

Factually, the UK's Most Sustainable Number Plate

Independent (Decerna 2025) ISO 14040/44-compliant LCA evidence shows aluminium number plates outperform PMMA and ABS across carbon, circularity and service life.

Per-plate Environmental Comparison

Why Aluminium Wins Across the Full Lifecycle

For OEMs, Balancing, Sustainability, Durability and Long-term Value... **Aluminium Number Plates are the Future-ready Choice.**

Lower Emissions | Higher Recyclability | Longer Life | Better Lifecycle Performance
