After breakfast at the hotel, meet your Discova guide in the lobby and depart at 08:30 AM by private vehicle to begin your morning exploration of Phuket, the famed *Pearl of the Andaman*. Begin the morning with a scenic drive along Phuket's picturesque coastal roads, where you can admire the island's natural beauty. Pause at a renowned viewpoint to take in sweeping panoramic vistas of the Andaman Sea, where brilliant turquoise waters meet lush tropical hillsides—one of the island's most iconic landscapes. Continue to visit Wat Chalong, the island's largest and most revered Buddhist temple. Here, locals and visitors come to pay their respects to the highly respected monks Luang Pho Chaem and Luang Pho Chuang. Admire the intricate artwork decorating the temple buildings and stroll through the peaceful grounds while learning about local spiritual traditions. During the visit, you may also experience a traditional Buddhist monk blessing ceremony, where monks chant prayers believed to bring good fortune, happiness, and spiritual cleansing. Next, stop briefly at a local cashew nut factory before continuing to Phuket Old Town. Wander through its charming streets lined with colorful Sino-Portuguese colonial architecture, stylish cafés, art galleries, and historic shop houses. Along the way, pause at a local food stall to sample some of Phuket's beloved street snacks and experience the vibrant flavors of local cuisine. After exploring the lively atmosphere of Phuket Town, return to your hotel. (Approximate tour duration: 4 hours)

Bioluminescence & Sea Canoes in Phang Nga Bay by Speedboat – Shared Tour

For a truly distinctive experience, this **bioluminescence and sea canoeing excursion** offers a captivating journey through the dramatic seascapes of **Ao Phang Nga National Park**. Combining exploration, natural wonders, and serene evening scenery, the experience unfolds across the limestone karst landscapes and emerald waters of **Phang Nga Bay**.

After departing the pier, the first stop is **Ko Phanak**, where sea canoeing provides access to narrow passages, hidden lagoons, and remarkable cave systems such as Diamond Cave and Mangrove Cave. Paddling quietly through these natural formations allows close observation of the bay's striking limestone cliffs and mangrove ecosystems. The journey continues to **Ko Hong**, renowned for its enclosed lagoons and towering rock formations that create an extraordinary natural amphitheater best explored by canoe.

The excursion then proceeds to the iconic **Ko Tapu**, famously known as James Bond Island following its appearance in the film **The Man with the Golden Gun**. Here, enjoy the spectacular sunset over the bay before dinner is served at a nearby local restaurant. As evening falls and the waters grow calmer, the tour reaches its most enchanting moment: the observation of natural **Bioluminescence**. This remarkable phenomenon occurs when microscopic plankton emit a soft blue-green glow when disturbed, the result of natural chemical reactions within the organisms. In the tranquil darkness of the bay, each movement in the water creates delicate flashes of light, transforming the sea into a shimmering canvas. Witnessing this natural spectacle while drifting quietly among the limestone islands creates a truly magical atmosphere and provides a rare opportunity to experience one of nature's most mesmerizing displays. (Approximate tour duration: 7 hours)

Note: The program and sequence of island or beach visits may be subject to change without prior notice depending on weather conditions, sea conditions, or tide levels on the day of the tour.
