | Related Parties |
|---------------------------------------------------------------------------------------------------------------|-------------|-----------------|
| Aggregate of loans which are repayable on demand outstanding as at 31 <sup>st</sup> March, 2025 (Rs. Million) | 3,194.09    | 3,164.80        |
| Percentage of loans which are repayable on demand to the total loans                                          | 20.97%      | 20.78%          |

(iv) The Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of loans granted, investments made and guarantees and securities provided, as applicable.

(v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) is not applicable.

(vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) In respect of statutory dues:

(a) Undisputed statutory dues, including Goods and Service tax, Provident Fund, Income-tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, cess and other material statutory dues applicable to the Company have generally been regularly deposited by it with the appropriate authorities in all cases during the year. We have been informed that the Employee State Insurance is not applicable to the Company.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Income-tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, cess and other material statutory dues in arrears as at 31<sup>st</sup> March, 2025 for a period of more than six months from the date they became payable.

\* The liability was adjusted against the refund for AY 2019-20 and AY 2020-21.

(viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.

(ix) In respect of borrowings:

(a) In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

- (c) The term loans availed by the Company were applied by the Company during the year for the purposes for which the loans were obtained, other than temporary deployment pending application of proceeds.
- (d) On an overall examination of the Standalone Financial Statements of the Company, funds raised on short-term basis have, not been used during the year for long-term purposes by the Company.
- (e) On an overall examination of the Standalone Financial Statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, joint venture or associate.
- (f) The Company has not raised any loans during the year on the pledge of securities held in its subsidiaries or joint venture or associate companies and hence reporting on clause 3(ix)(f) of the Order is not applicable.
- (x) (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
- (b) The Company has made preferential allotment of shares during the year. For such allotment of shares, the Company has complied with the requirements of Section 62 of the Companies Act, 2013, and the funds raised have been, prima facie, applied by the Company during the year for the purposes for which the funds were raised, other than temporary deployment pending application. The Company has not made any private placement of shares during the year. Further, the Company has not made any preferential allotment or private placement of (fully or partly or optionally) debenture during the year.
- (xi) (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.

- (xii) The Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable.
- (xiii) The Company is a private company and hence the provisions of section 177 of the Act are not applicable to the Company. The Company has complied with Section 188 of the Companies Act, as regards the transactions with related parties. In our opinion and according to the information and explanations given to us, the Company has disclosed the details of related party transactions in the Standalone Financial Statements etc. as required by the applicable accounting standards.
- (xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- (xv) In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Act are not applicable.
- (xvi) (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
- (b) The Group does not have any CIC as part of the group and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- (xvii) The Company has not incurred any cash losses in the financial year covered by our audit and in the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the Standalone Financial Statements and our knowledge of the Board of

Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report which is not mitigated indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there is no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause 3(xx) of the Order is not applicable for the year.

# Notes to Standalone Financial Statements

for the year ended March 31, 2025

## NOTE 1.1 CORPORATE INFORMATION

Clean Max Enviro Energy Solutions Private Limited (the "Company") is a private company incorporated and domiciled in India, in the year 2010.

The Company is engaged in developing renewable power projects and in generation and sale of power. The registered office address of the Company is 4<sup>th</sup> Floor, The International, 16 Maharshi Karve Road, New Marine Lines Cross Road No. 1, Churchgate, Mumbai, 400 020, Maharashtra, India. The Company is in the business of generation and sale of power through solar.

The Financial Statements for the year ended March 31, 2025 have been approved by the Board of Directors and authorised for issue on May 27, 2025.

## NOTE 1.2 BASIS OF PREPARATION AND ACCOUNTING

The Financial Statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") prescribed under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules as amended from time to time.

The Financial Statements are presented in Indian Rupees and all amounts disclosed in the financial statements and notes have been rounded off to the nearest million, unless otherwise stated.

The Company maintains its accounts on accrual basis following historical cost convention, except for certain assets and liabilities that are measured at fair value in accordance with Ind AS.

The Company has prepared the financial statements on the basis that it will continue to operate as a going concern.

The principal accounting policies are set out below.

## NOTE 1.3 MATERIAL ACCOUNTING POLICIES

### (a) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable. Revenue excludes indirect taxes which are collected on behalf of Government.

#### i. Revenue from sale of power:

Revenue from sale of power is recognised when the units of electricity is delivered at the

price agreed with the customer in the power purchase agreement which coincides with the transfer of control and the Company has a present right to receive the payment.

