Alton Hardin is a seasoned college professor turned entrepreneur, who founded Alton Teaches LLC and MicroGrinder Poker School, and is also the author of the bestselling book Essential Poker Math. His instructional approach has helped over 100,000 poker players improve their skills through his 30+ courses catering to beginners and struggling players. With more than two decades of experience in playing both live and online poker, Alton enjoys playing micro stakes for recreational purposes while using it as a teaching tool. He also has a background in information technology, having worked as a cybersecurity specialist at the US Department of Treasury before transitioning to full-time IT teaching. Alton's passion for education is evident in his various roles, including group-tutored chemistry students and an adjunct professor at his local university.
