MITSUBISHI CANTER

TWIN CAB 4X4 SUPPORT TRUCK

1500 LTS	**6**	**6500**KGS	**3,500** KGS
WATER CAPACITY	SEATING CAPACITY	GVM	TOWING CAPACITY

OVERVIEW

The 2016 Mitsubishi Canter Twin Cab 4x4 is a versatile field support truck configured to transport personnel, water, tools and equipment across demanding project environments.

With seating for 6 occupants, a 1500 L onboard water tank, four-wheel-drive capability and a commercial tray configuration, the vehicle provides reliable support for geotechnical, exploration and civil operations. Its combination of crew transport, water storage and equipment-carrying capacity makes it well suited to remote mobilisation, drill support and day-to-day site logistics.