Revenue is measured based on the transaction price, which is the consideration, adjusted for discounts and other incentives, if any, as specified in the contract with the customer or on account of change in law. Revenue also excludes taxes or other amounts collected from customers in its capacity as an agent. If the consideration in a contract includes a variable amount or consideration payable to the customer, the Company estimates the amount of consideration to which it will be entitled in exchange for transferring the goods /services to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved.

#### ii. Revenue from construction contracts:

Contract revenues are recognised over a period of time, based on the stage of completion of the contract activity. Revenue is measured based on the proportion of contract costs incurred for satisfying the performance obligation to the total estimated contract costs.

Expected loss, if any, on a contracts is recognised as expense in the period in which it is foreseen, irrespective of the stage of completion of the contract.

Contract modifications are accounted for, when additions, deletions or changes are approved either to the contract scope or contract price. Accounting for modifications of contracts involves assessing whether the services added to an existing contract are distinct and whether the pricing is a standalone selling price. Services added that are not distinct are accounted for on a cumulative catch up basis, while those that are distinct are accounted for prospectively, either as a separate contract, if the additional services are priced at the standalone selling price, or as a termination of the existing contract and creation of a new contract if not priced at the standalone selling price.

for the year ended March 31, 2025

## iii. Revenue from sale of services:

Revenue from services rendered over a period of time, such as operation and maintenance contracts, are recognised over the period of the performance obligation.

## iv. Interest income:

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

### Contract balances:

A trade receivable represents the Company's right to an amount of consideration that is unconditional i.e. only the passage of time is required before payment of consideration is due and the amount is billable.

Unbilled revenue is recognised for work performed under a contract but has not yet been invoiced to the customer.

Advance from customer represents a contract liability which is the obligation to transfer goods or services to a customer for which the Company has received consideration from the customer.

## (b) Government Subsidy

Government grants in the nature of subsidy related to customer contracts are recognised as income in the Statement of Profit and Loss, on a prudent basis, on commissioning of the solar power plant when there is reasonable assurance that the conditions for the grant of subsidy will be fulfilled and grant will be realised. When the grant relates to an asset, the subsidy amount is deducted from the carrying amount of the asset.

## (c) Share of profit or loss in Limited Liability Partnership/ Joint Venture ("LLP/ JV"):

Share of profit or loss in LLP accrues when the same is computed and credited or debited to the Capital/Current/any other account of the Company in the books of the LLP. Accordingly, share of profit or loss in LLPs is accounted when such share of

profit or loss is credited or debited to Partner's Capital / Current Account as per the terms of the LLP agreement.

Share of profit from joint venture is recognized in the statement of profit and loss when the right to receive such distribution is established.

## (d) Goods and Service tax input credit

Goods and Service tax input credit is accounted for in the books in the period in which the underlying goods and service received is accounted and when there is reasonable certainty in availing / utilising the credits.

## (e) Employee benefits

Salaries, wages, and other short term benefits, accruing to employees are recognised at undiscounted amounts in the period in which the employee renders the related service.

### Retirement benefits

#### Defined contribution plan:

The Company offers its employees defined contribution plans in the form of provident fund and family pension fund. Provident fund and family pension funds cover substantially all regular employees. Contributions are paid during the year into separate funds under certain fiduciary-type arrangements. Both the employees and the Company pay predetermined contributions into provident fund and family pension fund. The contributions are normally based on a certain proportion of the employee's salary. The contributions made are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

#### Defined benefit plan:

For defined benefit plans in the form of gratuity, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each balance sheet date. Actuarial gains and losses are recognized in Other Comprehensive Income in the period in which they occur. Past service cost is recognised immediately to the extent that the benefits are already vested and otherwise is amortised on a straight-line basis over the average period until the benefits become vested. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, as reduced by the fair value of scheme assets. Any asset resulting from this calculation

# Notes to Standalone Financial Statements

for the year ended March 31, 2025

is limited to past service cost, plus the present value of available refunds and reductions in future contributions to the schemes.

## (f) Share-based payments

Equity-settled share-based payments to employees of the Company are measured at the fair value of the equity instruments at the grant date. Details regarding the determination of the fair value of equity-settled share-based transactions are set out in Note 38. The fair value determined at the grant date of the equity-settled share-based payments to employees of the Company is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity at the end of year. At the end of each year, the Company revisits its estimate of the number of equity instruments expected to vest and recognizes any impact in profit or loss, such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity-settled employee benefits reserve.

## (g) Foreign currencies

The functional currency of the Company is the Indian rupee (Rs.).

Income and expenses in foreign currencies are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are translated at the exchange rate prevailing on the balance sheet date and exchange gains and losses arising on settlement and restatement are recognised in profit or loss.

