Accessories

In-Desk Charging

In-desk charging ports provide direct power and USB-A access built seamlessly into the desktop surface for easy device charging. They eliminate the need to reach under desks, promoting a clean, user-friendly workstation setup.

Flip-Top Charging

The flip-top charging socket includes a GPO, USB-A, USB-C outlet, featuring a hinged cover that conceals power and data outlets when not in use, maintaining a streamlined desktop appearance and double acting as a wireless Qi charger. They're perfect for meeting rooms and collaborative spaces where flexible, clutter-free access is essential.

Cable Eater

Cable eaters is a flexible cable management sleeve that neatly bundles and protects multiple cords in high-traffic desk environments. It keeps cables organised, reduces trip hazards, and maintains a tidy, professional look.

Cable Box

Cable boxes conceal power boards and excess cords, keeping desktops and floors free of tangled wires. They promote safer, cleaner workspaces and are ideal for open-plan offices or shared desks.

Cable Hose

The cable hose of 130cm has a weighted footplate to keep all loose cables under the desk neat and tidy. It can be easily attached to the underside of the desk top by using a magnet if you don't want to screw it and damage the desk top.

In-Desk Charging Port

Flip-Top Charging Port

Certifications and Sustainability Features

FSC® (Forest Stewardship Council)

This product uses timber that has been certified by FSC. They promote environmentally appropriate, socially beneficial, and economically viable forest management. FSC certification assures customers that the wood used in our products is sourced from responsibly managed forests that meet the highest global environmental and social standards.

Manufactured for Disassembly

This product has been designed for disassembly which allows it to be easily taken apart at end-of-life for reuse, repair, or recycling. This innovative design philosophy not only prolongs product usability but also simplifies waste diversion, lowers environmental impact, and reflects modern principles of circular design.

Australian Trusted Trader

OLP is an accredited Australian Trusted Trader, recognised by the Australian Government for our secure and compliant international trade operations. This accreditation signifies our commitment to ethical sourcing, customs compliance, and risk management allowing us to build stronger partnerships and deliver more efficient, transparent supply chains.

APCO

OLP is a member of the Australian Packaging Covenant Organisation. OLP is committed to reducing the environmental impact of our packaging. We use packaging that prioritises recyclability, and avoids excess plastic and other materials.

ISO 9001:2015 – Quality Management System

OLP has a Quality Management System (QMS) that focuses on continuous improvement in customer service to our clients, including the delivery of quality products and services that are manufactured and provided to the highest industry standards. By following our QMS we are able to control the quality of all products that we distribute regardless if they are custom one-offs or our standard range.

ISO 14001:2015 – Environmental Management System

OLP's Environmental Management System (EMS) gives us the ability to identify better allocations of our "resource, waste and energy management" minimising our environmental footprint. The focus on providing an eco-friendly environment has significantly reduced our environmental impact and subsequently our entire networks impact, with the hope that it continues to reduce going forward into the future.

ISO 45001:2018 – Occupational Health & Safety

OLP has adopted international best practices in our systematic approach to health and safety management, by focusing on a proactive approach rather than reactive controls. From this structure it is easy to see that OLP has a rigorous OHS policy and management system in place to protect the health and safety of our employees and visitors at all OLP facilities and sites.

Product Stewardship

OLP embraces product stewardship by taking responsibility for the entire lifecycle of our products, from design and manufacturing to use and end-of-life. We implement take-back schemes, offer recycling support, and partner with industry programmes to ensure products are disposed of sustainably. This commitment reduces landfill waste and promotes responsible resource use.

Customer satisfaction is an imperative component of the comprehensive service that OLP provides. OLP strives to meet objectives and deliver products and services to meet our customer's needs.

OLP also endeavours to provide a better product and ongoing service, to do this we follow our ISO 9001:2015 certified quality management system.

Business Development Managers

We are represented in every state of Australia and New Zealand. If you wish to get in touch with us, please contact your local sales representative.
