A young man born into a great destiny beyond his understanding, he must travel to the most dangerous planet in the universe to ensure the future of his family and his people. As malevolent forces explode into conflict over the galaxy's exclusive supply of spice—a commodity capable of unlocking humanity’s greatest potential—only those who can conquer their fear will survive. From acclaimed author Frank Herbert's expansive Dune universe, the highly anticipated prequel series Dune: Prophecy follows two Harkonnen sisters as they combat forces that threaten the future of humankind – and establish the fabled sect that will become known as the Bene Gesserit. Ten thousand years before the ascension of Paul Atreides, Valya and Tula Harkonnen (Emily Watson and Olivia Williams) are devoted to the Sisterhood, whose influence spans the Imperium through its network of Truthsayers. But while Valya believes the key to protecting the Sisterhood is advancing their power all the way to the Imperial Throne, others within the order fear her ambitions are dangerous. Inspired by the novel "Sisterhood of Dune" by Brian Herbert and Kevin J. Anderson, Dune: Prophecy is a fascinating origin story that explores the moral complexity of political, religious, and social power.
