

LACCIO SCREEN - MACRAMÉ

DESCRIPTION

The Laccio Screen is part of the Terra Frammenti Collection. The collection is a testament to the poetic fusion of artistry and Earth’s elemental beauty. Offered in Calacatta Onyx marble, the Laccio Screen is a striking expression of rhythmic elegance and material harmony. Its name, “Laccio”—Italian for “lace” or “tie”—reflects the screen’s distinctive construction: columns of stone beads are suspended along bronze rods, creating a visual rhythm reminiscent of interlaced threads.

Each screen becomes a dynamic interplay of weight and lightness, as the solid marble beads appear to float within the open framework. The combination of luxurious stone and warm bronze highlights both the strength and the delicacy of the design, making the Laccio Screen a sophisticated statement piece for any space.
