INDEPENDENT AUDITOR'S EXAMINATION REPORT ON RESTATED CONSOLIDATED FINANCIAL INFORMATION

The Board of Directors
Clean Max Enviro Energy Solutions Limited
(formerly known as Clean Max Enviro Energy Solutions Private Limited)
4th Floor, The International,
16 Maharshi Karve Road,
New Marine Lines Cross Road No.1,
Churchgate, Mumbai 400 020

Dear Sirs,

1. We, B S R & Co. LLP, Chartered Accountants, have examined the attached restated consolidated financial information of Clean Max Enviro Energy Solutions Limited (formerly known as Clean Max Enviro Energy Solutions Private Limited) (the "Company" or the "Issuer") and its subsidiaries (the Company and its subsidiaries together referred to as the "Group"), its associates and its joint ventures, comprising the restated consolidated statement of assets and liabilities as at 30 September 2025, 30 September 2024, 31 March 2025, 31 March 2024 and 31 March 2023, and the restated consolidated statement of profit and loss (including other comprehensive income), the restated consolidated statement of changes in equity, the restated consolidated statement of cash flows for the six months period ended 30 September 2025 and 30 September 2024 and for the years ended 31 March 2025, 31 March 2024 and 31 March 2023, the material accounting policies and other explanatory information and notes (collectively, the "Restated Consolidated Financial Information"), as approved by the Board of Directors of the Company at their meeting held on 19 November 2025 for the purpose of inclusion in the Red Herring Prospectus/Prospectus ("RHP/Prospectus") prepared by the Company in connection with its proposed initial public offer of equity shares ("Proposed IPO") prepared in terms of the requirements of:
   a) Section 26 of Part I of Chapter III of the Companies Act, 2013, as amended (the "Act");
   b) The Securities and Exchange Board of India ("SEBI") (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended ("ICDR Regulations"); and
   c) The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India ("ICAI") (the "Guidance Note").

2. The Company's Board of Directors is responsible for the preparation of the Restated Consolidated Financial Information for the purpose of inclusion in the RHP/Prospectus to be filed with SEBI, the BSE Limited ("BSE"), the National Stock Exchange of India Limited ("NSE", together with BSE referred to "Stock Exchanges") and the Registrar of Companies, Maharashtra, situated at Mumbai in connection with the Proposed IPO. The Restated Consolidated Financial Information have been prepared by the management of the Company on the basis of preparation stated in note 1.2 to the Restated Consolidated Financial Information. The responsibility of respective Management and Board of

B S R & Co. (a partnership firm with Registration No. BA61223) converted into B S R & Co. LLP (a Limited Liability Partnership with LLP Registration No. AAB-8181) with effect from October 14, 2013

Registered Office
14th Floor, Central B Wing and North C Wing, Nesco IT Park 4, Nesco Center, Western Express Highway, Goregaon (East), Mumbai - 400063

Directors/ Designated Partners of the companies/ limited liability partnerships included in the Group, its associates and its joint ventures includes designing, implementing and maintaining adequate internal control relevant to the preparation and presentation of the Restated Consolidated Financial Information. The respective Board of Directors/ Designated Partners are also responsible for identifying and ensuring that the Group, its associates and its joint ventures complies with the Act, ICDR Regulations and the Guidance Note.

3. We have examined such Restated Consolidated Financial Information taking into consideration:

   a) The terms of reference and terms of our engagement agreed upon with you in accordance with our engagement letter dated 8 November 2025 in connection with the Proposed IPO of equity shares of the Issuer;

   b) The Guidance Note. The Guidance Note also requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI;

   c) Concepts of test checks and materiality to obtain reasonable assurance based on verification of evidence supporting the Restated Consolidated Financial Information; and

   d) The requirements of Section 26 of the Act and the ICDR Regulations.

   Our work was performed solely to assist you in meeting your responsibilities in relation to your compliance with the Act, the ICDR Regulations and the Guidance Note in connection with the Proposed IPO.

4. These Restated Consolidated Financial Information have been compiled by the management from:

   a) Audited special purpose consolidated interim financial statements of the Group and its joint ventures as at and for the six months period ended 30 September 2025 prepared in accordance with the basis of preparation described in Note 1.2 to the Special Purpose Consolidated Interim Financial Statements, which have been approved by the Board of Directors at their meetings held on 19 November 2025;

   b) Audited special purpose interim consolidated financial statements of the Group, its associates and its joint ventures as at and for the six months period ended 30 September 2024 prepared in accordance with the basis of preparation described in Note 1.2 to the special purpose consolidated interim financial statements, which have been approved by the Board of Directors at their meeting held on 19 November 2025; and

   c) Audited consolidated Ind AS financial statements of the Group, its associates and its joint ventures as at and for the years ended 31 March 2025, 31 March 2024 and 31 March 2023 prepared in accordance with Indian Accounting Standards ("Ind AS") as prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015, as amended, and other accounting principles generally accepted in India, which have been approved by the Board of Directors at their meetings held on 27 May 2025, 27 May 2024 and 29 May 2023, respectively.

5. For the purpose of our examination, we have relied on:

   a) Auditor's report issued by us dated 19 November 2025 on the special purpose consolidated interim financial statements of the Group and its joint ventures as at and for the six months period ended 30 September 2025 as referred in Paragraph 4 (a) above:

   b) Practitioner's report issued by M/s Deloitte Haskins & Sells LLP ("the Previous Auditor") dated 19 November 2025 on the special purpose interim consolidated financial statements of the Group, its associates and its joint ventures as at and for the six months period ended 30 September 2024 as referred in Paragraph 4 (b) above.

   c) Auditor's reports issued by the Previous Auditor dated 27 May 2025, 27 May 2024 and 29 May 2023 on the consolidated Ind AS financial statements of the Group, its associates and its joint ventures as at and for the years ended 31 March 2025, 31 March 2024 and 31 March 2023 as referred in Paragraph 4 (c) above.

   The audits for the six months period ended 30 September 2024 and financial years ended 31 March 2025, 31 March 2024 and 31 March 2023 were conducted by the Company's Previous Auditor, and accordingly reliance has been placed on the restated consolidated statement of assets and liabilities as at 30 September 2024, 31 March 2025, 31 March 2024 and 31 March 2023, and the restated consolidated statements of profit and loss (including other comprehensive income), the restated consolidated statement of changes in equity, the restated consolidated statement of cash flows for the six months period ended 30 September 2024 and years ended 31 March 2025, 31 March 2024 and 31 March 2023, the summary statement of material accounting policies, and other explanatory information (collectively, the "2025, 2024 and 2023 Restated Consolidated Financial Information") examined by them for the said period/ years. The examination report included for the said period/ years is based solely on the reports submitted by the Previous Auditor. They have also confirmed that the 2025, 2024 and 2023 Restated Consolidated Financial Information:

   a. have been prepared after incorporating adjustments for the changes in accounting policies, material errors and regrouping/reclassifications retrospectively in the financial years ended March 31, 2025, 2024 and 2023 and in the six months period ended September 30, 2024 to reflect the same accounting treatment as per the accounting policies and grouping/classifications followed by the Group as at and for the six months period ended September 30, 2025;

   b. do not require any adjustments for modification as there is no modification in the underlying audit reports; and

   c. have been prepared in accordance with the Act, ICDR Regulations and the Guidance Note.

6. As indicated in our auditor's report referred above:

   a) we did not audit the financial statements / information of four subsidiaries and five step-down subsidiaries and two joint ventures whose special purpose financial statements / information reflects share of total assets (before consolidation adjustments), total revenues (before consolidation adjustments), net cash inflows / (outflows) (before consolidation adjustments) and share of profit/ loss in its joint ventures included in the Special Purpose Consolidated Interim Financial Statements, as at and for the six months

period ended 30 September 2025 is tabulated below, which have been audited by PKF – Chartered Accountants (Dubai Br), D.S.K. & Associates and HSDR & Associates, whose reports have been furnished to us by the Company's management and our opinion on the special purpose consolidated interim financial statements, in so far as it relates to the amounts and disclosures included in respect of these components, is based solely on the reports of the other auditors:

(Rs in million)

Particulars	As at/ for the six months period ended 30 September 2025
Total assets (before consolidation adjustments)	23,046.02
Total revenue (before consolidation adjustments)	966.59
Net cash inflows/ (outflows) (before consolidation adjustments)	1.04

(Rs in million)

Particulars	As at/ for the six months period ended September 30, 2025
Share of profit in its joint ventures	31.36

Of the above, one of the subsidiary, five step-down subsidiaries and two joint ventures are located outside India whose special purpose interim consolidated financial statements have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Group's management has converted the special purpose consolidated financial information of such subsidiary, step-down subsidiaries and joint ventures, located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Group's management. Our opinion in so far as it relates to the balances and affairs of such subsidiary, step-down subsidiaries and joint ventures, located outside India is based on the report of other auditors and the conversion adjustments prepared by the management of the Group and audited by us.

Our opinion on the special purpose consolidated interim financial statements, is not modified in respect of this matter.

M/s PKF – Chartered Accountants (Dubai Br), auditors of a material subsidiary – Cleanmax Solar Mena FZCO, have examined the restated consolidated financial information as at and for the six months period ended 30 September 2025 and have confirmed that the restated consolidated financial information:

a. have been prepared after incorporating adjustments for the changes in accounting policies, material errors and regrouping/reclassifications to reflect the same accounting treatment as per the accounting policies and grouping/classifications followed as at and for the six months period ended 30 September 2025.

b. does not contain any modification requiring adjustments; and

c. have been prepared in accordance with the Act, ICDR Regulations and the Guidance Note.

7. Based on examination report dated 19 November 2025 provided by the Previous Auditor, the audit reports on the consolidated financial statements of the Group, its associates and its joint ventures as at and for the six months period ended 30 September 2024 and years ended 31 March 2025, 31 March 2024 and 31 March 2023 issued by the Previous Auditor included following other matters:

   a. Previous Auditor did not audit financial statements of certain subsidiaries as at and for the years ended March 31, 2025, 2024 and 2023 and as at and for the six months period ended September 30, 2024, whose share of total assets, total revenues, net cash inflows / (outflows), and Group's share of net profit in associate and joint ventures, included in the audited consolidated Ind AS financial statements / special purpose consolidated interim financial statements, for the relevant years / period is tabulated below, which have been audited by other auditors (listed in Appendix I), and whose reports have been furnished to the Previous Auditor by the Company's management and Previous Auditor's opinion on the audited consolidated Ind AS financial statements / special purpose consolidated interim financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, associate and joint ventures, is based solely on the reports of the other auditors:

(Rs in million)

Particulars	As at/ for the six months period ended	As at/ for the years ended		
	30 September 2024	31 March 2025	31 March 2024	31 March 2023
Number of subsidiaries	121	139	100	67
Total assets	42,129.22	66,736.88	31,046.26	19,332.53
Total revenue	1,554.04	3,357.79	2,460.32	1,724.57
Net cash inflows/ (outflows)	278.28	812.79	132.26	303.76

(Rs in million)

Particulars	For the six months period ended	For the years ended		
	30 September 2024	31 March 2025	31 March 2024	31 March 2023
No. of joint ventures / associate	3	4	3	2
Share in net profit of associate and joint ventures	30.66	75.52	13.05	19.53

   b. Previous Auditor did not audit financial statements of 13 subsidiaries whose share of total assets, total revenues, net cash inflows / (outflows) included in the consolidated Ind AS financial statements / special purpose interim consolidated financial statements, for the year ended 31 March 2023 tabulated below, which are unaudited and have been furnished to the Previous Auditor by the Company's management and their opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, is based solely on such unaudited financial statements. In the opinion of the Previous Auditor and

according to the information and explanations given to the Previous Auditor by the management, these financial statements are not material to the Group:

(Rs in million)

Particulars	As at / for the year ended 31 March 2023
Total assets	0.93
Total revenue	-
Net cash inflows/ (outflows)	-

The Previous Auditors opinion on the consolidated financial statements/ special purpose interim consolidated financial statements is not modified in respect of these matters.

As mentioned in Note 1.2 to the Restated Consolidated Financial Information, subsequently, the financial information as at and for the year ended 31 March 2023 of these subsidiaries were audited by other auditors and whose reports have been furnished to the Previous Auditors by the Company's management (Refer Appendix II).

These other auditors of the subsidiaries, associate and joint ventures, as mentioned in paragraph 7 (a) and (b) above, have examined the restated financial information (listed in Appendix III) and have confirmed that the restated financial information of the components:

i. have been prepared after incorporating adjustments for the changes in accounting policies, material errors and regrouping/reclassifications retrospectively in the six months period ended 30 September 2024 and the financial years ended 31 March 2024 and 2023 to reflect the same accounting treatment as per the accounting policies and grouping/classifications followed by the Group as at and for the year ended 31 March 2025, as applicable;

ii. do not require any adjustments for modification as there is no modification in the underlying audit reports; and

iii. have been prepared in accordance with the Act, ICDR Regulations and the Guidance Note.

8. Based on our examination and according to the information and explanations given to us and also as per the reliance placed on the audit reports and examination reports submitted by the Previous Auditor and other auditors for the respective periods/years, we report that the Restated Consolidated Financial Information:

a. have been prepared after incorporating adjustments for the changes in accounting policies, material errors and regrouping/reclassifications retrospectively in the six months period ended 30 September 2024 and financial years ended 31 March 2025, 31 March 2024 and 31 March 2023 to reflect the same accounting treatment as per the accounting policies and grouping/classifications followed as at and for the six months period ended 30 September 2025;

b. does not contain any modification requiring adjustments; and

c. have been prepared in accordance with the Act, ICDR Regulations and the Guidance Note.

9. We have not audited any financial statements of the Group and its joint ventures as of any date or for any period subsequent to 30 September 2025. Accordingly, we express no opinion on the financial position, results of operations, cash flows and statement of changes in equity of the Group and its joint ventures as of any date or for any period subsequent to 30 September 2025.

10. The Restated Consolidated Financial Information do not reflect the effects of events that occurred subsequent to the respective dates of the reports on the special purpose consolidated interim financial statements and the consolidated financial statements mentioned in paragraph 5 above.

11. This report should not in any way be construed as a reissuance or re-dating of any of the previous audit reports issued by the Previous Auditor, nor should this report be construed as a new opinion on any of the financial statements referred to herein.

12. We have no responsibility to update our report for events and circumstances occurring after the date of the report.

13. Our report is intended solely for use of the Board of Directors for inclusion in the RHP/Prospectus to be filed with SEBI, relevant Stock Exchanges and the Registrar of Companies, Maharashtra, situated at Mumbai in connection with the Proposed IPO. Our report should not be used, referred to, or distributed for any other purpose except with our prior consent in writing. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this report is shown or into whose hands it may come without our prior consent in writing.

Clean Max Enviro Energy Solutions Limited Mumbai

Clean Max Enviro Energy Solutions Limited (Formerly known as Clean Max Enviro Energy Solutions Private Limited)

Notes to the Restated Consolidated Financial Information

Note 1.1 Corporate Information

The Group comprises of Clean Max Enviro Energy Solutions Limited (formerly known as Clean Max Enviro Energy Solutions Private Limited) (the 'Company'/'Parent Company') and its subsidiaries (the Company and its subsidiaries together referred to as the 'Group') and the Group's share of profit/(loss) in its joint ventures and associate. The Company is incorporated and domiciled in India during the year 2010 under the erstwhile Companies Act, 1956 and now Companies Act, 2013 as a private limited company. The Company has converted from Private Limited Company to Public Limited Company pursuant to special resolution passed in the extra-ordinary general meeting of the shareholders of the Company held on 09th July, 2025 and consequently the name of the Company has been changed to Clean Max Enviro Energy Solutions Limited pursuant to a fresh certificate of incorporation by Registrar of Companies ('ROC') on 07th August, 2025. The registered office address of the Company is 4th Floor, The International, 16 Maharshi Karve Road, New Marine Lines, Cross Road No. 1, Churchgate, Mumbai – 400020, Maharashtra, India.

The Group and its joint ventures and associate are engaged in developing renewable power projects and in generation and sale of power.

Note 1.2 Basis of preparation

The Restated Consolidated Financial Information of the Group comprises the Restated Consolidated Statement of Assets and Liabilities as at 30th September 2025, 30th September 2024, 31st March 2025, 31st March 2024 and 31st March 2023; the Restated Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Restated Consolidated Statement of Changes in Equity, and the Restated Consolidated Statement of Cash Flows for the six months period ended 30th September 2025, 30th September 2024, and for the years ended 31st March 2025, 31st March 2024 and 31st March 2023, the material accounting policies and other explanatory information and notes (collectively, the 'Restated Consolidated Financial Information').

The Restated Consolidated Financial Information have been prepared on a going concern basis. The accounting policies are applied consistently to all the periods/years presented in the Restated Consolidated Financial Information. These Restated Consolidated Financial Information have been prepared by the management as required under the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended ("ICDR Regulations") issued by the Securities and Exchange Board of India ("SEBI"), in pursuance of the Securities and Exchange Board of India Act, 1992, for the purpose of inclusion in the Red Herring Prospectus (RHP) and Prospectus in connection with proposed issue of equity shares of the Company comprising a fresh issue of equity shares and an offer for sale of equity shares by the existing shareholders by way of initial public offer. Accordingly, the Restated Consolidated Financial Information may not be suitable for any other purpose and this report should not be used, referred to or distributed for any other purpose.

These Restated Consolidated Financial Information have been prepared by the Group in terms of the requirements of:

a. Section 26 of Part I of Chapter III of the Companies Act, 2013 (the "Act");
b. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended; and
c. The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India ("ICAI") (the "Guidance Note").

The Restated Consolidated Financial Information have been prepared to comply in all material respects with the Indian Accounting Standards ("Ind AS") as prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time), presentation requirements of Division II of Schedule III to the Act, as applicable to the consolidated financial statements and other relevant provisions of the Act.

Clean Max Enviro Energy Solutions Limited Mumbai

Clean Max Enviro Energy Solutions Limited (Formerly known as Clean Max Enviro Energy Solutions Private Limited)

Notes to the Restated Consolidated Financial Information

The Restated Consolidated Financial Information has been compiled by the Group from:

a. Audited Special Purpose Consolidated Interim Financial Statements of the Group and its joint ventures as at and for the six months period ended 30th September 2025, prepared in accordance with Indian Accounting Standard 34 "Interim Financial Reporting" (Ind AS 34) as prescribed under Section 133 of the Act as amended and other accounting principles generally accepted in India and presentation requirements of Schedule III of the Act, except for presenting comparative financial information and statements of profit and loss for the current interim period and comparative interim period of the immediately preceding financial year as required by Ind AS 34, which have been approved by the Board of Directors at their meeting held on 19th November, 2025;

b. Audited Special Purpose Interim Consolidated Financial Statements of the Group, its joint ventures and associate as at and for the six months period ended 30th September 2024, prepared in accordance with Indian Accounting Standard 34 "Interim Financial Reporting" (Ind AS 34) as prescribed under Section 133 of the Act as amended and other accounting principles generally accepted in India and presentation requirements of Schedule III of the Act, except for presenting corresponding financial information as required by Ind AS 34, which have been approved by the Board of Directors at their meeting held on 19th November, 2025; and

c. Audited Consolidated Financial Statements of the Group, its joint ventures and associate as at and for years ended 31st March 2025, 31st March 2024 and 31st March 2023 prepared in accordance with Ind AS as prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015, as amended, and other accounting principles generally accepted in India, which have been approved by the Board of Directors at their meetings held on 27th May 2025, 27th May 2024 and 29th May 2023 respectively.

The Restated Consolidated Financial Information:

a. have been prepared after incorporating adjustments for the regrouping/reclassifications retrospectively in the financial years ended 31st March 2025, 31st March 2024 and 31st March 2023 and six months period ended 30th September 2024, to reflect the same accounting treatment as per the accounting policies and grouping/classifications followed as at and for the six month period ended 30 September 2025;

b. does not contain any qualifications requiring adjustments;

c. have been prepared in accordance with the Act, ICDR Regulations and Guidance Note.

d. have been prepared on historical cost basis except certain financial instruments, defined benefit plans and share based payments measured at fair value

These Restated Consolidated Financial Information have been prepared in Indian Rupee (INR) which is the functional currency of the Parent Company. All amounts have been rounded-off to the nearest million, unless otherwise indicated.

During the year ended 31st March, 2025, the Group has updated its primary segments basis CODM's review. As required under Ind AS 108 'Operating segments', following the change in the composition of reportable segments, the Group has restated the corresponding items of segment information for all the earlier periods presented in these Restated Consolidated Financial Information (Refer Note 56 of the Restated Consolidated Financial Information).

Subsequent to the year ended 31st March, 2025, the Parent Company in extra-ordinary general meeting dated 27th June, 2025, have approved split of each equity share of face value of Rs. 10 each into 10 shares of face value of Re. 1 each (the 'Split'). Further, pursuant to a resolution passed in extra-ordinary general meeting dated 08th August, 2025, shareholders have approved the issuance of bonus shares to the equity shareholders in the ratio of 1:1 (the 'Bonus'). As required under Ind AS 33 'Earning per share' the effect of such Bonus / Split is required to be adjusted for the purpose of computing earnings per share for all the periods presented retrospectively. As a result, the effect of the Bonus / the Split has been considered in these Restated Consolidated Financial Information for the purpose of calculating of earning per share for all the periods presented (Refer Note 41 of the Restated Consolidated Financial Information).

The accounting policies have been consistently applied by the Group in preparation of the Restated Consolidated Financial Information and are consistent with those adopted in the preparation of Consolidated Financial Statements as at and for the year ended 31st March, 2025.

BSR & Co. LLP Chartered Accountants

Clean Max Enviro Energy Solutions Limited Mumbai

Clean Max Enviro Energy Solutions Limited (Formerly known as Clean Max Enviro Energy Solutions Private Limited)

Notes to the Restated Consolidated Financial Information

These Restated Consolidated Financial Information reflect the effects of events that occurred subsequent to the respective dates of board meeting for adoption of the Consolidated Financial Statements as at and for the years ended 31st March, 2025, 31st March, 2024 and 31st March, 2023 for the restatement of segment information and issue of bonus shares / shares split mentioned above.

The Restated Consolidated Financial Information:

a. have been prepared after incorporating adjustments for the changes in accounting policies, material errors and regrouping/reclassifications retrospectively, to reflect the same accounting treatment as per the accounting policy and grouping/classifications followed as at and for the six months period ended 30th September, 2025;
b. do not require any adjustment for modification as there is no modification in the underlying audit reports on the Consolidated Ind AS Financial Statements.

During the statutory audit of the financial year ended 31st March, 2023, financial statements / financial information of certain subsidiaries listed below were unaudited and accordingly was reported upon by the statutory auditors. The special purpose financial statements as at and for the year ended 31st March, 2023 of such subsidiaries, have been subsequently audited by other auditors who have issued their audit reports as per table below:

Sr. No.	Name of the subsidiary	Year ended	Audit report date
1	Clean Max Alchemy Private Limited	31st March, 2023	23rd May, 2025
2	Clean Max Bloom Private Limited	31st March, 2023	23rd May, 2025
3	Clean Max Cads Private Limited	31st March, 2023	23rd May, 2025
4	Clean Max Celeste Private Limited	31st March, 2023	23rd May, 2025
5	Clean Max Dos Private Limited	31st March, 2023	23rd May, 2025
6	Clean Max Eliora Private Limited	31st March, 2023	23rd May, 2025
7	Clean Max Galaxy Private Limited	31st March, 2023	23rd May, 2025
8	Clean Max Genesis Private Limited	31st March, 2023	23rd May, 2025
9	Clean Max Mirage Private Limited	31st March, 2023	23rd May, 2025
10	Clean Max Opus Private Limited	31st March, 2023	23rd May, 2025
11	Clean Max Prithvi Private Limited	31st March, 2023	23rd May, 2025
12	Clean Max Solaris Private Limited	31st March, 2023	23rd May, 2025
13	Clean Max Uranus Private Limited	31st March, 2023	23rd May, 2025

These Restated Consolidated Financial Information have been approved by the Board of Directors of the Company on 19th November, 2025.

Note 1.3 Material Accounting Policies

(a) Principles of consolidation and equity accounting

(i) Subsidiaries

Subsidiaries are entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of that entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group.

The Group combines the financial statements of the parent and its subsidiaries line by line adding together items of assets, liabilities, equity, income and expenses. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognized in the Restated Statement of Assets and Liabilities at the acquisition date. Intra-Group transactions, balances and unrealised gains on transactions between entities within the Group are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group. Non-controlling interests in the results and equity of

BSR & Co. LLP Chartered Accountants

Clean Max Enviro Energy Solutions Limited Mumbai

subsidiaries are shown separately in the Restated Consolidated Statement of Profit and Loss, Restated Consolidated Statement of Changes in Equity and Restated Consolidated Statement of Assets and Liabilities respectively.

(ii) Joint Ventures and Associate - Equity Method Accounting

Joint ventures are joint arrangements whereby the parties that have joint control of the arrangements have rights to the net assets and obligations for the liabilities, relating to the arrangement. An associate is an entity in which the Group has significant influence but not control or joint control, over the financial and operating policies.

Interests in joint ventures and associate are accounted for using the equity method, after initially being recognised at cost in the Restated Consolidated Statement of Assets and Liabilities.

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognize the Group's share of the post-acquisition profits or losses of the investee in the Restated Consolidated Statement of Profit and Loss, and the Group's share of other comprehensive income of the investee in Other Comprehensive Income. Dividends received or receivable from joint ventures and associate are recognised as a reduction in the carrying amount of the investment. When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognize further losses, unless it has incurred obligations or made payments on behalf of the other entity. Unrealised gains on transactions between the Group and its Joint Ventures and Associate are eliminated to the extent of the Group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group. The carrying amount of equity accounted investments are tested for impairment.

The financial statements of subsidiaries, joint ventures and associate consolidated are drawn up to the same reporting date as that of the Group.

(iii) Change of ownership interest in subsidiary

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity

When the Group ceases to consolidate or equity account for an investment because of a loss of control, joint control or significant influence, any retained interest in the entity is re-measured to its fair value with the change in carrying amount recognised in profit or loss. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as a joint venture or financial asset. In addition, any amounts previously recognised in Other Comprehensive Income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in Other Comprehensive Income are reclassified to the Restated Consolidated Statement of Profit and Loss. If the ownership interest in a joint venture is reduced but joint control or significant influence is retained, only a proportionate share of the amounts previously recognised in Other Comprehensive Income are reclassified to the Restated Consolidated Statement of Profit and Loss where appropriate.

(iv) Non-controlling interest

Non-controlling interests in the net assets (excluding goodwill) of consolidated subsidiaries are identified separately from the Company's equity. The interest of non-controlling shareholders may be initially measured either at fair value or at the non-controlling interest's proportionate share of the fair value of the acquiree's identifiable net assets.

For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognized in the consolidated financial statements at the acquisition date. The choice of measurement basis is made on an acquisition-to-acquisition basis. Subsequent to acquisition, the carrying amount of non-controlling interest is the amount of those interests at initial recognition plus the non-controlling interest's share of subsequent changes in equity. Total comprehensive income is attributed to non-controlling interests even if it results in the non-controlling interest having a deficit balance. A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- Derecognises the assets (including goodwill) and liabilities of the subsidiary
- Derecognises the carrying amount of any non-controlling interests
- Derecognises the cumulative translation differences recorded in equity
- Recognises the fair value of the consideration received
- Recognises the fair value of any investment retained
- Recognises any surplus or deficit in profit or loss
- Reclassifies the parent's share of components previously recognised in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities

(b) Revenue from contracts with customers

Revenue from operations

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and revenue can be reliably measured. Revenue excludes indirect taxes which are collected on behalf of Government.

BSR & Co. LLP Chartered Accountants

Clean Max Enviro Energy Solutions Limited Mumbai

(i) Revenue from sale of power:

Revenue from sale of power is recognised when the units of electricity is delivered at the price agreed with the customer in the power purchase agreement which coincides with the transfer of control and the Group has a present right to receive the payment.

Revenue is measured based on the transaction price, which is the consideration, adjusted for discounts and other incentives, if any, as specified in the contract with the customer or on account of change in law. Revenue also excludes taxes or other amounts collected from customers in its capacity as an agent. If the consideration in a contract includes a variable amount or consideration payable to the customer, the Group estimates the amount of consideration to which it will be entitled in exchange for transferring the goods/services to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved.

(ii) Revenue from construction contracts:

Revenue from contracts with customers is recognised when a performance obligation is satisfied by transfer of promised goods or services to a customer. For performance obligation satisfied over time, the revenue is recognised by measuring the progress towards satisfaction of performance obligation. The Group transfers control of a good or service over time and satisfies a performance obligation and recognises revenue over a period of time if one of the following criteria is met:
(a) the customer simultaneously consumes the benefit of the Group's performance or
(b) the customer controls the asset as it is being created/enhanced by the Group's performance or
(c) there is no alternative use of the asset and the group has either explicit or implicit right of payment considering legal precedents

Fixed price contracts: Contract revenue is recognised at allocable transaction price which represents the cost of work performed on the contract plus proportionate margin, using the percentage of completion method. Percentage of completion is the proportion of cost of work performed to-date, to the total estimated contract costs.

Determination of percentage of completion

The Group uses the proportionate completion method for recognition of revenue, accounting for unbilled revenue/unearned revenue and contract cost thereon for its turnkey contracts. The percentage of completion is measured by reference to the stage of the projects and contracts determined based on the proportion of contract costs incurred for work performed to date bear to the estimated total contract costs. Use of the proportionate completion method requires the Group to estimate the efforts or costs expended to date as a proportion of the total efforts or costs to be expended. Significant assumptions are required in determining the stage of completion, the extent of the contract cost incurred, the estimated total contract revenue and contract cost and the recoverability of the contracts. These estimates are based on events existing at the end of each reporting date.

(iii) Revenue from sale of services:

Revenue from services rendered over a period of time, such as operation and maintenance contracts and common infrastructure usage service, are recognised on straight line basis over the period of the performance obligation. Consideration is adjusted for the time value of money if the period between the transfer of goods or services and the receipt of payment exceeds twelve months and there is a significant financing benefit either to the customer or the Group.

(iv) Contract balances:

A trade receivable represents the Group's right to an amount of consideration that is unconditional i.e. only the passage of time is required before payment of consideration is due and the amount is billable.
Unbilled revenue is recognised for work performed under a contract but has not yet been invoiced to the customer on account of estimation and judgement involved.

BSR & Co. LLP Chartered Accountants

Clean Max Enviro Energy Solutions Limited Mumbai

Advance from customer represents a contract liability which is the obligation to transfer goods or services to a customer for which the Group has received consideration from the customer.

Amount due to customers under construction contracts and deferred revenue represents the difference between the revenue recognised and amount invoiced.

Other income

(v) Interest income:

For all financial instruments measured at amortized cost, interest income is recorded using the effective interest rate (EIR), which is the rate that discounts the estimated future cash payments or receipts through the expected life of the financial instruments or a shorter period, where appropriate, to the net carrying amount of the financial assets on initial recognition. Interest income is included in Other income in the Restated Consolidated Statement of Profit or Loss.

(vi) Insurance claim:

Insurance claim on loss of asset and profit is recognised on receipt basis in the Restated Consolidated Statement of Profit and Loss.

(c) Costs to obtain a contract with the customer

The Group and its joint ventures and associate capitalises incremental costs of obtaining a contract, if any, and costs incurred to fulfil a contract are amortised over the period of execution of the contract in proportion to the progress measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation.

(d) Goods and Service tax input credit

Goods and Service tax input credit is accounted for in the books in the period in which the underlying goods and service received is accounted and when there is reasonable certainty in availing / utilizing the credits.

(e) Employee benefits

Short-term benefits

Salaries, wages, and other short-term benefits, accruing to employees are recognised at undiscounted amounts in the period in which the employee renders the related service.

Retirement benefits

Defined contribution plan:

The Group offers its employees defined contribution plans in the form of provident fund. Provident fund cover substantially all regular employees. Contributions are paid during the year into separate funds under certain fiduciary-type arrangements. Both the employees and the Group pays predetermined contributions into provident fund and family pension fund. The contributions are normally based on a certain proportion of the employee's salary. The contributions made are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

Defined benefit plan:

For defined benefit plans in the form of gratuity, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each balance sheet date. Actuarial gains and losses are recognised in Other Comprehensive Income in the period in which they occur. Past service cost is recognised immediately to the extent that the benefits are already vested and otherwise is amortised on a straight-line basis over the average period until the benefits become vested. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, as reduced by the fair value of scheme assets.

BSR & Co. LLP Chartered Accountants

Clean Max Enviro Energy Solutions Limited Mumbai

Any asset resulting from this calculation is limited to past service cost, plus the present value of available refunds and reductions in future contributions to the schemes.

(f) Share-based payments

The grant date fair value of options granted to employees is recognised as an employee expense, with a corresponding increase in equity, over the period that the employees become unconditionally entitled to the options. The expense is recorded for each separately vesting portion of the award as if the award was, in substance, multiple awards. The increase in equity recognised in connection with share-based payments transaction is presented as a separate component in equity under 'Employee Stock Options outstanding'. The amount recognised as an expense is adjusted to reflect the actual number of stock options that vest. Details regarding the determination of the fair value of equity-settled share-based transactions are set out in Note 43.

(g) Foreign Currencies

The functional currency of the Group is the Indian rupee (Rs.).

Income and expenses in foreign currencies are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are translated at the exchange rate prevailing on the balance sheet date and exchange gains and losses arising on settlement and restatement are recognised in Restated Consolidated Statement of Profit and Loss.

Foreign currency denominated non - monetary assets and liabilities that are measured at historical cost are not retranslated.

(h) Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

a. Current tax

The tax currently payable is based on taxable profit for the reporting period. Taxable profit differs from 'profit before tax' as reported in the Restated Consolidated Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's current tax is calculated using tax rates (applicable tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. Current income taxes are recognised in the Restated Consolidated Statement of Profit and Loss except to the extent that the tax relates to items recognised outside profit and loss, either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

The Group has accounted income tax based on annualized performance of the Group in accordance with Ind AS 34 for the six months period ended 30th September 2025 and 30th September 2024.

b. Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Restated Consolidated Financial Information and the corresponding tax bases used in the computation of taxable profit.

BSR & Co. LLP Chartered Accountants

Clean Max Enviro Energy Solutions Limited Mumbai

Deferred tax is not recognised for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that:
  - is not a business combination; and
  - at the time of the transaction (i) affects neither accounting nor taxable profit or loss and (ii) does not give rise to equal taxable and deductible temporary differences
- temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Future taxable profits are determined based on the reversal of relevant taxable temporary differences. If the amount of taxable temporary differences is insufficient to recognise a deferred tax asset in full, then future taxable profits, adjusted for reversals of existing temporary differences, are considered, based on the business plans for individual subsidiaries in the Group. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

(i) Property, Plant and Equipment, Capital work in progress and Depreciation

All items of property, plant and equipment, including freehold land, are initially recorded at cost. Subsequent to initial recognition, property, plant and equipment other than freehold land are measured at cost less accumulated depreciation and any accumulated impairment losses.

The cost of property, plant and equipment comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, including relevant borrowing costs for qualifying assets and any expected costs of decommissioning.

Borrowing cost allocated to and utilised for qualifying assets pertaining to the period up to the date of capitalisation is added to the cost of the assets. Salary cost and cost of travelling directly attributable has been capitalised to the cost of capital work in progress.

Freehold land is not depreciated.

Any gain or loss arising on derecognition / disposal of an asset is included in profit or loss.

BSR & Co. LLP Chartered Accountants

Clean Max Enviro Energy Solutions Limited Mumbai

Depreciation on property, plant and equipment has been provided as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect Solar Power Plant, Wind Farms and Hybrid Farms where the life is considered as 25 years taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, manufacturers warranties and maintenance support, etc.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, as appropriate.

The estimated useful lives of property, plant and equipment for current and comparative periods are as follows:

Category of Asset	Useful Life
Plant and machinery	15 to 25 years
Furniture and fixtures	10 years
Motor vehicle	10 years
Office equipments	10 years
Computers	3 years

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Expenditure related to and incurred during implementation (net of incidental income) of capital projects to get the assets ready for intended use is included under "Capital Work in Progress (including related inventories)". The same is allocated to the respective items of property plant and equipment on completion of construction / erection of the capital project / property, plant and equipment. Capital work in progress is stated at cost, net of accumulated impairment loss, if any.

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Group and the cost of the item can be measured reliably.

(j) Other Intangible Assets and Amortisation

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortization and accumulated impairment losses (if any). Amortization is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

The estimated useful lives of other intangible assets for current and comparative periods are as follows:

Category of Asset	Useful Life
Computer software	3 years
Commercial Right to use lease hold land	25-30 years
Customer contracts	Balance PPA Tenure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Group and the cost of the item can be measured reliably.

BSR & Co. LLP Chartered Accountants

Clean Max Enviro Energy Solutions Limited Mumbai

(k) Intangible assets under development

Expenditure on intangible assets eligible for capitalization are carried as intangible assets under development where such assets are not yet ready for their intended use.

(l) Impairment of non-financial assets

At each reporting date, non-financial assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are compared at the lowest levels for which there are largely independent cash inflows (cash-generating units). Non-financial assets other than goodwill that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period. Intangible assets that have an indefinite useful life or intangible assets not ready to use are not subject to amortization and are tested annually for impairment.

(m) Impairment of financial assets

The Group assesses at each reporting date whether there is any objective evidence that a financial asset is impaired. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12 months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is recognised for credit losses expected over the remaining life of the exposure, irrespective of timing of the default (a lifetime ECL).

The Group considers a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

For trade receivables, the Group applied a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognizes a loss allowance based on lifetime ECLs at each reporting date. Trade receivables of the Group are mainly from high credit worthy Commercial and Industrial ('C&I') customers. Delayed payment carries interest as per the terms of agreements with C&I customers.

The Group assesses ECL associated with its assets carried at amortised cost based on Group's past history of recovery, creditworthiness of the counter party and existing market conditions. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade receivables, the Group applies the simplified approach for recognition of impairment allowance as provided in Ind AS 109 – Financial Instruments, which requires expected lifetime losses to be recognised on initial recognition of the receivables.

BSR & Co. LLP Chartered Accountants

Clean Max Enviro Energy Solutions Limited Mumbai

(n) Financial Instruments

Financial assets

Classification

The Group classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

Initial recognition and measurement

Trade receivables and debt securities issued are initially recognised when they originate and recorded at transaction price. The Group recognises financial assets (other then trade receivables and debt securities) when it becomes a party to the contractual provisions of the instrument. All financial assets (excluding trade receivables that are recorded at transaction price) are recognised initially at fair value, plus in the case of financial assets not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial asset. However, trade receivables that do not contain a significant financing component are measured at transaction price.

Subsequent measurement

For the purpose of subsequent measurement, the financial assets are classified in three categories:

- **Financial assets at Amortised cost**

  A financial asset is measured at amortised cost if both of the following conditions are met:

  — the asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and

  — the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

  After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest (EIR) method. Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR and reported as part of interest income in the Restated Consolidated Statement of Profit and Loss. The losses if any, arising from impairment are recognised in the Restated Consolidated Statement of Profit and Loss.

- **Financial assets at fair value through profit or loss (FVTPL)**

  Financial assets at FVTPL include financial assets that either do not meet the criteria for amortised cost classification or are equity instruments held for trading or that meet certain conditions and are designated at FVTPL upon initial recognition. All derivative financial instruments also fall into this category, except for those designated and effective as hedging instruments, for which the hedge accounting requirements may apply. Assets in this category are measured at fair value with gains or losses recognised in the Restated Consolidated Statement of Profit and Loss. The fair values of financial assets in this category are determined by reference to active market transactions or using a valuation technique where no active market exists.

- **Financial assets at fair value through other comprehensive income (FVOCI) – debt investment**

  A debt investment is measured is measured at FVOCI if both of the following conditions are met:

  — the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and

  — the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

BSR & Co. LLP Chartered Accountants

Clean Max Enviro Energy Solutions Limited Mumbai

After initial measurement, such financial assets are subsequently measured at fair value. Interest income is recognised using the effective interest (EIR) method. The loss allowance is recognized in other comprehensive income and does not reduce the carrying value of the financial asset. On derecognition, gains and losses accumulated in OCI are reclassified to Restated Consolidated Statement of Profit and Loss.

- **Financial assets at fair value through other comprehensive income (FVOCI) – equity investment**
On initial recognition of an equity investment that is not held for trading, the Group may irrevocably elect to present subsequent changes in the investment's fair value in Other Comprehensive Income. This election is made on an investment-by-investment basis.

  After initial measurement, such financial assets are subsequently measured at fair value. Dividends are recognised as income in Restated Consolidated Statement of Profit and Loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to Restated Consolidated Statement of Profit and Loss.

Derecognition of financial asset

A financial asset (or, where applicable, a part of a financial asset) is primarily derecognised when:

- the rights to receive cash flows from the asset have expired, or
- the Group has transferred substantially all the risks and rewards of the asset, or
- the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Financial liabilities

Classification

All financial liabilities as subsequently measured at amortised cost.

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Subsequent measurement

Borrowings

After initial recognition, interest-bearing borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognised in the Restated Consolidated Statement of Profit and Loss when the liabilities are derecognised. Amortised cost is calculated by taking into account any discount or premium on acquisition and transactions costs. The EIR amortisation is included as finance costs in the Restated Consolidated Statement of Profit and Loss.

Derivative financial instruments

The Group uses derivative financial instruments such as foreign exchange forward contracts, interest rate swaps and Virtual Power Purchase Agreements (VPPA) to manage its exposure to foreign exchange risk, interest rate risk and price risk respectively. VPPAs are derivative instruments under which the Group receives the difference between fixed contracted prices and settled market prices and provides the counterparty with a contracted amount of environmental attributes generated by the renewable facility.

Derivative financial instruments (including embedded derivatives) are initially measured at fair value. Subsequent to initial recognition, derivatives are measured at fair value, and any gains or losses arising from changes in the fair value of derivatives are taken directly to Restated Consolidated Statement of Profit and Loss immediately unless the derivative is designated and effective as a hedging instrument, in which event

BSR & Co. LLP Chartered Accountants

Clean Max Enviro Energy Solutions Limited Mumbai

the timing of the recognition in Restated Consolidated Statement of Profit and Loss depends on the nature of the hedging relationship and the nature of the hedged item. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Cash flow hedge

Derivatives are held to hedge the uncertainty in timing or amount of future forecast cash flows on account of forecasted transactions and recognised assets and liabilities. Such derivatives are classified as being part of cash flow hedge relationships. For an effective hedge, gains and losses from changes in the fair value of derivatives are recognised in Other Comprehensive Income. Any ineffective elements of the hedge are recognised in the Restated Consolidated Statement of Profit and Loss.

If the hedging instrument no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively. If the hedging instrument expires or is sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognised in cash flow hedge reserve till the period the hedge was effective remains in cash flow hedge reserve until the forecasted transaction occurs. The cumulative gain or loss previously recognised in the cash flow hedge reserve is transferred to the Restated Consolidated Statement of Profit and Loss upon the occurrence of the related forecasted transaction.

Derecognition of financial liability

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Restated Consolidated Statement of Profit and Loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle them on a net basis or to realise the assets and settle the liabilities simultaneously.

Share capital

Ordinary equity shares

Incremental costs directly attributable to the issue of ordinary equity shares and share options are recognised as a deduction from equity, net of any tax effects.

Fair value measurement

The Group's accounting policies and disclosures require the measurement of fair values for financial and non-financial assets and liabilities. The management regularly reviews significant unobservable inputs and valuation adjustments.

When measuring the fair value of a financial asset or a financial liability, the Group uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (Unobservable inputs).

BSR & Co. LLP Chartered Accountants

Clean Max Enviro Energy Solutions Limited Mumbai

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. The Group recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

(o) Cash and cash equivalents

The Group considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

For the purpose of the Restated Consolidated Statement of Cash Flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

(p) Inventories

Inventories are valued at cost or net realizable value on an item-by-Item basis., whichever is lower, cost being worked out on weighted average basis. Cost includes all charges for bringing the goods to their present location and condition.

Net realizable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

(q) Leases:

The Group evaluates each contract or arrangement, whether it qualifies as lease as defined under Ind AS 116.

The Group assesses, whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract involves:
(a) the use of an identified asset,
(b) the right to obtain substantially all the economic benefits from use of the identified asset, and
(c) the right to direct the use of the identified asset.

The Group as a lessee

Right to Use Asset

The Group at the inception of the lease contract recognizes a Right-of-Use (RoU) asset at cost and corresponding lease liability, except for leases with term of less than twelve months (short term) and low-value assets.

The cost of the right-of-use assets comprises the amount of the initial measurement of the lease liability, any lease payments made at or before the inception date of the lease plus any initial direct costs, less any lease incentives received. Subsequently, the right of use assets is measured at cost less any accumulated depreciation and accumulated impairment losses, if any. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use assets.

Category	Useful life
Office Buildings	1-4 years
Leasehold Land	25-30 years

B S R & Co. LLP Chartered Accountants

Clean Max Enviro Energy Solutions Limited Mumbai

The Group applies Ind AS 36 to determine whether a Right-of-Use asset is impaired and accounts for any identified impairment loss in the Restated Consolidated Statement of Profit and Loss as described in the note (m).

Lease liabilities

For lease liabilities at inception, the Group measures the lease liability at the present value of the lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs. The lease payments are discounted using the interest rate implicit in the lease, if that rate is readily determined, if that rate is not readily determined, the lease payments are discounted using the incremental borrowing rate. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest considering effective interest rate and reduced for the lease payments made.

The Group recognizes the amount of the re-measurement of lease liability as an adjustment to the right-of-use assets. Where the carrying amount of the right-of-use assets is reduced to zero and there is a further reduction in the measurement of the lease liability, the Group recognizes any remaining amount of the re-measurement in the Restated Consolidated Statement of Profit and Loss.

(r) Provisions, contingent liabilities and contingent asset

A provision is recognised when the Group has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are discounted to their present value at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. The unwinding of the discount is recognised as finance cost.

Contingent liabilities are disclosed for possible obligations which will be confirmed only by future events not wholly within the control of the Group; or present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are not recognised in the Restated Consolidated Financial Information. However, the same are disclosed in the Restated Consolidated Financial Information where an inflow of economic benefit is probable.

(s) Segment Reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components, and for which discrete financial information is available. Operating segments are identified based on the manner in which the chief operating decision-maker (CODM) decides about the resource allocation and reviews performance. The Managing Director of the Parent Company have been identified as the CODM.

Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment.

BSR & Co. LLP Chartered Accountants

Clean Max Enviro Energy Solutions Limited Mumbai

Segment revenue resulting from transactions with other business segments is accounted on the basis of transfer price agreed between the segments. Such transfer prices are either determined to yield a desired margin or agreed on a negotiated basis.

Revenue, expenses, assets and liabilities which relate to the Group as a whole and are not allocable to segments on reasonable basis have been included under "unallocated revenue / expenses / assets/ liabilities".

(t) **Earnings per share**

Basic earnings per equity share has been computed by dividing the net profit or loss for the reporting period attributable to equity shareholders by the weighted average number of equity shares outstanding during the reporting period.

Diluted earnings per share is computed by dividing the profit / (loss) after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on conversion of all dilutive potential equity shares. If potential equity shares converted into equity shares increases the earnings per share, then they are treated as anti- dilutive and anti-dilutive earning per share is computed.

The weighted average number of equity shares outstanding is adjusted for bonus issue, bonus element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares).

(u) **Earnings before interest, tax, depreciation, impairment and amortization (EBITDA)**

The Group presents EBITDA in the Restated Consolidated Statement of Profit and Loss; this is not specifically required by Ind AS 1. The term EBITDA is not defined in Ind AS. Ind AS compliant Schedule III allows companies to present line items, sub-line items and sub-totals as an addition or substitution on the face of the financial statements when such presentation is relevant to an understanding of the Group's financial position or performance to or to cater to industry/sector-specific disclosure requirements or when required for compliance with the amendments to the Companies Act or under the Indian Accounting Standards.

Measurement of EBITDA

Accordingly, the Group has elected to present EBITDA as a separate line item on the face of the Restated Consolidated Statement of Profit and Loss. In its measurement, the Group does not include exceptional items, depreciation, impairment and amortisation expenses, finance costs, share of profit from joint ventures and associate and income tax expense.

(v) **Business Combination**

In determining whether a particular set of activities and assets is a business, the Group assesses whether the set of assets and activities acquired includes, at a minimum, an input and substantive process and whether the acquired set has the ability to produce outputs. The Group has an option to apply a 'concentration test' that permits a simplified assessment of whether an acquired set of activities and assets is not a business. The optional concentration test is met if substantially all of the fair value of the gross assets acquired is concentrated in a single identifiable asset or group of similar identifiable assets.

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition date fair value of assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interest issued by the Group in exchange of the control of the acquiree. Acquisition

BSR & Co. LLP Chartered Accountants

Clean Max Enviro Energy Solutions Limited Mumbai

related costs are recognised in Restated Consolidated Statement of Profit and Loss as incurred except if related to the issue of debt or equity securities.

Purchase consideration paid in excess / shortfall of the fair value of identifiable assets and liabilities including contingent liabilities and contingent assets, is recognised as goodwill / capital reserve respectively.

Business combination involving entities or businesses under common control are accounted for using the pooling of interest method. Under pooling of interest method, the assets and liabilities of the combining entities / business are reflected at their carrying value. The difference if any, between the consideration paid by the acquirer and the amount of share capital of the transferor is transferred to capital reserve.

Deferred tax assets and liabilities and assets or liabilities related to employee benefits arrangements are recognised and measured in accordance with Ind AS 12 "Income Taxes" and Ind AS 19 "Employee Benefits" respectively.

Potential tax effects of temporary differences and carry forwards of an acquiree that exist at the acquisition date or arise as a result of the acquisition are accounted in accordance with Ind AS 12.

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any. For the purposes of impairment testing, goodwill is tested at the independent cash generating unit. A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in Restated Consolidated Statement of Profit or Loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

(w) Operating Cycle

All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle and other criteria set out in Schedule III to the Companies Act 2013. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Based on the nature of products / activities of the Group and the normal time between acquisition of assets and their realization in cash or cash equivalents the Group has determined its operating cycle as twelve months for the purpose of classification of its assets and liabilities as current and non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities. Advance tax paid is classified as non-current assets.

(x) Borrowing Cost

Borrowing costs directly attributable to the acquisition or construction of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in Restated Consolidated Statement of Profit and Loss in the period in which they are incurred.

BSR & Co. LLP Chartered Accountants

Clean Max Enviro Energy Solutions Limited Mumbai

The Group suspends capitalization of borrowing costs during extended periods in which it suspends active development of a qualifying asset.

The entity determines the amount of borrowing costs eligible for capitalization as the actual borrowing costs incurred on that borrowing during the period less any interest income earned on temporary investment of specific borrowings pending their expenditure on qualifying assets, to the extent that an entity borrows funds specifically for the purpose of obtaining a qualifying asset. If any specific borrowing remains outstanding after the related asset is ready for its intended use or sale, that borrowing becomes part of the funds that an entity borrows generally when calculating the capitalization rate on general borrowings. In case if the entity borrows generally and uses the funds for obtaining a qualifying asset, borrowing costs eligible for capitalization are determined by applying a capitalization rate to the expenditure on that asset.

(y) **Prepaid Common Infrastructure Facility Charges**

Prepaid common infrastructure facility charges represent upfront payments made to secure the right to use the common infrastructure facilities, where ownership remains with a third party. These payments are recognised as assets at the amount paid on the date the right is obtained and amortised over the period of use.

(z) **Redemption liability (Non-controlling interests ("NCI"))**

The Parent Company is writer of the put option to the non-controlling interest (NCI) shareholders in specific subsidiaries to acquire the entire shareholding at a predetermined fixed exercise price where the right to exercise is with NCI shareholders. As a result of this contractual commitment with the Parent Company, NCI shareholders do not have present access to the returns associated with the subsidiaries. The present value of the amount payable under this contract is recorded under financial liability, reflecting the Parent Company's obligation to purchase the shares of the NCI shareholders. The difference between the present value and the amount paid by NCI has been recognised under Other equity.

(aa) **Critical accounting judgements and key sources of estimation uncertainty**

The preparation of Restated Consolidated Financial Information in conformity with the recognition and measurement principles of Ind AS requires management to make judgments, estimates and assumptions, that effect the reported balances of assets and liabilities, disclosures relating to contingent liabilities/contingent assets as at the date of the Restated Consolidated Financial Information and the reported amounts of income and expenses for the years presented. Actual results may differ from these estimates.

These estimates and associated assumptions are based on historical experiences and various other factors that are believed to be reasonable under the circumstances. The estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognised in the period in which the estimate is revised if the revision affect only that period, or in the period of the revision and future periods if the revision affects both current and future period.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the Restated Consolidated Financial Information pertain to:

- **Useful lives of property, plant and equipment and other intangible assets [refer note 2 and 4(b)]:** The Group reviews the useful life of property, plant and equipment and other intangible assets at the end of each reporting period. This reassessment may result in change in depreciation and amortization expense in future periods.

BSR & Co. LLP Chartered Accountants

Clean Max Enviro Energy Solutions Limited Mumbai

- **Impairment of non-financial assets including ROU asset [refer note 2, 3, 4(a), 4(b) and 5(a)]:** The Group estimates the value in use of the cash generating unit (CGU) based on future cash flows after considering current economic conditions and trends, estimated future operating results, growth rate and anticipated future economic and regulatory conditions. The estimated cash flows are developed using internal forecasts. The cash flows are discounted using a suitable discount rate in order to calculate the present value.

- **Impairment of investments [refer note 6]:** The Group reviews its carrying value of investments annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

- **Defined benefit plans [refer note 42.2]:** The cost of the defined benefit plans and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.
- **Impairment of financial assets [refer note 38.7]:** The impairment provision for financial assets (other than trade receivables) are based on assumptions of risk of default and expected loss rates. The Group makes judgements about these assumptions for selecting the inputs to the impairment calculation, based on the Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

  Trade receivables are stated at their transaction values as reduced by appropriate allowances for estimated irrecoverable amounts which are based on the aging of the receivable balances and historical experiences. Individual trade receivables are written off when management deems them not be collectible.

- **Costs to complete for Construction contracts [refer note 11]:** The Group's management estimates the costs to complete for each project for the purpose of revenue recognition and recognition of anticipated losses on projects, if any. In the process of calculating the cost to complete, management conducts regular and systematic reviews of actual results and future projections with comparison against budget. This process requires monitoring controls including financial and operational controls and identifying major risks facing the Group and developing and implementing initiatives to manage those risks. The Group's management is confident that the costs to complete the project are fairly estimated.

- **Share based payment [refer note 43]:** Estimating fair value for share-based payment transactions requires determination of the most appropriate valuation model, which depends on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the share option, volatility and dividend yield and making assumptions about them. For the measurement of the fair value of equity-settled transactions with employees at the grant date, the Group uses Binomial model.

- **Evaluation of control / joint control / significant influence:** The Group makes assumptions, when assessing whether it exercises control, joint control or significant influence over entities in which it holds less than 100 percent of the voting rights. These assumptions are made based on the contractual rights with the other shareholders, relevant facts and circumstances which indicate that the Group has power over the potential subsidiary or that joint control exists. Changes to contractual arrangements or facts and circumstances are monitored and are evaluated to determine whether they have a potential impact on the assessment as to whether the Group is exercising control over its investment.

- **Recognition of deferred tax asset:** The deferred tax assets in respect of brought forward business losses is recognised based on reasonable certainty of the projected profitability, determined on the basis of approved business plans, to the extent that sufficient taxable income will be available to absorb the brought forward business losses. The Group reviews the carrying amount of deferred tax assets at the end of each reporting period. The policy has been detailed in Note (i) above.

(bb) Exceptional items

An item of income or expense which by its size, type and incidence requires disclosure in order to improve an understanding of the performance of the Group is treated as an exceptional item and the same is disclosed in Restated Consolidated Statement of Profit and Loss and in the notes forming part of the Restated Consolidated Financial Information.

Note 1.4 Recent Indian Accounting Standards (Ind AS)

Ministry of Corporate Affairs (MCA) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

In May 2025, MCA notified amendments to Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, applicable w.e.f. April 1, 2025.

In August 2025, MCA notified the following amendments to:

- Ind AS 1, Presentation of Financial Statements, applicable w.e.f. April 1, 2025 - The amendment relates to classification of liabilities as current or non -current and non-current liabilities with covenants. In the context of classifying a liability as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants.
- Ind AS 7, Statement of Cash Flows and Ind AS 107, Financial Instruments - Disclosures, applicable w.e.f. April 1, 2025 – The amendment in Ind AS 7 requires to inform users of financial statements of the existence of supplier finance arrangements and explain the nature of the arrangements, the carrying amount of liabilities and the range of payment due dates. Ind AS 107 has been amended to add supplier finance arrangements as a factor that may cause concentration of liquidity risk.
- Ind AS 12, International Tax Reform – Pillar Two Model Rules applicable immediately - The amendments provide a temporary mandatory relief from deferred tax accounting for top-up tax and disclose that they have applied the relief. This relief is immediate and applies retrospectively. The amendments also require companies to provide new disclosures to compensate for potential loss of information resulting from the relief. Such disclosures are to be provided for annual reporting periods beginning on or after April 1, 2025.

The Group has reviewed the amendments and based on its evaluation has determined that it does not have any significant impact in its financial statements.

Note 1.5 New and amended standards issued but not effective

For the six months period ended 30th September, 2025, MCA has not notified any new standards or amendments to the existing standards applicable to the Group.

Footnotes:

(i) For details of pledged assets, refer note 55

(ii) The Parent Company, subsidiaries and joint ventures incorporated in India are not holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988)

(iii) The Group and its joint ventures and associate makes an assessment for impairment of Property, Plant and Equipment when facts and circumstances indicate that carrying values of such assets may not be recoverable. When evaluating for impairment, the carrying value of the asset is compared to the asset's estimated future discounted cash flows. The trigger for impairment occurs if the estimated discounted future cash flows are less than the carrying value of the asset. The value of impairment is determined by comparing the carrying value of the asset to the asset's recoverable value and recognize an impairment charge when the asset's carrying value exceeds its estimated recoverable value. The recoverable value of the asset is estimated using a discounted cash flow model based on forecasted future revenues and operating costs, using internal projections. The impairment test is performed at the independent cash generating unit (CGU) level.

Depreciation includes impairment of Rs. Nil (30th September, 2024: Nil, 31st March 2025: Nil, 31st March 2024: Rs. 24.99 million, 31st March 2023: Rs. 40.53 million)

There is a reversal of impairment loss of Rs. 5.36 million during the six months period ended 30th September, 2025.

(iv) The Group and its joint ventures and associate has not revalued its property, plant and equipment as on each reporting period and therefore Schedule III disclosure requirements with respect to fair value details are not applicable.

(v) On transition to Ind AS, the carrying values of all the Property, Plant and Equipment under the previous GAAP have been considered to be the deemed cost under Ind AS.

(vi) Title deeds of immovable property and lease agreements are in the name of the Group and its joint ventures and associate as at 30th September, 2025 except as disclosed in note 5(b) and 5(c)

Footnote:

As at 30th September, 2025:

Goodwill is assessed for impairment at each reporting date and whenever events or changes in circumstances indicate that the carrying amount of a cash-generating unit (CGU) may not be recoverable. The recoverable amount of a CGU is determined as the higher of its fair value less costs of disposal and its value-in-use.

For the purpose of goodwill impairment testing, Cleanmax Alpha LesseCo FZCO is identified as the CGU. The recoverable amount of goodwill is determined based on the value-in-use, which is calculated using projected future cash flows. These projections incorporate current economic conditions, anticipated future operating performance, and growth expectations. The Group applies the discounted cash flow (DCF) method to estimate the value-in-use.

If the recoverable amount of the CGU is lower than its carrying amount, the resulting impairment loss is first applied to reduce the carrying amount of goodwill allocated to the CGU. Any remaining loss is then allocated to other assets of the CGU on a pro-rata basis, according to their carrying amounts.

The Group conducted an impairment assessment for the six months period ended 30 September, 2025. The key assumptions used in the value-in-use calculation include:
- Weighted Average Cost of Capital (WACC)* : 10%
- Projected Cash Flows : Based on expected inflows from executed Power Purchase Agreements (PPAs), as well as contracts anticipated to be executed over the next 2-3 years.

**Weighted Average Cost of Capital (WACC) for the Group = Risk free return + (Market risk premium x Beta)*

The Group has performed sensitivity analysis around the base assumptions and has concluded that there are no reasonably possible changes to key assumptions that would cause the carrying amount of a CGU to exceed its recoverable amount.

As at 31st March, 2025:

Goodwill is tested for impairment on an annual basis and whenever there is an indication that the recoverable amount of a cash generating unit (CGUs) is less than its carrying amount. The recoverable amount is determined based on value in use for the entire Group which is regarded as the CGU for impairment testing. Value-in-use is determined based on future cash flows, after considering economic conditions, estimated future operating results and growth rates. The Group uses discounted cash flows method to determine the recoverable amount.

The Group has performed its annual impairment test for year ended 31st March, 2025 and no Goodwill impairment was deemed necessary. The goodwill on business combination is created during the year on 1st October, 2024 based on underlying valuations. The said goodwill is not materially sensitive to any change in underlying assumptions.

Clean Max Enviro Energy Solutions Limited (Formerly known as Clean Max Enviro Energy Solutions Private Limited)
CIN : U93090MH2010PLC208425
Notes to the Restated Consolidated Financial Information
(Currency: Amount in ₹ million, unless otherwise stated)

Footnotes:

(i) The Group and its joint ventures and associate makes an assessment for impairment of other intangible assets when facts and circumstances indicate that carrying values of such assets may not be recoverable. When evaluating for impairment, the carrying value of the asset is compared to the asset's estimated future discounted cash flows The trigger for impairment occurs if the estimated discounted future cash flows are less than the carrying value of the asset. The value of impairment is determined by comparing the carrying value of the asset to the asset's recoverable value and recognize an impairment charge when the asset's carrying value exceeds its estimated recoverable value. The recoverable value of the asset is estimated using a discounted cash flow model based on forecasted future revenues and operating costs, using integral projections. The impairment test is performed at the independent cash generating unit (CGU) level. The impairment charge amounts to Rs. Nil in all the reporting period/year.

(ii) The Group and its joint ventures and associate has not revalued its other intangible assets as on each reporting period and therefore Schedule III disclosure requirements with respect to fair value details is not applicable.

(iii) On transition to Ind AS, the carrying values of all the other intangible assets under the previous GAAP have been considered to be the deemed cost under Ind AS.

Note 5(a): Intangible assets under development

	As at 30th September, 2025	As at 30th September, 2024	As at 31st March, 2025	As at 31st March, 2024	As at 31st March, 2023

*During the six months period ended 30th September 2025, the Parent Company has changed the composition of authorised share capital wherein Compulsorily convertible preference shares (Series M) of Rs. 1000/- each are now reclassified into equity shares of Rs 10 each (refer note 46(ii))

The Parent Company has approved the sub-division of each equity share of face value of Rs. 10 each fully paid up into 10 equity shares of face value of Re. 1 each fully paid up. Subsequent to sub-division, the Parent Company has approved issuance of bonus shares in the ratio of 1 : 1 i.e. 1 bonus share for each equity share (refer note 46(iii))

^The figures are less than the denomination disclosed, hence the figures do not appear

19 (a): Details of rights, preferences and restrictions attached to the equity shareholders:

The Parent Company has only one class of equity shares having at par value of Re 1/- per share. Members of the Parent Company holding equity share capital therein have a right to vote, on every resolution placed before the Parent Company and right to receive dividend. The voting rights on a poll is in proportion to the share of the paid-up equity capital of the Parent Company held by the shareholders. In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the Group after distribution of all preferential amounts, in proportion to their shareholding and are subject to the preferential rights of the preference shares.

19 (b): Details of rights, preferences and restrictions attached to the preference shareholders:

The term Series K of Compulsorily Convertible Preference Shares ("CCPS") shall be for a period of 20 years from the date of their issuance. Each CCPS, having a dividend rate of 0.001% payable at the discretion of the Parent Company, shall be participating preference share denominated in Indian Rupees and shall be fully and compulsorily convertible into Equity Shares at future date anytime during the tenure of CCPS in accordance with terms of issuance. Each holder of CCPS shall be entitled to receive notice of, and to attend, General Meetings of the Parent Company. Except as provided under applicable laws, Series K CCPS shall not carry any voting rights.

Nature and purpose of reserves:

(a) Securities premium is used to record the premium on issue of shares. The reserve shall be utilised in accordance with the provisions of section 52 of the Companies Act, 2013.

(b) Employee stock options outstanding: The Parent Company has employee share option schemes under which options to subscribe for the Company's shares have been granted to the key employees and directors. The share option outstanding account is used to recognise the fair value of equity settled share based payments provided to the key employees and directors.

(c) Statutory reserve: According to the Articles of Association of Cleanmax Solar Mena FZCO and UAE Federal Commercial Companies Law, 10% of annual net profits of the foreign subsidiaries is allocated to the statutory reserve. This reserve is not available for distribution.

(d) Retained earnings represents the amount of accumulated earnings of the Group and its joint venture and associate less any transfers such dividends or other distributions to shareholders. Retained earnings represents free reserves available to the Group and its joint ventures and associate.

(e) Capital reserve on business acquisition mainly represents the amount of net assets acquired over and above consideration paid consequent to the business acquisitions during the period/year.

(f) Debenture redemption reserve is created out of profits of the Parent Company for the purpose of redemption of Debentures issued by the Parent Company. On completion of redemption, the reserve will be transferred to retained earnings.

(g) Foreign currency translation reserve on the exchange differences arising from the translation of financial statements of foreign operations with functional currency other than Indian rupees is recognised in other comprehensive income and is presented within other equity in the foreign currency translation reserve.

(h) Cash flow hedge reserve: Represents the cumulative effective portion of gains or losses arising on changes in fair value of designated hedging instruments entered into for cash flow hedges. The cumulative gain or loss on such changes are recognised through Other Comprehensive Income (OCI) and accumulated under this reserve. Such gains or losses will be reclassified to Restated Consolidated Statement of Profit and Loss in the period in which the hedged item occurs/affects Restated Consolidated Statement of Profit and Loss or to terminate, if any.

Fair value loss on Compulsory Convertible Preference Shares [Refer footnote 37(a)]	-	-	-	197.66	891.90
	-	-	-	197.66	891.90

37(a) During the year ended 31st March, 2024, the Group has recognised loss on account of changes in fair value of compulsory convertible preference shares which are measured at fair value through profit and loss. Since the same is distinct from the ordinary business of the Group, it has been presented as an exceptional item. The compulsory convertible preference shares were converted into equity shares in FY 2023-24

Notes to the Restated Consolidated Financial Information

All amounts are in ₹ million, unless otherwise stated

Note 36 Financial instruments

(a) Capital Management

The Group's capital management objectives are to ensure its ability to continue as a going concern so that it can provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

Gearing Ratio

The Group manages its capital structure and makes adjustments in light of changes in economic conditions and the risk characteristics of its underlying assets. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividend payment to shareholders, return capital to shareholders or issue new shares. The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Group's policy is to keep the gearing ratio between 2 and 3. The Group includes within net debt, interest bearing loans and borrowings, trade and other payables, less cash and cash equivalents, excluding discontinued operations.

Particulars	As at 30th September, 2025	As at 30th September, 2024	As at 31st March, 2025	As at 31st March, 2024	As at 31st March, 2023
Total liabilities	1,86,214.89	1,54,197.80	1,79,716.80	1,51,885.61	1,18,748.15
Less: Cash and cash equivalents	2,167.22	1,824.41	3,283.45	998.97	1,116.64
Net debt (A)	1,84,047.67	1,52,373.39	1,76,433.35	1,50,886.64	1,17,631.51
Total equity	61,999.97	56,761.13	62,043.31	49,197.74	34,467.54
Less: Cash flow hedge reserve	149.94	-	-	-	-
Total adjusted equity (B)	61,850.03	56,761.13	62,043.31	49,197.74	34,467.54
Net debt to adjusted equity ratio (A/B)	2.98	2.68	2.84	3.07	3.41

(b) Total liabilities have increased as a result of various capital expenditure projects undertaken by the Group.

(c) Capital is managed by equity shareholders' other equity including non-controlling interest and including cash flow hedge reserve.

In order to achieve this overall objective, the Group's capital management, amongst other things, aims to ensure that it meets the financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. The financial covenants are very similar for all borrowings except for borrowings in relation to which the relevant agreements with lenders

In FY 2024-25 and FY 2023-24, there have been no breaches in the financial covenants of any interest-bearing loans and borrowings. For more details on the financial covenants, refer Note 19. The Company's Board has approved the Restated Consolidated Financial Statements for the year ended 30th September, 2025 vide its resolution dated 27th November, 2025.

No changes were made in the objectives, policies or processes for managing capital during the year ended September 30, 2025.

(d) Categories of financial instruments

Other financial liabilities	1,777.74	-	2,758.74	4,536.47
	1,777.74	-	19,152.74	20,930.47

* Investments in equity instruments which are measured at fair value through other comprehensive income are not considered as part of any of the categories as per Ind AS 109 - Financial Instruments - Disclosures. Hence, they are not included in the above table.

The management assessed that the fair value of the trade and other receivables, bank balances other than cash and cash equivalents, loans, borrowings, other financial liabilities, other financial assets carried at amortised cost approximate their carrying amounts. The fair value of non-current borrowings could not be reliably measured and other financial liabilities are evaluated by discounting future cash flows using rates currently available for instruments with similar terms, credit risk and remaining maturities which reasonably approximate their carrying amounts.

[A.3] Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the Board of Directors of the Parent Company, which has established an appropriate liquidity risk management framework for the management of the Group's short, medium and long-term funding and liquidity management requirements. The Group manages its liquidity risk by ensuring adequate funds are available through equity, internal accruals and borrowings from banks and financial institutions by monitoring the undrawn committed borrowing facilities and by matching the maturity profiles of financial assets and liabilities.

As at 30 September 2021, the current liabilities have exceeded the current assets by Rs. 10,424.99 million. Given the nature of its business and based on the current overall financial plans of the Group and its cash control which includes a collection of collected cash flows from operations including collections on the receivables of unbilled revenue as well as continuously monitor construction capacity both of which are backed by long term offtake PPAs and sale of projects under construction, the sanctioned undrawn loan facilities from various lenders and the cash flow and advance options available to optimize working capital loans, and without any occurrence of sale of assets/controlling interest to third party, the Board of Directors have concluded on the ability of the Group and its joint ventures to pass the entire loan obligations as and when due in the foreseeable future.

Maturities of financial liabilities

The following tables detail the Group's non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted contractual cash flows of financial liabilities based on the earliest date on which the Group can be required to pay.

Financial liabilities	Upto 1 year	More than 1 year	Total
As at 30th September, 2021			
Borrowings	[illegible]	[illegible]	[illegible]
Trade payables	[illegible]	[illegible]	[illegible]
Lease liabilities	[illegible]	[illegible]	[illegible]
Other financial liabilities	[illegible]	[illegible]	[illegible]
	[illegible]	[illegible]	[illegible]
As at 30th September, 2020			
Borrowings	[illegible]	[illegible]	[illegible]
Trade payables	[illegible]	[illegible]	[illegible]
Lease liabilities	[illegible]	[illegible]	[illegible]
Other financial liabilities	[illegible]	[illegible]	[illegible]
	[illegible]	[illegible]	[illegible]
As at 31st March, 2021			
Borrowings	[illegible]	[illegible]	[illegible]
Trade payables	[illegible]	[illegible]	[illegible]
Lease liabilities	[illegible]	[illegible]	[illegible]
Other financial liabilities	[illegible]	[illegible]	[illegible]
	[illegible]	[illegible]	[illegible]
As at 31st March, 2020			
Borrowings	[illegible]	[illegible]	[illegible]
Trade payables	[illegible]	[illegible]	[illegible]
Lease liabilities	[illegible]	[illegible]	[illegible]
Other financial liabilities	[illegible]	[illegible]	[illegible]
	[illegible]	[illegible]	[illegible]

* The undiscounted amount payable in relation to lease liability is Rs. [illegible] million (31 March 2021: Rs. [illegible] million, 31 March 2020: Rs. [illegible] million) which is due after 5 years and not included in the above Restated Consolidated Financial Information and is contingent rent payable (refer note 31). As per IND AS 116 on leases, the lease liability is measured at the present value of the lease payments that are not paid at the reporting date.

[A.4] Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group and its joint ventures and associates is exposed to the risk of changes in market interest rates relates primarily to the Group's long-term debt obligations with floating interest rates.

The Group and its joint ventures and associates manage its interest rate changes to hedge the variability in interest rate payments due to changes in the benchmark interest rate. The Group applies a hedge ratio of 1:1. The Group assesses the existence of an economic relationship between the hedging instrument and hedged item based on the notional amount, repricing dates and maturity dates and the interest or payment terms.

In cases hedge relationships the joint ventures and associates does not:
- the effect of the credit risk, and the Group does not designate as the hedge ratio of the same volume of the hedged item that the entity actually hedges and the quantity of the hedging instrument that the entity actually uses to hedge that quantity of hedged item.
- if the same risk exposure arises, but where the risks and the hedges.

Risk Management strategy for various interest rate risks:

At the end of the reporting period, the Group's exposure to interest rates on financial assets and financial liabilities are detailed in the table below. The analysis assumes that all other variables remain constant.

Particulars	For the six months period ended 30th September, 2021	For the six months period ended 30th September, 2020	For the year ended 31st March 2021	For the year ended 31st March, 2020	For the year ended 31st March, 2019
Total exposure of the Group and its joint venture and associates in variable rate borrowings	[illegible]	[illegible]	[illegible]	[illegible]	[illegible]
Impact on profit/(loss) before tax for the period/year					
Increase by 50 basis points	[illegible]	[illegible]	[illegible]	[illegible]	[illegible]
Decrease by 50 basis points	[illegible]	[illegible]	[illegible]	[illegible]	[illegible]
Impact on pre-tax equity for the period/year					
Increase by 50 basis points	[illegible]	[illegible]	[illegible]	[illegible]	[illegible]
Decrease by 50 basis points	[illegible]	[illegible]	[illegible]	[illegible]	[illegible]

The pre-tax cash flow sensitivity is not necessarily representative of the average risk over the entire year during the period/year.

Risk Sensitivity analysis for fixed rate instruments

The Group and its joint ventures and associates does not have any fixed rate financial assets or liabilities at [illegible] and the Group and its joint ventures and associates do not designate any derivatives as hedging instruments under fair value hedge accounting. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

(Currency : Indian rupees in lakhs unless otherwise stated)

Note 39: Contingent Liabilities and Commitments

(A) Contingent liabilities (to the extent not provided for), Commitments and others

i) Claims against the Group not acknowledged as debt
Disputed claims / levies in respect of

Particulars	As at 30th September, 2025	As at 30th September, 2024	As at 31st March, 2025	As at 31st March, 2024	As at 31st March, 2023
Income Tax	949.06	222.52	903.65	239.65	202.78
Goods and Service Tax	1 043.75	791.96	952.47	901.00	632.59

ii) Guarantees
The Parent Company has issued financial guarantees to banks on behalf of and in respect of loan facilities availed by related parties

Particulars	As at 30th September, 2025	As at 30th September, 2024	As at 31st March, 2025	As at 31st March, 2024	As at 31st March, 2023
Assurances extended on behalf of customs	-	1 055.88	-	1 026.20	1,200.70
Bank guarantees	9 221.20	3 557.23	6 962.60	3 625.20	1 621.80
	9,221.20	4,613.04	6,962.60	5,451.40	2,822.50

In respect of financial guarantee contracts, no amounts are recognised based on the results of the liquidity adequacy test for likely deficiency / defaults by the entities on whose behalf the Parent Company has given guarantees

(B) Commitments (to the extent not provided for)

Particulars	As at 30th September, 2025	As at 30th September, 2024	As at 31st March, 2025	As at 31st March, 2024	As at 31st March, 2023
(a) Estimated amount of contracts remaining to be executed on capital account and not provided for	39,607.82	5 031.75	15 132.93	1 058.89	3 817.10
	39,607.82	5,031.75	15,132.93	1,058.89	3,817.10

(B) Other commitments
In respect of few subsidiaries of the Parent Company , the Parent Company has put option obligations in respect of 26% shareholding held by the other non-controlling interest shareholders of these subsidiaries which are exercisable at the termination of the contract, completion of the power purchase agreement or the breach of performance obligation by the Parent Company, as applicable. These put options are exercisable at fair market value of the underlying shares of such subsidiaries at the time of the exercise of the option by the non-controlling interest shareholder of these respective subsidiaries

Other matters
(a) During the FY 2021-24 petitions were filed by Tamil Nadu Generation and Distribution Corporation Limited against one of the subsidiary for the loss of the green corporate status pursuing to the financial year ended 31st March 2021. The hearings with respect to the matter with the Tamil Nadu Electricity Commission has been concluded during the year in the favour of the Subsidiary and no liability arose on the same

(b) Pending resolution of the respective proceedings, it is not practicable for the Group and its joint ventures and associate to ascertain the amount of cash outflows, if any, in respect of the above as it is determinable only on account of judgements/decisions pending with various fora/authorities.

The Group and its joint ventures and associate have reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed as contingent liabilities where applicable, in its Restated Consolidated Financial Information. The Group and its joint ventures and associate does not expect the outcome of these proceedings to have a materially adverse effect on its financial position. The Group and its joint ventures and associate does not expect any reimbursements in respect of the above

(c) The Group is involved in various civil, legal cases and regulatory proceedings related to land acquisitions, environmental approvals and contractual obligations with vendors and statutory authorities, which have arisen in the normal course of its business. These matters are currently under various stages of legal review and adjudication. Based on internal evaluation, the management is of the view that it is not possible to reliably estimate the timing of cash outflows, if any, in respect of these proceedings at this stage. However, the Group does not expect any material adverse effect on its Restated Consolidated Financial Information

Note 40: Disclosures required under Section 22 of the Micro, Small and Medium Enterprises Development Act, 2006

There are amounts due to Micro and Small Enterprises as defined in the "The Micro Small and Medium Enterprises Development Act, 2006" that have been determined to the extent such parties have been identified on the basis of information collected by the Management.

(b) The Disclosures relating to Micro and Small Enterprises is as under

	As at 30th September, 2025	As at 30th September, 2024	As at 31st March, 2025	As at 31st March, 2024	As at 31st March, 2023
(i)(a) The principal amount remaining unpaid to any supplier as at the end of the accounting period	330.38	36.56	715.64	281.41	311.31
(b) Interest on above	9.50	-	-	-	-
(ii) The amount of interest paid along with the principal payment made to the supplier beyond the appointed date during the period/year	-	-	-	-	-
(iii) Amount of interest due and payable on delayed payments (which has been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act, 2006	-	-	-	-	-
(iv) Amount of interest accrued and remaining unpaid at the end of accounting year/period	9.50	-	-	-	-
(v) Total outstanding dues of Micro and Small Enterprises	-	-	-	-	-
- Principal	330.38	36.56	715.64	281.41	311.31
- Interest	9.50	-	-	-	-
(vi) The amount of further interest due and payable even in the succeeding year, until such date when the interest dues as above are actually paid to the small enterprise	-	-	-	-	-

Basic earnings per share
The earnings and weighted average number of equity shares used in the calculation of basic earnings per share are as follows:

	For the six months period ended 30th September, 2025	For the six months period ended 30th September, 2024	For the year ended 31st March, 2025	For the year ended 31st March, 2024	For the year ended 31 March, 2023
Profit/ (Loss) attributable to equity shareholders (Rs. in million) (A)	1,109.63	33.75	278.43	(309.68)	(652.69)
Opening outstanding shares (Pre-split and bonus)	10,14,41,820	48,63,276	50,72,091	43,99,241	36,26,789
Opening outstanding shares (Post-split and bonus)	10,14,41,820	9,72,65,520	10,14,41,820	8,79,84,820	7,25,35,780
Weighted average number of equity shares (B)	10,14,41,820	9,69,18,382	9,67,08,674	7,84,44,330	7,24,53,364
Basic earnings per share (Rs.) (A/B) [Refer footnote 41(b)]	**1.09**	**0.35**	**2.88**	**(3.94)**	**(9.01)**

Diluted earnings per share
The earnings and weighted average number of equity shares used in the calculation of diluted earnings per share are as follows:

	For the six months period ended 30th September, 2025	For the six months period ended 30th September, 2024	For the year ended 31st March, 2025	For the year ended 31st March, 2024	For the year ended 31 March, 2023
Profit/(Loss) attributable to equity shareholders (Rs. in million) (A)	1,109.63	33.75	278.43	(309.68)	(652.69)
Number of equity shares outstanding at the end of the period/year	10,14,41,820	48,63,276	50,72,091	43,99,241	36,26,789
Number of equity shares outstanding at the end of the period/year (post split and bonus issue)	10,14,41,820	9,72,65,520	10,14,41,820	8,79,84,820	7,25,35,780
Weighted average number of equity shares - for diluted EPS (B)	10,48,70,826	9,66,51,681	9,98,96,806	7,84,44,330	7,24,53,364
	1.05	**0.35**	**2.79**	**(3.94)**	**(9.01)**

Footnote:

41(a) The basic and diluted earnings per share reflects the impact of share split of each equity share of face value of Rs. 10 each into 10 shares of face value of Re. 1 each and bonus shares outstanding in the ratio of 1:1 i.e. 1 bonus share for each equity share in accordance with Ind AS 33, Earnings per share (refer note 46(a)(i))

41(b) The Group has issued 69,750 yearly-paid Compulsorily Convertible Preference Shares (CCPS) to KERMINC 1 LLP on 16th August 2021. CCPS and ESOP are not considered as these are anti-dilutive in nature and thus have not been considered as calculation of dilutive shares for EPS in financial year 2023-24 and 2022-23.

*Earnings per share calculated for the six months period periods ended 30th September 2025 and 30th September, 2024 are not annualised

BSR & Co. LLP Chartered Accountants

Clean Max Enviro Energy Solutions Limited Mumbai

Note 42: Employee benefits

In accordance with Ind AS - 19 'Employee Benefits' specified under Section 133 of the Companies Act, 2013 the following disclosures are made:

42.1 The Group has recognised Rs. 11.92 million (30th September, 2024: Rs. 8.44 million, 31st March, 2025: Rs. 20.45 million, 31st March, 2024: Rs. 15.28 million, 31st March, 2023: Rs. 11.59 million) for Provident Fund contributions in the Restated Consolidated Statement of Profit and Loss. The contributions payable to these plans by the Group are at rates specified in the rules of the schemes.

42.2 **Defined benefit plans:**

The Group has an unfunded gratuity plan for qualifying employees. The benefit payable is calculated as per the Payment of Gratuity Act. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.
Gratuity amount is derived at 15/26 * Last drawn basic salary * Number of completed years.
Actuarial gains and losses in respect of defined benefit plans are recognised in the Restated Consolidated Financial Information through other comprehensive income.

Interest risk
A decrease in the bond interest rate will increase the plan liability.

Longevity risk
The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk
The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The following table set out the unfunded status of the defined benefit schemes and the amounts recognised in Restated Consolidated Financial Information:

Particulars	For the six months period ended 30th September, 2025	For the six months period ended 30th September, 2024	For the year ended 31st March, 2025	For the year ended 31st March, 2024	For the year ended 31st March, 2023
Balance at the beginning of the period/year	53.01	45.21	45.21	36.86	27.02

Clean Max Enviro Energy Solutions Limited Mumbai

The principal assumptions used for the purposes of the actuarial valuations are as follows:

	For the six months period ended 30th September, 2025	For the six months period ended 30th September, 2024	For the year ended 31st March, 2025	For the year ended 31st March, 2024	For the year ended 31st March, 2023
Discount rate	6.65%	6.85%	6.55%	7.15%	7.25%
Expected rate(s) of salary increase	10.00%	8.00%	8.00%	8.00%	10.00%
Attrition rate	11.00%	11.00%	11.00%	14.00%	20.00%
Mortality rate during employment	Indian Assured Lives Mortality (2012-14) Table	Indian Assured Lives Mortality (2012-14) Table	Indian Assured Lives Mortality (2012-14) Table	Indian Assured Lives Mortality (2012-14) Table	Indian Assured Lives Mortality (2012-14) Table

The discount rate is based on the prevailing market yields of Government of India securities as at the reporting date for the estimated term of the obligations. The estimate of future salary increases considered, take into account the inflation, seniority, promotion, increments and other relevant factors such as supply and demand in the employment markets.

Particulars	For the six months period ended 30th September, 2025	For the six months period ended 30th September, 2024	For the year ended 31st March, 2025	For the year ended 31st March, 2024	For the year ended 31st March, 2023
Present value of unfunded defined benefit obligation	78.89	45.64	53.81	45.21	36.86
Fair value of plan assets	-	-	-	-	-
Net liability arising from defined benefit obligation (Refer note 23)	78.89	45.64	53.81	45.21	36.86

Sensitivity Analysis

Gratuity is a funded plan and the cost of providing these benefits is typically less sensitive to small changes in demographic assumptions. The key actuarial assumptions to which the benefit obligation results are particularly sensitive to are discount rate and future salary escalation rate. The following tables summarize the impact on the reported defined benefit obligation at the end of the reporting period arising on account of an increase or decrease in the reported assumption by 100 basis points. These assumptions have been calculated to show the movement in defined benefit obligation in isolation and assuming there are no other changes in market conditions at the accounting date. There have been no changes from the previous periods in the methods and assumptions used in preparing the sensitivity analysis.

Particulars	For the six months period ended 30th September, 2025		For the six months period ended 30th September, 2024		For the year ended 31st March, 2025		For the year ended 31st March, 2024		For the year ended 31st March, 2023	
	Decrease	Increase	Decrease	Increase	Decrease	Increase	Decrease	Increase	Decrease	Increase
Change in rate of discounting (delta effect of +/- 1%)	47.18	37.75	31.91	42.51	37.47	30.55	40.25	42.53	37.72	34.18
Change in rate of salary increase (delta effect of +/-1%)	38.75	43.98	42.80	47.92	38.01	50.74	42.81	47.92	34.30	37.42
Change in rate of attrition increase (delta effect of +/- 50%)	42.77	38.49	46.51	44.03	36.36	51.76	46.31	41.07	30.80	33.94

Notes to the Restated Consolidated Financial Information
(Currency: Amount in ₹ million, unless otherwise stated)

Note 42: Equity settled share based payments

i) Pursuant to the approval of "CMEEPSL ESOP Scheme 2015" by the shareholders in the Extra-Ordinary General Meeting held on 5th August 2015 and subsequent amendment in the scheme in the Annual General Meeting held on 22nd October, 2021, 69,833 and 63,454 options were approved by the shareholders respectively. In FY 2023-24, there was further amendment to the ESOP scheme which was approved by the shareholders in the Extra-Ordinary General Meeting held on 26th October 2023 thereby introducing 'New Category A Primary ESOP Pool' with 63,805 options & 'New Category B Secondary ESOP Pool' with 16,466 options. For New ESOP Scheme, refer point (viii) below

ii) The vesting period of these options range over a period of 1 year to 5 years from the date of grant. The options may be exercised within a period of 10 years from the date of vesting.

iii) As on 30th September 2025, the Company has vested options of 9,27,481[1] (30th September 2024: 34,640, 31st March 2025: 64,736, 31st March 2024: 28,659, 31st March 2023: 33,945)

iv) The fair value of the share options granted during the year is expensed over the vesting period

The following share based payment arrangements were in existence as on 30th September, 2025:

Scheme	Number of options	Exercise Price	Average Fair Value (range)
Scheme 1	1,22,420	1	199 to 524
Scheme 2	4,95,070	1	524 to 724
Scheme 3- Category A	6,38,050	1	863 to 1,225
Scheme 3- Category B	4,62,100	1	863 to 1,225

Fair value of share options granted:

Considering that the options granted by the Parent Company are by nature American Options as the employee has right to exercise the options at any time during 10 years from vesting of the options, the fair value of options has been estimated using the Binomial model

Inputs into the model	Option series			
	Scheme 1	Scheme 2	Scheme 3 Category A	Scheme 3 Category B
Share Price (range)	200 to 525	525 to 725	863 to 1,226	863 to 1,226
Exercise Price	1	1	1	1
Expected Volatility	-	-	-	-
Option life (exercise period post vesting)	10 years	10 years	10 years	10 years

vi) **Modification to ESOP Scheme (FY 2023-24):**

The Management modified the ESOP scheme, wherein the employees were given one time option to cash settle the ESOPs. The terms of share based payments are modified for vested options and consequently as per Ind AS 102, the excess of the fair value on modification over the fair value of the option on grant date of ₹ [illegible] million is accounted in the retained earnings. 22,346 ESOPs were encashed by employees at fair value determined based on equity valued by the Parent Company.

BSR & Co. LLP Chartered Accountants

Clean Max Enviro Energy Solutions Limited Mumbai

(vi) Share options outstanding at the end of the period/year
The share options outstanding at the end of the year had a weighted average remaining contractual life of 3.41 years (30th September 2024: 7.91 years, 31st March 2025: 7.91 years, 31st March 2024: 8.65 years, 31st March 2023: 7.77 years)

Total expenses arising from share-based payment transactions recognised in Restated Consolidated Statement of Profit and Loss as a part of employee benefit expense were as follows:

	For the six months period ended 30th September, 2025	For the six months period ended 30th September, 2024	For the year ended 31st March, 2025	For the year ended 31st March, 2024	For the year ended 31st March, 2023
Employee share based payment expenses	196.48	219.81	445.54	273.55	157.47
	196.48	219.81	445.54	273.55	157.47

(vii) New ESOP Scheme:
Further to the EGM dated August 14, 2025 the Parent Company approved 22,64,872 options forming part of the ESOP Pool 2025 and hence reflects the split approved by the shareholders of the Parent Company on June 27, 2025 and the bonus issuance approved by the shareholders on August 7, 2025. Each option is the scheme comprises of two underlying share

Footnote:
1 As on and for the period ended 30th September 2025, the number of options unallotted have been adjusted to present the impact of the sub-division of the equity shares of face value of ₹ 10 each into equity shares of face value of ₹ 1 each, as approved by the shareholders of Parent Company on June 27, 2025. Further, pursuant to the resolution passed by the Board of directors of the Parent Company at the meeting held on August 7, 2025, the Board of directors of the Parent Company is entitled to make appropriate adjustments to the number of equity shares in the named segment the employee stock options entitle to the bonus equity shares in proportion of 1 (one) bonus equity share for every 1 (one) equity share of the Parent Company, when the option grantees exercise their vested employee stock options in accordance with the Scheme.

Note 46: Events occurring after reporting period

i The resolution for taking necessary actions to consider and evaluate an initial public offering of equity shares by way of issue of fresh equity shares and/or an offer for sale by existing shareholders of the Company have been approved by the Board of Directors at its meeting held on 30th April, 2025. Pursuant to the SEBI ICDR (Issue of Capital and Disclosure Requirements) Regulations, 2018, the Company has filed its Draft Red Herring Prospectus (DRHP) with SEBI dated 16th August, 2025 on 17th August, 2025.

ii Pursuant to a resolution passed in Extra-ordinary general meeting held on 27th June, 2025, the Parent Company has changed the composition of authorised share capital wherein Rs. 31,16,77,444 divided into 70,51,992 Equity Shares of Re. 10 each, 2 Preference Shares of Rs. 212 each, 1,00,000 Series K Compulsorily Convertible Preference Shares of face value of Rs. 50 each and 23,61,571 Series M Compulsorily Convertible Preference Share of face value of Rs. 100 each have been reclassified as Rs. 31,16,77,444 divided into 3,06,67,702 Equity Shares of face value of Rs. 10 each, 2 Preference Shares of face value of Rs. 212 each and 1,00,000 Series K Compulsorily Convertible Preference Shares of face value of Rs. 50 each.

iii The Parent Company in extra-ordinary general meeting dated 27th June, 2025, have approved split of each equity share of face value of Rs. 10 each into 10 shares of face value of Re. 1 each (the 'Split'). Further, pursuant to a resolution passed in extra-ordinary general meeting dated 08th August, 2025, shareholders have approved the issuance of bonus shares in the equity shareholders in the ratio of 1:1 (the 'Bonus'). The effect of Split and Bonus issues has been adjusted retrospectively for all the years presented in Note 41.

iv The status of the Parent Company has changed from private limited to public limited. Pursuant to the provisions of Section 18 of the Companies Act, 2013, read with Rule 33 of the Companies (Incorporation) Rules, 2014 as amended from time to time, and vide Shareholders' approval dated 09th July, 2025, the name of the Parent Company has changed from 'Clean Max Enviro Energy Solutions Private Limited' to 'Clean Max Enviro Energy Solutions Limited' with effect from 07th August, 2025, on which date the Registrar of Companies, Mumbai gave its approval for the said conversion.

v The Board of Directors in its meeting held on 04 March, 2025 approved the resolution for sale of investments in certain subsidiaries to Clean Max Yamuna Private Limited. During the six months period ended 30 September, 2025, the Parent Company has entered into various agreements with Clean Max Yamuna Private Limited for sale of 100% stake in certain entities.

Footnote:

(a) The transactions with related parties are made in the normal course of business and on terms equivalent to those that prevail in arm's length transactions. Outstanding balances at the period/year end are unsecured and settlement occurs in cash.

(b) With effect from October, 2024, Clearsense Alpha LeaseCo FZCO ceased to be an associate and was converted into a subsidiary of Clearsense SolarMENA FZCO. Hence, transactions shown above are upto 30th September, 2024.

(c) Key Managerial Remuneration does not include provision made for gratuity since the same is provided for the Group and its joint ventures and associates as a whole based on independent actuarial valuation.

Clean Max Enviro Energy Solutions Limited Mumbai

Note 50

Deferred tax asset of Rs. 10,420.69 million (30th September 2024: Rs. 7254.82 million, 31st March 2024: Rs. 9,220.26 million, 31st March 2024: Rs. 8,683.57 million, 31st March 2023: Rs. 3,443.50 million) has been recognised by the Group on unabsorbed depreciation and unused business tax losses.

The recoverability of the deferred tax assets has been assessed based on:
– Internal budgets, profit forecasts prepared by management,
– applying tax principles to those forecasts; and
– following the methodology required by Ind AS 12 – Income Taxes.

Based on the assessments as above, the management determines that deferred tax assets created on unused tax losses (business losses and unabsorbed depreciation) should reverse well within the statutory time limit. These losses can be fully set-off against future taxable profits earned by the respective Companies/LLPs in the Group, and accordingly based on the reasonable certainty that sufficient future taxable income would be generated considering the size of the Company/LLPs, its growth trajectory and past performance history during normal times, appropriate amount of deferred tax asset has been created during the period. The management will continue to monitor and review these assets based on the profit forecasts in future.

Deferred tax asset amounting to Rs. 33.76 million, Rs. 25.02 million, Rs. 36.17 million, Rs. 25.02 million and Rs. 16.66 million as at 30th September, 2025, 30th September, 2024, 31st March, 2025, 31st March, 2024 and 31st March 2023 respectively in respect of unused tax losses have not been recognised by the Group. The total tax loss carry forwards of Rs. 134.11 million, Rs. 99.43 million, Rs. 143.70 million, Rs. 99.43 million, Rs. 66.21 million as at 30th September, 2025, 30th September, 2024, 31st March, 2025, 31st March, 2024 and 31st March, 2023 respectively, relates to certain subsidiaries on which deferred tax asset has not been recognised by the Group, because there is a lack of reasonable certainty that these subsidiaries may generate future taxable profits. Deferred tax assets on unused tax loses have been recognised by certain subsidiaries to the extent of profits arising from the reversal of existing taxable temporary differences.

Deferred income tax liabilities are recognised for all taxable temporary differences except in respect of taxable temporary differences associated with investments in subsidiaries where the timing of the reversal of the temporary difference are not entirely within the control of the Parent Company. Accordingly, deferred income tax liabilities on cumulative earnings of subsidiaries amounting to Rs. 1,258.23 million, Rs. 975.59 million, Rs. 1,338.76 million, Rs. 618.02 million and Rs. 283.06 million as at 30th September, 2025, 30th September, 2024, 31st March, 2025, 31st March, 2024 and 31st March, 2023 respectively has not been recognised.

Clean Max Enviro Energy Solutions Limited Mumbai

Clean Max Enviro Energy Solutions Limited (Formerly known as Clean Max Enviro Energy Solutions Private Limited)
CIN : U93090MH2018PLC306525
Notes to the Restated Consolidated Financial Information
(₹ in lakhs, except per share data and unless otherwise stated)

Note 36 : Segment
As per the Ind AS 108 on 'Operating Segments' the segment wise information is given below

The Managing Director of the Parent Company has been identified as the Chief Operating Decision Maker (CODM) of the Group and its joint ventures and associates. During the FY 2024-25, the Group and its joint ventures and associates have restated its previously reportable Segment CODM's review and revised segments are Segment A - Renewable Energy Power Sales and Segment B - Renewable Energy Services (reportable previously as previous years were Segment A - Renewable power projects segment, Segment B - Maintenance and other services, Segment C - Power sale segment and Segment D - Carbon credits). Segment A - Renewable Energy Power Sales includes the previously classified Power sale segment and Carbon credits whereas all other previously classified segments are clubbed to Segment B - Renewable Energy Services.

As per the requirements of Ind AS 108, the Company's joint ventures and associates is not classified Segment wise. Margin and EBITDA are the one of the major measures reviewed by the CODM. Resources and expenses directly attributable to segments are reported under each reportable segment. Expenses which are not directly identifiable to each reportable segment have been allocated on the basis of associated gross margins of the segment and management efforts. All other expenses which are not identifiable to segments have been disclosed as unallocable expenses. Assets and liabilities that are directly identifiable or allocable to segments are disclosed under each reportable segment. All revenues are from external customers, while there are no inter-segment transactions.

In the Restated Consolidated Financial Information, the segment related disclosures for comparative periods have been regrouped to confirm with the presentation and reporting in the current period in accordance with Ind AS 108
