

THE BRUNSWICK SCHOOL

*To give children a strong start in life
through a school community families trust*

WELCOME

We are delighted to welcome you to The Brunswick School, where every child's potential is nurtured with care and intention.

Inside, you'll find important information about our mission, our learning environment, and the many resources we offer to help your child succeed and thrive.

HANDS-ON REAL-WORLD LEARNING

Learning at TBS is deeply rooted in real-world connections that link academic concepts to practical applications, providing students with meaningful and engaging experiences. Whether through science experiments, community projects, or field trips students gain a deeper understanding of the world around them and develop critical skills for the future.

Celebrating Diversity and Community Connections

As a proud part of Jersey City, TBS celebrates the rich diversity of our community. We are committed to fostering meaningful relationships with students, families, teachers, and local organizations. By embracing cultural differences and promoting inclusivity, we prepare students to become compassionate global citizens.

A Research-Based Vision for Lifelong Learning

At TBS, education is a journey of discovery, growth, and empowerment. By focusing on skill-based learning, individualized teaching, and abovegrade-level standards, we prepare students not only to meet the challenges of the future but to thrive as innovative and resilient individuals. Together, we cultivate a love of learning that lasts a lifetime.

EDUCATIONAL PHILOSOPHY AND MISSION STATEMENT

The Brunswick School believes in creating a dynamic environment TBS's mission is to consider children's physical, cognitive, social/emotional, language, and life skill development while reaching developmentally appropriate milestones, using an adaptable curriculum that allows teachers to cater to each child's unique needs, talents, and strengths.

The Mission of The Brunswick School

is to provide a safe, nurturing, and inspiring learning environment. We believe that fostering creativity, offering hands-on experiences, and connecting the classrooms with the real world are effective ways to engage and develop young minds so they can thrive.

The school was founded on the belief that we should celebrate the diversity of Jersey City. We are committed to fostering meaningful connections with those in our neighborhood and extended community of students, families, teachers, and staff.

BUILDING FOUNDATIONS FOR GROWTH

Infants and Toddlers: Laying the Groundwork for Success

Our youngest learners thrive in an environment rich with sensory exploration, nurturing care, and purposeful interactions. Through play-based and hands-on activities, infants and toddlers begin developing foundational skills such as problem-solving, communication, and emotional regulation. Individualized attention ensures that each child's unique pace of growth is respected and supported.

Preschool (Rising- Pre-School, PK3, PK4): Exploring Creativity and Independence

For preschool-aged children, our adaptable curriculum fosters curiosity and creativity through engaging, skills-based learning experiences. By integrating hands-on activities, outdoor exploration, and collaborative projects, we nurture children's growing independence and confidence. Teachers scaffold learning to challenge students above grade-level expectations and benchmarks while ensuring that core developmental milestones are met.

ACHIEVING EXCELLENCE THROUGH SKILL-BASED LEARNING

Elementary:

Our elementary program focuses on equipping students with advanced academic skills while fostering critical thinking, collaboration, and leadership abilities. Using a personalized approach, teachers design lessons that cater to individual strengths and talents, enabling students to excel in subjects beyond their grade level. A robust curriculum connects classroom learning with real-world applications, preparing students for lifelong success.

Individualized Teaching and Above Grade-Level Standards

TBS is committed to meeting the unique needs of every student through individualized instruction. Teachers use ongoing assessments and observations to tailor learning experiences that cater to each child's strengths and talents. This personalized approach, combined with our commitment to high academic standards, ensures that students are consistently challenged and inspired to achieve their full potential.

TBS PATHWAYS: CURRICULUM OVERVIEW

Infants–Elementary

To give children a strong start in life through a school community families trust

At The Brunswick School, our Pathways curriculum nurtures the whole child through hands-on exploration, intentional teaching, and joyful discovery. From infancy through second grade, children engage in experiences that build curiosity, independence, and foundational academic skills within a caring and stimulating environment.

