

Water Dispensing Station

We provide a water dispensing station for the convenience of contractors, street sweeping companies and people trucking water for domestic use.

Station Address:
3402 W. First Avenue in Eugene
(between Seneca and Wallis)

Getting Started

A 2.5" MALE fire hose thread connection and a 3/4" MALE garden hose thread connection are available for use.

Call EWEB customer service at 541-685-7000 to schedule an appointment to get a key for the padlock. Previous keys from the old station will work with the new station.

How to Purchase & Access Water

The dispensing station uses Portapay.

To set up a Portapay account:

1. Go to Portapay.com
2. Click "Create New Account," and use PAL7200 as your location number
3. Once you complete and submit your information, a confirmation email will be sent to you. Click the link to confirm your email address.
4. Login at Portapay.com and make a payment using the "Manage Funds" page
5. Use the access number and PIN on the Access Numbers page to login at the station and draw water

Usage Tips

- Cost is \$5 per 1,000 gallons
- Refunds can only be issued from PortaPay and require a valid payment method associated with the account
- To disinfect the fitting between users, spray the fitting with a 50 percent water/50 percent bleach solution.
- When running for 30 seconds, a 2.5-inch hose connection will yield 150 gallons.
- When running for 30 seconds, a .75-inch hose connection will yield 5 gallons.