Foreign currency denominated non - monetary assets and liabilities that are measured at historical cost are not retranslated.

## (h) Exceptional items

Exceptional items refer to items of income or expense within the income statement from ordinary activities which are non-recurring and are of such size, nature or incidence that their separate disclosure is considered necessary to explain the performance of the Company and to assist users of financial statements in making projections of future financial performance.

## (i) Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

### Current tax

The tax currently payable is based on taxable profit for the reporting period. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates (applicable tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. Current income taxes are recognized in the statement of profit and loss except to the extent that the tax relates to items recognized outside profit and loss, either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

### Deferred taxes

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been

# Notes to Standalone Financial Statements

for the year ended March 31, 2025

enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

## (j) Provisions, contingent liability and contingent asset

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

A contingent liability is disclosed in the Financial Statements by way of notes to accounts, unless possibility of an outflow of resources embodying economic benefit is remote. A contingent asset is disclosed in the Financial Statements by way of notes to accounts when an inflow of economic benefits is probable.

## (k) Financial Instruments

### Recognition and initial measurement

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

### Financial assets

#### Financial assets at amortised cost

A financial asset shall be measured at amortised cost using effective interest rates if both of the following conditions are met:

- financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### Financial assets at fair value through profit or loss (FVTPL)

Financial assets at FVTPL include financial assets that either do not meet the criteria for amortised cost classification or are equity instruments held for trading or that meet certain conditions and are designated at FVTPL upon initial recognition. All derivative financial instruments also fall into this category, except for those designated and effective as hedging instruments, for which the hedge accounting requirements may apply. Assets in this category are measured at fair value with gains or losses recognized in the statement of profit and loss. The fair values of financial assets in this category are determined by reference to active market transactions or using a valuation technique where no active market exists.

#### Financial assets at fair value through other comprehensive income (FVTOCI)

On initial recognition, the Company can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in

# Notes to Standalone Financial Statements

for the year ended March 31, 2025

the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not to be reclassified to the statement of profit and loss on disposal of the investments.

Dividends on these investments in equity instruments are recognised in the statement of profit and loss when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably. Dividends recognised in the statement of profit and loss are included in the 'Other income' line item.

## Impairment of financial asset

The Company assesses expected credit losses associated with its assets carried at amortised cost based on Company's past history of recovery, creditworthiness of the counter party and existing market conditions. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade receivables, the Company applies the simplified approach for recognition of impairment allowance as provided in Ind AS 109 – Financial Instruments, which requires expected lifetime losses to be recognised on initial recognition of the receivables.

## Derecognition of financial asset

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

## Investment in subsidiaries and joint ventures

The Company accounts for its investments in subsidiaries and joint ventures at cost.

## Financial liabilities

### Initial recognition

All financial liabilities are recognised initially at fair value minus, in the case of financial liabilities not at fair value through profit and loss, directly attributable transaction costs.

### Subsequent measurement

#### Financial liabilities at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent reporting periods. The carrying amounts of financial liabilities

that are subsequently measured at amortised cost are determined based on the effective interest method.

#### Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss are carried at fair value with net changes in fair value, including interest expense, recognised in the statement of profit and loss.

#### Derivative financial instruments

The Company enters into derivative contracts to hedge foreign currency transactions. Such derivative financial instruments are measured at fair value at the end of each reporting period. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss immediately.

#### Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Incremental costs directly attributable to the issuance of new ordinary shares and share options are recognized as a deduction from equity, net of any tax effects.

#### Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the statement of profit and loss.

#### Fair value measurement

When the fair values of financial assets or financial liabilities recorded or disclosed in the financial statements cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to

# Notes to Standalone Financial Statements

for the year ended March 31, 2025

these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include consideration of inputs such as liquidity risk, credit risk and volatility.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

## (l) Inventories

Inventories are valued at cost or net realisable value, whichever is lower, cost being worked out on weighted average basis. Cost includes all charges for bringing the goods to their present location and condition.

Net realizable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

## (m) Leases

The Company evaluates each contract or arrangement, whether it qualifies as lease as defined under Ind AS 116.

The Company as a lessee

The Company assesses, whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract involves:

- (a) the use of an identified asset,
- (b) the right to obtain substantially all the economic benefits from use of the identified asset, and
- (c) the right to direct the use of the identified asset.

## Right to Use Asset

The Company at the inception of the lease contract recognizes a Right-of-Use (RoU) asset at cost and corresponding lease liability, except for leases with term of less than twelve months (short term) and low-value assets.

