

TULIANA WALL SCONCE

DESCRIPTION

The Tuliana Sconce is part of the Terra Frammenti Collection. The collection is a testament to the poetic fusion of artistry and Earth’s elemental beauty. The Tuliana Sconce is masterfully carved from a solid block of Onyx, capturing the natural elegance and translucency of the stone. Its design is inspired by the delicate unfolding of tulip petals, opening gracefully to embrace light. The warm glow emitted through the Onyx is framed by a sculptural bronze backplate, enhancing the sconce’s organic form with a touch of refined contrast.
