

CAMPANA

CEILING

LIGHT

DESCRIPTION

The Campana Ceiling Light is part of the Terra Frammenti Collection. The collection is a testament to the poetic fusion of artistry and Earth’s elemental beauty. The Campana Ceiling Light offers a stunning interplay of form and materials, bringing warmth and sophistication to any space. It features a gracefully contoured bell-shaped shade crafted from smoked glass, which creates a gentle and moody illumination. Atop each pendant sits a round stone accent, adding an organic touch of texture and elegance. The inner frosted glass bell, suspended within the smoked glass, ensures a soft diffusion of light, while sleek bronze details contribute to the fixture’s refined, contemporary character.
