Student AI Literacy Webinar

September 25, 2025

8:35–9:15 AM or 1:35–2:15 PM
(content will be repeated)

Free for Michigan students

MICHIGAN VIRTUAL™

AI in Daily Life

Discover how artificial intelligence shows up in everyday activities and the world around us.

Responsible AI Use

Learn when to use AI, when not to, and how to navigate ethical considerations, privacy, and bias.

Creative AI Tools

Explore generative AI and creative applications that students can try for school and personal projects.

Who It's For

This session is open to any Michigan middle or high school student. Whether they're brand-new to AI or already experimenting with it, students will leave with the skills to think critically, use AI responsibly, and understand its real-world impact. Educators can register their classes, and parents can sign up students to view from home.

About the Session

Presented by *Michigan Virtual's AI Lab* and led by AI Strategist Karle Delo, this free 40-minute webinar includes a 30-minute presentation and a 10-minute Q&A. Students will explore AI's opportunities and challenges, learn when and how to use it, and interact with examples from Michigan Virtual's Student Guide to AI.

Register your class or student now!

Submit your AI questions prior to the webinar and we will attempt to answer them in advance or live:
