EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013**Item No. 1**

Clean Max Enviro Energy Solutions Limited (Formerly known as Clean Max Enviro Energy Solutions Private Limited) ('CleanMax' or the 'Company') is a leading renewable energy developer in India, specialising in commercial and industrial ("C&I") solar and wind projects.

The Company was incorporated on 29 September 2010 with a mission to be the sustainability partner of choice for corporate consumers. Its initial offerings comprised supply of renewable energy to C&I consumers. The existing objects clause of the Memorandum of Association ("MOA") of the Company was accordingly framed to cover renewable energy projects and allied activities.

With growing demand from C&I consumers for integrated solutions to meet their net-zero and decarbonisation commitments — including from the Company's existing customer base — the Company proposes to leverage its established strengths and expertise to offer additional complementary solutions. These include carbon credit project development, sustainability consulting, energy efficiency solutions and other sustainability solutions. These areas are natural adjacencies to the Company's core business and align closely with its founding mission of being the Sustainability Partner of Choice for Corporate Consumers.

Accordingly, it is proposed to amend the objects clause of the MOA to specifically enable such activities within the Company's overall business operations. The proposed amendment is enabling and procedural in nature and does not alter or impact the Company's existing operations in any manner.

Pursuant to the provisions of Section 13 of the Companies Act, 2013 read with applicable rules made thereunder and all other applicable provisions, if any, approval of the Members is sought for alteration in the Objects Clause of MOA of the Company. Accordingly, the Board hereby recommends the resolution as set out at item no. 1 of this Notice, for approval of the Members by way of Special Resolution.

None of the Directors or Key Managerial Personnel of the Company or their relatives, are in any way concerned or interested, financially or otherwise, in the proposed resolution set out at item no. 1 of this Notice.

A copy of the draft revised MOA and other relevant documents, if any, referred to in the resolution, will be available for inspection by the Members on all working days (except Saturdays, Sundays and National Holidays) during business hours from the date of circulation of this Notice up till the last date of remote e-voting i.e. **05:00 p.m. Sunday, 17 May 2026** at the registered office of the Company as well as electronically. Members seeking to inspect such document(s) electronically, may send an email to the Company at secretarial@cleanmax.com. The copy of the revised MOA shall also be available on the Company's website at www.cleanmax.com.

Item No. 2

The Articles of Association ('Articles') of the Company, as adopted by the Members, define the framework for governance and management of the Company.

The existing Articles of Association of the Company includes Part B, which set out the rights of the minority shareholders, and Part C, which incorporated the provisions of the Amended and Restated Shareholders' Agreement dated July 30, 2025, executed, inter alia, amongst the Company, Mr. Kuldeep Jain, Mrs. Nidhi Jain, KEMPINC LLP ("KEMPINC"), Mr. Pratap Jain, Rikhab Investment B.V. ("Rikhab"), BGTF One Holdings (DIFC) Limited ("Brookfield"), Augment India I Holdings LLC ("Augment"), and DSDG Holding APS ("DSDG").

Pursuant to the listing of the Company, **Part B and Part C are no longer applicable and are required to be omitted. The new provisions are to be inserted under Part B** which to incorporate certain specific provisions of the Inter-se Agreement as mentioned above.

Further, **Part D** of the existing Articles contains provisions relating to Non-Convertible Debentures ("NCD"s) aggregating to INR 499 crore. However, the same has now become redundant upon full repayment of such NCDs and is therefore required to be omitted.

The amendments in the Articles require approval of Members by way of a special resolution pursuant to Section 14 of Companies Act, 2013 and other applicable law(s). Accordingly, the Board recommends the Special Resolution set out at item no. 2 of for approval of the Members by way of Special Resolution.

None of the Directors or Key Managerial Personnel of the Company or their relatives, except to the extent of their shareholding, if any, in the Company, are in any way concerned or interested, financially or otherwise, in the proposed resolution set out at item no. 2 of this Notice.

Business Background

Our Company, Clean Max Enviro Energy Solutions Limited (CMES) [Formerly known as Clean Max Enviro Energy Solutions Private Limited], is recognized as India's largest provider of renewable energy solutions for the commercial and industrial (C&I) sectors. CMES specializes in supplying renewable power, as well as offering energy services and carbon credit solutions to a diverse range of domestic and international customers. We provide a comprehensive suite of renewable energy offerings, which are delivered through two key business segments: (i) the Renewable Energy Power Sales Segment, and (ii) the Renewable Energy Services Segment.

In the Renewable Energy Power Sales Segment, CMES generates electricity through its renewable energy plants and sells it to customers via long-term Power Purchase Agreements (PPAs) and Energy Attribute Purchase Agreements (EAPAs), employing a Special Purpose Vehicle (SPV) model for each project. These agreements ensure a stable and predictable revenue stream while supporting the customers' transition to clean, renewable energy.

In the Renewable Energy Services Segment, CMES offers a wide range of turnkey development services. These services include land acquisition, evacuation infrastructure development, engineering, procurement and construction (EPC) services, power evacuation, and long-term operation and maintenance (O&M) support. Like the Power Sales Segment, these services are provided through an SPV model, ensuring dedicated and focused management for each project throughout its lifecycle.

In the context of the prevailing legal framework in India's power sector, power projects are classified as "captive generating plants" ("CGP"), where a significant portion of the power output is committed to a captive user (customer). Under the Electricity Act, 2003, along with the Electricity Rules, 2005 ("Captive Regulations"), specific conditions must be met for a plant to qualify as a CGP. It mandates that the captive user(s) must hold at least 26% of the plant's ownership. Additionally, applicable rules clarify that "ownership" refers to equity share capital with voting rights in the generating station or power plant. To comply with these Captive Regulations and ensure that its power plants qualify as CGPs, the Company establishes project-specific special purpose vehicles ("SPVs") for each major customer (the captive user). These SPVs are structured so that the relevant customer holds a minimum of 26% of the ownership (equity share capital with voting rights or profit share), while the Company holds the remaining 74%. The creation and investment in these SPVs are crucial and central to the Company's strategic business activities of developing and operating renewable energy power plants.

Given the nature of our business model, CMES is required to engage in various transactions with its subsidiaries and SPVs. The Company and its subsidiaries, in the ordinary course of its business, inter alia, propose to undertake Related Party transactions with respect to Company's Group Captive Subsidiaries and other subsidiaries including strategic partnerships where Company owns less than 100% of the equity in such subsidiaries, including development and construction of projects, provision of financing support including interCompany loans, infusion of equity and/ or debt, issuance of corporate guarantee, issuance of bank guarantee, security deposits, operation and management agreement, common infra sharing agreement, availing of working capital facilities including DSRA-backed bank guarantees and/or fixed deposit-backed lines, power purchase agreement/ arrangements, sale / lease of land, Rights of way, purchase of equipment, channel partner fee, infusion of equity / other securities by group captive consumers into subsidiaries, pursuant to the group captive structure as required under the provisions of the Captive Regulations mentioned aforesaid.

These transactions, are integral to the operation and execution of our projects, are governed by the terms outlined in the PPAs and EAPAs. These agreements set forth the terms for all related transactions, ensuring compliance and efficiency in the delivery of our services across different geographies. A brief list of transactions has been detailed below:

- ***Sale / Supply of modules, materials and undertaking EPC work***
- ***Providing common infrastructure facilities and right to use services***
- ***Providing operations and maintenance services***
- ***Providing finance via intercorporate deposits or non-current investments***
- ***Providing bank guarantee/ corporate guarantee on behalf of the SPV's /Subsidiaries***

Statutory Background

In accordance with Regulation 2(1)(zc) of the Listing Regulations, a Related Party Transaction ("RPT") includes any transaction involving the transfer of resources, services, or obligations between a listed entity or any of its subsidiaries, on one hand, and a related party of the listed entity or any of its subsidiaries, on the other hand, regardless of whether a consideration is charged. The term "transaction" shall be construed to include a single transaction or a group of transactions forming part of a contract or arrangement.

Further, in terms of Regulation 23 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations"), as amended, all material related party transactions require prior approval of the shareholders through ordinary resolutions, even if such transactions are undertaken in the ordinary course of business and are at arm's length.

Also, SEBI vide its circular No. SEBI/HO/CFD/CFD-PoD-2/P/CIR/2025/93 dated June 26, 2025, has introduced the Industry Standards on "Minimum information to be provided for review of the audit committee and shareholders for approval of a related party transaction" ('Standards') to facilitate uniform approach and assist listed companies in complying with the provisions of Regulation 23 of the SEBI Listing Regulations read with the SEBI Master Circular no. SEBI/HO/CFD/PoD2/CIR/P/0155 dated November 11, 2024 ('SEBI Circular'). The Standards inter alia requires listed entity to provide minimum information, in specified format, relating to the proposed RPTs, to the Members while seeking approval

Now, as per the listing Regulations, the transactions shall be considered material if the transaction(s) to be entered into individually or taken together with previous transactions during a financial year exceeds scale-based threshold basis as prescribed in Schedule XII of the regulation. Accordingly, the Annual consolidated turnover of CMES for the FY 2024-2025 is INR 1,495.70 crore (Indian Rupee One Thousand Four Hundred and Ninety Five Crore and Seventy Lakh only) and basis to which the materiality threshold for the Company for seeking shareholders' approval for related party transactions is INR 149.5 crore (Indian Rupee One-hundred-and forty-nine-point five crore). These limits are applicable irrespective of whether the transactions are in the ordinary course of business and/or at arm's length.

Considering the nature, volume and frequency of the proposed transactions, the aggregate value of such transaction(s), whether undertaken individually or collectively or in tranches, is expected to exceed the materiality thresholds prescribed under Regulation 23 of the Listing Regulations and the Company's Policy on Materiality of Related Party Transactions and on dealing with Related Party Transactions.

Accordingly, it is in the above context that, resolution No(s). 7 to 48 are placed for the approval of the Shareholders of CMES along with necessary details on the proposed RPTs provided in this Statement.

Based on the review, the Audit Committee has approved and noted that the proposed transactions between the related parties are in the ordinary course of business of the Company and are at arm's

length. The Board of Directors has also approved and recommended Resolution No. 7 to 48 for the approval of the Members of the Company as ordinary resolutions, for entering into and/or continuing with the existing and proposed related party arrangements and transactions.

The Audit Committee has also reviewed the certificate provided by the Managing Director and the Chief Financial Officer of the Company, as required under the RPT Industry Standards.

Members may note that, in terms of the provisions of the Listing Regulations, all related parties (whether or not they are a party to the aforesaid transactions) shall abstain from voting on the relevant resolutions.

None of the Directors or Key Managerial Personnel of the Company or their relatives, except to the extent of their shareholding, if any, in the Company, are in any way concerned or interested, financially or otherwise, in the proposed ordinary resolutions set out at item no. 7 to 48 of this Notice.

All the amounts mentioned in this document are in crore.

The Company shall ensure compliance with all applicable provisions of the Companies Act, 2013, Listing Regulations, the Industry Standards and the Company's internal policies, from time to time

The Board of Directors recommends the ordinary resolution for approval by the Members.

Details of the proposed related party transactions between the Company and its related parties are disclosed for resolution no 7 to 48 in accordance with the minimum information requirements prescribed under the Industry Standards Forum (ISF), as notified by Securities and Exchange Board of India vide Circular No. SEBI/HO/CFD/CFD-PoD-2/P/CIR/2025/93 dated June 26, 2025.