The cost of the right-of-use assets comprises the amount of the initial measurement of the lease liability, any lease payments made at or before the inception date of the lease plus any initial direct costs, less any lease incentives received. Subsequently, the right of-use assets is measured at cost less any accumulated depreciation and accumulated impairment losses, if any. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use assets.

| Category of Lease | Useful life |
|-------------------|-------------|
| Leasehold land    | 25-30 years |

The Company applies Ind AS 36 to determine whether a Right-of-Use asset is impaired and accounts for any identified impairment loss in the Statement of Profit and Loss as described in the Note 1.3.(q).

## Lease Liabilities

For lease liabilities at inception, the Company measures the lease liability at the present value of the lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs. The lease payments are discounted using the interest rate implicit in the lease, if that rate is readily determined, if that rate is not readily determined, the lease payments are discounted using the incremental borrowing rate. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made.

# Notes to Standalone Financial Statements

for the year ended March 31, 2025

The Company recognizes the amount of the re-measurement of lease liability as an adjustment to the right-of-use assets. Where the carrying amount of the right-of-use assets is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognizes any remaining amount of the re-measurement in the Statement of Profit and Loss.

## (n) Property, Plant and Equipment, Capital work in progress, Intangible Assets and Depreciation

All items of property, plant and equipment, including freehold land, are initially recorded at cost. Subsequent to initial recognition, property, plant and equipment other than freehold land are measured at cost less accumulated depreciation and any accumulated impairment losses.

The cost of property, plant and equipment comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, including relevant borrowing costs for qualifying assets and any expected costs of decommissioning.

Interest on borrowed money allocated to and utilized for qualifying assets pertaining to the period up to the date of capitalization is added to the cost of the assets.

Salary cost and cost of travelling directly attributable to the construction of property, plant and equipment has been capitalized to the cost of property, plant and equipment.

Freehold land is not depreciated.

Any gain or loss arising on derecognition / disposal of an asset is included in profit or loss.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, as appropriate.

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation on property, plant and equipment has been provided as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect Solar Power Plant, Wind Farms and

Hybrid Farms where the life is considered as 25 years taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, manufacturers warranties and maintenance support, etc.

Expenditure related to and incurred during implementation (net of incidental income) of capital projects to get the assets ready for intended use is included under "Capital Work in Progress (including related inventories)". The same is allocated to the respective items of property plant and equipment on completion of construction / erection of the capital project / property, plant and equipment. Capital work in progress is stated at cost, net of accumulated impairment loss, if any.

## (o) Intangible Assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses (if any). Amortisation is recognized on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

| Category of Asset  | Useful Life |
|--------------------|-------------|
| Computer software  | 25 years    |
| Customer contracts | 25 years    |

## (p) Intangible Assets under Development

Expenditure on intangible assets eligible for capitalization are carried as intangible assets under development where such assets are not yet ready for their intended use.

## (q) Impairment of assets

Assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are compared at the lowest levels for which there are largely independent cash inflows (cash-generating units). Non financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period. Intangible assets that have an indefinite useful life or intangible assets not

# Notes to Standalone Financial Statements

for the year ended March 31, 2025

ready to use are not subject to amortisation and are tested annually for impairment.

The Company assesses at each reporting date whether there is any objective evidence that a financial asset is impaired. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is recognised for credit losses expected over the remaining life of the exposure, irrespective of timing of the default (a lifetime ECL).

The Company considers a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Company. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

For trade receivables, the Company applied a simplified approach in calculating ECLs. Therefore, the Company does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. Trade receivables of the Company are mainly from high credit worthy Commercial and Industrial ("C&I") customers. Delayed payment carries interest as per the terms of agreements with C&I customers.

## (r) Other Borrowing costs

Borrowing costs directly attributable to the acquisition or construction of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in statement of profit and loss in the period in which they are incurred.

The entity suspends capitalisation of borrowing costs during extended periods in which it suspends active development of a qualifying asset.

The entity determines the amount of borrowing costs eligible for capitalisation as the actual borrowing costs incurred on that borrowing during the period less any interest income earned on temporary investment of specific borrowings pending their expenditure on qualifying assets, to the extent that an entity borrows funds specifically for the purpose of obtaining a qualifying asset. If any specific borrowing remains outstanding after the related asset is ready for its intended use or sale, that borrowing becomes part of the funds that an entity borrows generally when calculating the capitalisation rate on general borrowings. In case if the entity borrows generally and uses the funds for obtaining a qualifying asset, borrowing costs eligible for capitalisation are determined by applying a capitalisation rate to the expenditure on that asset.

## (s) Earnings per share

Basic earnings per equity share has been computed by dividing the net profit or loss for the reporting period attributable to equity shareholders by the weighted average number of equity shares outstanding during the reporting period.

Diluted earnings per equity share is computed by dividing the net profit or loss for the period attributable to equity shareholders as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares by the weighted average number of equity shares outstanding during the reporting period as adjusted to the effects of all dilutive potential equity shares, except where results are anti-dilutive.

## (t) Events after the reporting period

Adjusting events are events that provide further evidence of conditions that existed at the end of the reporting period. The financial statements are adjusted for such events before authorisation for issue. Non-adjusting events are events that are indicative of conditions that arose after the end of the reporting period. Non-adjusting events after the reporting date are not accounted, but disclosed.

# Notes to Standalone Financial Statements

for the year ended March 31, 2025

## (u) Operating cycle

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act 2013. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents the Company has determined its operating cycle as twelve months for the purpose of classification of its assets and liabilities as current and non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities. Advance tax paid is classified as non-current assets.

## (v) Business Combination

In determining whether a particular set of activities and assets is a business, the Company assesses whether the set of assets and activities acquired includes, at a minimum, an input and substantive process and whether the acquired set has the ability to produce outputs. The Company has an option to apply a 'concentration test' that permits a simplified assessment of whether an acquired set of activities and assets is not a business. The optional concentration test is met if substantially all of the fair value of the gross assets acquired is concentrated in a single identifiable asset or company of similar identifiable assets.

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition date fair value of assets transferred by the Company, liabilities incurred by the Company to the former owners of the acquiree and the equity interest issued by the Company in exchange of the control of the acquiree. Acquisition related costs are recognised in Statement of Profit and Loss as incurred.

Business combination involving entities or businesses under common control are accounted for using the pooling of interest method. Under pooling of interest method, the assets and liabilities of the combining entities / business are reflected at their carrying value.

Purchase consideration paid in excess / shortfall of the fair value of identifiable assets and liabilities including contingent liabilities and contingent assets, is recognised as goodwill / capital reserve respectively.

Deferred tax assets and liabilities and assets or liabilities related to employee benefits arrangements are recognized and measured in accordance with Ind AS 12 "Income Taxes" and Ind AS 19 "Employee Benefits" respectively.

Potential tax effects of temporary differences and carry forwards of an acquiree that exist at the acquisition date or arise as a result of the acquisition are accounted in accordance with Ind AS 12.

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any. For the purposes of impairment testing, goodwill is tested at the independent cash generating unit. A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

## (w) Use of estimates and judgements

The preparation of financial statements in conformity with the recognition and measurement principles of Ind AS requires the management to make estimates and assumptions that affect the application of accounting policies and the reported balances of assets and liabilities including disclosures relating to contingent assets and liabilities as at the date of the financial statements and reported amounts of revenue and expenses during the period presented.

Contingent liability is recorded when it is probable that a liability may be incurred, and the amount can be reasonably estimated.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Estimates and underlying assumptions

# Notes to Standalone Financial Statements

for the year ended March 31, 2025

are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

## (x) Prepaid common infrastructure facility charges

Prepaid common infrastructure facility charges represent upfront payments made to secure the right to use the common infrastructure facilities, where ownership remains with a third party. These payments are recognized as assets at the amount paid on the date the right is obtained and amortised over the period of use.

## (y) Critical accounting judgement, estimates and assumptions

The preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS requires management to make judgments, estimates and assumptions, that effect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts of income and expenses for the years presented. Actual results may differ from these estimates.

These estimates and associated assumptions are based on historical experiences and various other factors that are believed to be reasonable under the circumstances. The estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognised in the period in which the estimate is revised if the revision affect only that period, or in the period of the revision and future periods if the revision affects both current and future period.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements pertain to:

### (a) Useful lives of property plant and equipment and intangible assets

The Company reviews the useful life of property, plant and equipment and intangible assets at the end of each reporting period. This reassessment may result in change in depreciation and amortisation expense in future periods.

### (b) Impairment of non-financial assets:

The Company estimates the value in use of the cash generating unit (CGU) based on future cash flows after considering current economic conditions and trends, estimated future operating results and growth rate and anticipated future economic and regulatory conditions. The estimated cash flows are developed using internal forecasts. The cash flows are discounted using a suitable discount rate in order to calculate the present value.

### (c) Taxation

The Company reviews the carrying amount of deferred tax assets at the end of each reporting period. The policy has been detailed in Note (d) above.

### (d) Defined benefit plans:

The cost of the defined benefit plans and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each Balance Sheet date.

### (e) Impairment of financial assets:

The impairment provision for financial assets (other than trade receivables) are based on assumptions of risk of default and expected loss rates. The Company makes judgements about these assumptions for selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period. Trade receivables are stated at their nominal values as reduced by appropriate allowances for estimated irrecoverable amounts which are based on the aging of the receivable balances and historical experiences. Individual trade receivables are written off when management deems them not be collectible.

# Notes to Standalone Financial Statements

for the year ended March 31, 2025

## (f) Costs to complete for Construction contracts:

The Company's management estimates the costs to complete for each project for the purpose of revenue recognition and recognition of anticipated losses on projects, if any. In the process of calculating the cost to complete, management conducts regular and systematic reviews of actual results and future projections with comparison against budget. This process requires monitoring controls including financial and operational controls and identifying major risks facing the Company and developing and implementing initiatives to manage those risks. The Company's management is confident that the costs to complete the project are fairly estimated.

## NOTE 2.1 NEW AND AMENDED STANDARDS

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On August 12, 2024 and September 09, 2024, MCA issued the Companies (Indian Accounting Standards) Amendment Rules, 2024 and Companies (Indian Accounting Standards) Second Amendment Rules, 2024 introducing following changes:

- i) Ind AS 117: Insurance Contracts was introduced and Ind AS 104: Insurance Contracts was withdrawn. This was accompanied with consequent amendments in other standards.

- ii) The amendments clarify accounting treatment for a seller-lessee involved in sale and leaseback transactions, and introduced some related illustrative examples. The above amendments have been considered by the Company in preparation of the Financial Statements. The amendments did not have any material impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

## NOTE 2.2 NEW AND AMENDED STANDARDS ISSUED BUT NOT EFFECTIVE

The Ministry of Corporate Affairs (MCA), vide notification dated May 7, 2025, has issued amendments to the Companies (Indian Accounting Standards) Rules, 2015. These amendments primarily relate to Ind AS 21 – The Effects of Changes in Foreign Exchange Rates and Ind AS 101 – First-time Adoption of Indian Accounting Standards, and are effective for annual reporting periods beginning on or after April 1, 2025.

These changes provide guidance on assessing currency exchangeability, estimating spot exchange rates when currencies are not exchangeable, and related disclosures.

The Company is evaluating the impact of these amendments. Based on initial assessment, no material impact is expected.

### Footnotes:

- For details of pledged assets, refer note 49.
- Salaries, wages and overheads of Rs. 1.42 million (Previous year March 2024 : Rs. 12.58 million) being directly attributable to construction of property, plant and equipment have been capitalised.
- Interest of Rs. 19.74 million (Previous year March 2024 : Rs. 38.88 million) capitalised during the year ended March 31, 2025.
- The Company is not holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988).
- The Company makes an assessment for impairment of Property, Plant and Equipment when facts and circumstances indicate that carrying values of such assets may not be recoverable. When evaluating for impairment, the carrying value of the asset is compared to the asset's estimated future undiscounted cash flows. The trigger for impairment occurs if the estimated undiscounted future cash flows are less than the carrying value of the asset. The value of impairment is determined by comparing the carrying value of the asset to the asset's recoverable value and recognize an impairment charge when the asset's carrying value exceeds its estimated recoverable value. The recoverable value of the asset is estimated using a discounted cash flow model based on forecasted future revenues and operating costs, using internal projections. The impairment test is performed at the independent cash generating unit (CGU) level. Depreciation for the period includes impairment of Rs. 6.93 million (Previous year March 2024: Rs. 1.27 million).

### Footnote :

10(a) For ageing of trade receivables, refer note 46B.

10(b) The Company has used a practical expedient for computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for forward-looking information. The expected credit loss allowance is based on the ageing of the days the receivables are due and the rates as given in the provision matrix.

## Nature and purpose of reserves:

- Securities premium is used to record the premium on issue of shares. The reserve shall be utilised in accordance with the provisions of section 52 of the Companies Act, 2013.
- Share options outstanding account: The Company has an employee share option scheme under which options to subscribe for the Company's shares have been granted to the key employees and directors. The share option outstanding account is used to recognise the value of equity settled share based payments provided to the key employees and directors. Refer to Note: 38 for further details of the scheme.
- Retained earnings represent the amount of accumulated earnings less any transfer to general reserve, dividends or distribution to shareholders of the Company. Retained earnings represent free reserves available to the Company.
- Capital reserve on business acquisition mainly represents the amount of net assets acquired over and above consideration paid consequent to the business acquisitions during the year.
- Debenture redemption reserve is created out of profits of the Company for the purpose of redemption of debentures issued by the Company. On completion of redemption, the reserve is transferred to retained earnings.

## Footnote :

- The transactions with related parties are made in the normal course of business and on terms equivalent to those that prevail in arm's length transactions. Outstanding balances at the year-end are unsecured and settlement occurs in cash.
- Managerial remuneration does not include provision made for gratuity since the same is provided for the Company as a whole based on independent actuarial valuation.

## NOTE 34: FINANCIALS INSTRUMENTS

### 34.1 Capital Management

The Company's objectives for managing capital comprise safeguarding the business as a going concern, creating value for stakeholders and supporting the development of the Company.

The Company also has obtained borrowings which are secured against the assets owned by the Company.

The management reviews the capital structure on a quarterly basis. As part of this review, the management considers risks associated with the Company that could result in erosion of its total equity.

### Gearing Ratio

The Capital structure of the Company consists of net debt and total equity.

The gearing ratio at the end of the year is as follows:

| Particulars                               | As at<br>March 31, 2025 | As at<br>March 31, 2024 |

# Notes to Standalone Financial Statements

for the year ended March 31, 2025

(Currency: Amount in ₹ million unless otherwise stated)

(i) Debt is defined as non current borrowings and current borrowings.

(ii) Capital is defined as equity share capital and other equity.

In order to achieve this overall objective, the Company's Capital Management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no significant breaches in the financial covenants of any interest-bearing loans and borrowing in the current year.

No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2025 and March 31, 2024

# Notes to Standalone Financial Statements

for the year ended March 31, 2025

(Currency: Amount in ₹ million unless otherwise stated)

The Management assess that cash and cash equivalents, bank balances other than cash and cash equivalents, short term loans given, trade receivables, trade payables, lease liabilities, borrowings, other financial liabilities and other financial assets carried at amortized cost approximate their carrying amounts largely due to the short-term maturities of these instruments.

## 34.3 Fair value hierarchy

The fair value measurement hierarchy of the Company's assets and liabilities are as follows:

## 34.4 Financial Risk Management objectives

The Management of the Company monitors and manages the financial risks relating to the operations of the Company on a continuous basis. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

Compliance with policies and exposure limits is reviewed internally on a continuous basis.

## 34.5 Market Risk

The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates. The Company enters into forward contracts to hedge their foreign currency exposure

## 34.6 Foreign currency risk management

The functional currency of the Company is Indian Rupees. The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. Exchange rate exposures are managed within approved policy parameters utilising forward foreign exchange contracts.

for the year ended March 31, 2025

(Currency: Amount in ₹ million unless otherwise stated)

The line-items in the balance sheet that include the above hedging instruments are “Other financial assets” and “Other financial liabilities”.

As at March 31, 2025, the aggregate amount of mark to market losses/(profit) under forward foreign exchange contracts relating to the exposure on these anticipated future transactions is Rs. Nil (Previous year March 2024: Rs. (5.42) million).

The Company has entered into contracts to purchase raw materials from overseas suppliers. The Company mainly enters into forward foreign exchange contracts (for terms not exceeding 6 months) to hedge the exchange rate risk arising from these purchases.

## Foreign Currency Sensitivity Analysis

The Company is exposed to USD and Euros. Transactions in other foreign currency is with subsidiary companies and does not have any significant exposure.

The following table details the Company's sensitivity to a 5% increase and decrease in the Rupee against USD and Euros. 5% is a sensitivity rate used when reporting foreign currency internally to the key management personnel and represents management's assessment of the reasonably possible changes in the foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 5% change in the foreign currency rates. A positive number below indicates an increase in profit or equity where the Rupee strengthens 5% against the relevant currency. For a 5% weakening of the Rupee against the relevant currency, there would be a comparable impact on the profit or equity, and the balances below would be negative.

## 34.7 Interest rate risk management

The Company is exposed to interest rate risk because Company borrows fund at prevailing interest rates.

## 34.8 Credit risk management

Credit risk refers to the risk that the counter party will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivable, bank balances other than cash and cash equivalents and other receivables.

Credit is extended only after due approvals and evaluation in terms of the Credit Policy applicable for such sale. The process of extending credit approval, takes into account various factors such as publicly available financial information, market feedback, and past business patterns etc. Many of the Company's customers have been transacting since inception and the incidence of bad debts has been very low. Such credit limits extended to trade receivables are monitored by the Board of Directors and protective action are initiated to avoid a default. In view of the short nature of its trade receivables, the Company makes provision for credit risk on an individual basis, if any. Individual customer credit limits are imposed based on relevant factors such as market feedback, business potential and past records on selective basis.

