journey with us.

GenPrime

Your Family, Your Choice

GenPrime: Your Family Planning Partner.

Choosing to start a family is a monumental decision, and at GenPrime, your dreams are our mission. Whether motivated by career, health, or timing, we understand the personal and diverse paths to parenthood. Our advanced preservation techniques empower you to decide when to start your family.

We also provide a comprehensive suite of family planning services, equipping you with the knowledge and support necessary to make informed decisions. With everything from detailed fertility assessments to innovative reproductive technologies, we create a nurturing environment where your path to parenthood is guided by both expertise and empathy.

At GenPrime, we aim to expand the range and accessibility of good family planning services.

Starting a family is an exciting major life decision. We want to ensure that you have all the information and support that you need.

GenPrime Ever Link Fertility Center

Selecting a fertility center is a significant decision. At Ever Link Fertility Centre we understand the importance of providing the utmost comfort. Our dedicated team of experienced clinical doctors and staff is committed to offering you exceptional care. With state of the art facilities and the latest cutting edge technology, we strive to make your journey towards parenthood a miraculous experience. Your comfort and success are our top priorities!

Why Should You Choose Ever Link?

Fertility Technology at International Standards

Malaysia is a safe and welcoming country with a well established national healthcare system. Our assisted reproductive technology (ART) services rank among the top in Southeast Asia and adhere to international standards.

State of the Art Facilities

Equipped with cutting edge technology, our embryo laboratory meets global standards. Our clinic provides a serene and comfort.

Experienced Team

Our center boasts a team of seasoned experts with over 20 years of experience in reproductive medicine in Malaysia. Their expertise ensures success rates that surpass industry standards.

Specialized Services with Excellent Value

We offer services such as third generation IVF and egg freezing at reasonable prices, making them highly cost effective compared to other Southeast Asian countries. Your journey to parenthood is our priority, and we're here to offer professional expertise and exceptional value.

International RTAC Accredited

Ever Link Fertility Center takes pride in being accredited by the Reproductive Technology Accreditation Committee (RTAC), this is a testament to our commitment to excellence in reproductive healthcare. RTAC accreditation signifies that our center has undergone rigorous evaluation and meets the highest standards of quality and safety in assisted reproductive technology (ART) procedures.

At Ever Link, we adhere to stringent protocols and best practices established by RTAC to ensure the well-being of our patients and the success of their fertility treatments. Our team of experts, comprised of highly skilled professionals, is dedicated to providing compassionate care and personalized treatment plans tailored to each individual's needs.

Being RTAC accredited demonstrates our ongoing dedication to maintaining the highest standards of patient care, safety, and success rates in fertility treatments.

Our Success Rate

Ever Link Fertility Centre is committed to combining world class technology and the highest standard of fertility care to ensure patients have the best chance of taking a healthy baby home.

Our Doctors

Dr. Mathi Arasumuthusamy

Medical Director, Consultant Obstetrician and Gynaecologist, Fertility Specialist

20 years of clinical diagnosis & treatment experience. Helping over 3000 families who hope to have children. Dr. Arasu, our dedicated Medical Director with over 20 years in Reproductive Medicine, trained alongside world-renowned specialists, namely Professor Michael Chapman of IVF Australia & Professor Tim Child of Oxford Fertility Unit, UK.

Dr. Arasu works tirelessly to improve his knowledge and skills as well as keeping abreast with latest developments in the field of fertility, ensuring his patients receive the best treatment and care hence the client can build their complete and happy family. He was recorded in the biographies of 100 successful individuals in Malaysia (British Press) for his outstanding performance & contributions, and was awarded an honorary certificate.

Our Doctors

Dr. Bheena Vyshali

Consultant Obstetrician and Gynaecologist,
Fertility Specialist

9 years of clinical diagnosis and treatment experience. Helping families who hope to have children. Dr. Bheena completed her undergraduate medical studies at Jawaharlal Nehru Medical College in India, in 2000. Upon returning to Malaysia, she dedicated her service to the Ministry of Health until 2007. Her pursuit of excellence led her to undergo specialized training, earning a Master's in Obstetrics & Gynaecology from Universiti Sains Malaysia (USM) in 2012.

Since 2015, she has served as a specialist in obstetrics and gynaecology. Her commitment to advancing reproductive health is evident in her completion of a Fellowship program in Reproductive Medicine and Fertility at Hospital Universiti Kebangsaan Malaysia (HUKM) before joining Ever Link. Dr. Bheena's wealth of experience and dedication ensures the highest quality of care for her patients.

Our Doctors

Dr. Raymond Lim Chung Siang

Consultant Obstetrician and Gynaecologist,
Fertility Specialist

Dr. Raymond Lim Chung Siang is a highly experienced Obstetrician & Gynaecologist with over 23 years of expertise in reproductive medicine, gained from his time in the United Kingdom and at the University Malaya Medical Centre (UMMC), a leading hospital in Malaysia. He holds a medical degree (MBChB) from the UK and is a Member of the Royal College of Obstetricians and Gynaecologists (MRCOG) and the College of Obstetricians and Gynaecologists of the Academy of Medicine of Malaysia (AM).

Dr. Raymond is proficient in fertility and reproductive medicine, specializing in minimally invasive surgery (MIS) and helping couples with fertility challenges. He is fluent in English, Malay, Mandarin, and Hokkien, enabling him to connect with patients from diverse backgrounds and provide culturally sensitive care. Known for his friendliness and approachability, he emphasizes holistic healthcare and continuous learning. His contributions to obstetrics, gynecology, and fertility are recognized both locally and internationally, making him a trusted name in women's healthcare.