Credit risk arising from other balance with bank is limited and there is no collateral held against these because the counter parties are bank and recognised financial institutions with high credit ratings.

## 34.9 Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the Board of Directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-term, medium-term and long-term funding and liquidity management requirements. The Company manages its funds from internal accruals, borrowings and fund raising through equity. The liquidity risk is managed by utilising banking facilities and by matching the maturity profiles of financial assets and liabilities.

### Maturities of financial liabilities:

The following tables detail the Company's remaining contractual maturity for its financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

## 34.10 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's non current debt obligations with floating interest rates. The Company's external borrowings are at variable floating interest rate of interest and for which the sensitivity analysis have been carried out based on the exposure to interest rates for such borrowings at the end of the reporting periods. The said analysis has been carried on the amount of floating rate non - current borrowings outstanding at the end of the reporting period. A 50 basis point increase or decrease represents the management's assessment of the reasonably possible change in interest rates.

In case of fluctuation in interest rates by 50 basis points and all other variable held constant ,the Company's profit for the year would increase or decrease as follows:

## NOTE 36: EMPLOYEE BENEFITS

In accordance with Ind AS - 19 Employee Benefits, specified under Section 133 of the Companies Act, 2013 the following disclosures are made:

**36.1** The Company recognised in FY 24-25 Rs. 19.94 million (FY 23-24: Rs. 15.28 million) for Provident Fund contributions in the Statement of Profit and Loss. The contributions payable to these plans by the Company are at rates specified in the rules of the schemes.

### 36.2 Defined benefit plans:

The Company has an unfunded gratuity plan for qualifying employees. The benefit payable is calculated as per the Payment of Gratuity Act. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. Gratuity amount is derived as  $15/26 \times \text{Last drawn basic salary} \times \text{Number of completed years}$ .

Actuarial gains and losses in respect of defined benefit plans are recognised in the financial statements through other comprehensive income.

### Interest risk

A decrease in the bond interest rate will increase the plan liability.

## Longevity risk

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

## Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The following table set out the unfunded status of the defined benefit schemes and the amount recognised in financial statements.

The discount rate is based on the prevailing market yields of Government of India securities as at the balance sheet date for the estimated term of the obligations. The estimate of future salary increases considered, takes into account the inflation, seniority, promotion, increments and other relevant factors such as supply and demand in the employment markets.

## Sensitivity Analysis

Gratuity is a lump sum plan and the cost of providing these benefits is typically less sensitive to small changes in demographic assumptions. The key actuarial assumptions to which the benefit obligation results are particularly sensitive to are discount rate and future salary escalation rate. The following tables summarize the impact on the reported defined benefit obligation at the end of the reporting period arising on account of an increase or decrease in the reported assumption by 100 basis points. These sensitivities have been calculated to show the movement in defined benefit obligation in isolation and assuming there are no other changes in market conditions at the accounting date. There have been no changes from the previous periods in the methods and assumptions used in preparing the sensitivity analysis.

## Modification to ESOP Scheme:

The Management modified the ESOP scheme, wherein the employees were given one time option to cash settle the ESOP's. The terms of share based payments are modified for vested options and consequently as per Ind AS 102, the excess of the fair value on modification over the fair value of the option on grant date of Rs. 100.27 million is accounted in the retained earnings. 22,396 ESOPs were encashed by employees at fair value determined based on equity raised by the Company.

The share options outstanding at the end of the year had a weighted average remaining contractual life of 7.91 years (Previous year : 8.65 years)

| Acquisition date                                 | April 1, 2024                                                                                                                                                                                                                                                                                                                                                               |              |
| Reason for business combination                  | Due to change in global economic scenarios, there has been an increase in the price of solar modules being imported. The purchase of the acquiree's business has enabled the company to obtain the solar plants at a cost lower than the present day cost of construction. The synergies on the business combination have enabled the Company to improve its profitability. |              |
| Means of business combination                    | Purchase of the business assets and corresponding liabilities for a purchase consideration via a duly signed business transfer agreement                                                                                                                                                                                                                                    |              |

| Reason for business combination                  | Due to change in global economic scenarios, there has been an increase in the price of solar modules being imported. The purchase of the acquiree's business has enabled the company to obtain the solar plants at a cost lower than the present day cost of construction. The synergies on the business combination have enabled the Company to improve its profitability. |                                                               |              |