Age Group	Focus & Learning	Developmental Goals	Enrichments
Infants 4–12 mos	Secure attachments, sensory exploration, early communication	Trust, self-regulation, motor growth, early language responsiveness	Yoga & creative movement
Toddlers 12–24 mos	Independence, mobility, problem-solving	Vocabulary growth, peer awareness, motor coordination, routine confidence	Yoga & creative movement
Rising Preschool 2.5–3 yrs	Social skills, symbolic play, inquiry-based exploration	Cooperative play, self-help, early number sense, expressive language	Yoga & creative movement, world language
Pre-K3 & Pre-K4	Inquiry, problem-solving, structured learning readiness	Phonological awareness, number concepts, persistence, perspective-taking	Yoga & creative movement, world language, chess, early engineering
Elementary	Academic foundations, creativity, collaboration, critical thinking	Reading fluency, writing, math mastery, scientific reasoning, empathy, leadership	Yoga & creative movement, world language, chess, engineering, coding

Our Approach Across All Pathways

Responsive Relationships

Teachers model, guide, and extend children’s natural curiosity

Play with Purpose

Exploration and imagination drive deep learning

Integrated Learning

Social-emotional, cognitive, physical, and creative domains are woven into each day

Joyful Discovery

Classrooms inspire wonder, confidence, and a love for lifelong learning

ORGANIC FOOD PROGRAM AND ENRICHMENT PROGRAMS

Organic Food Program

At The Brunswick School, we understand the importance of nutrition in supporting the overall well-being and development of children. Our Organic Food Program ensures that students receive fresh, healthy, and balanced meals made from organic ingredients. By introducing nutritious food options, we aim to promote lifelong healthy eating habits. The program also incorporates lessons on nutrition and sustainability, helping students develop a deeper appreciation for the environment and the impact of their choices.

Enrichment Courses

The Brunswick School believes in a well-rounded approach to education. With this, we urge students to try new things daily in all aspects of learning. As students age through our program, we introduce weekly enrichment courses to them to help strengthen areas of development from movement, the arts, science/engineering, logic skill and language development. For our Elementary students who receive all enrichment course offerings, we also introduce weekly Physical Education.

WHAT SETS US APART

At The Brunswick School, we are committed to excellence, innovation, and community. Our unique approach includes:

Individualized Education

We tailor learning experiences to support each child's strengths, needs, and interests, ensuring they surpass developmental milestones.

Beyond Grade-Level Standards

Our curriculum challenges students to excel academically and socially, preparing them for lifelong success.

Hands-On Learning

Real-world applications encourage problem-solving, critical thinking, and creativity.

Diversity & Inclusion

As an integral part of Jersey City, we celebrate diversity and foster an inclusive, welcoming environment.

Innovative Programs

From our Organic Food Program to STEAM initiatives, we integrate forward-thinking strategies to support the whole child.

At TBS, we don't just educate we inspire, nurture, and empower every student to thrive in their academic journey and beyond.

LEVEL OF CARE & SUPPORT

At The Brunswick School, we are committed to providing a nurturing environment where every child feels valued and supported. Our staff is trained to provide age-appropriate care and attention, ensuring that children feel safe, confident, and ready to learn. We also offer:

Customizable Lesson Plans

for personalized attention, scaled to meet individual student needs

Experienced Teachers

who are passionate about early childhood development

Milestone Development Trackers

to help guide families through a child's milestone journey

Family Engagement and Community Involvement

programs that keep families informed and involved in their child's progress, with events inviting parents to participate in classroom activities firsthand.

SCHOOL FACILITIES & CAMPUS

Our campuses offer state-of-the-art facilities designed with young learners in mind. From spacious classrooms to creative play areas, every part of our campus is designed to enhance learning, exploration, and growth.

What will you see at The Brunswick School?

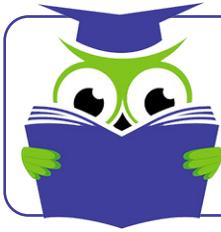

Each classroom's color scheme was carefully planned to help give a sense of home. Soft colors and soft music will guide you through our halls.

Our outdoors are private, spacious play spaces that are safe for our developing students to explore. Students in Pre-K and above are invited to explore our community through visits to our local parks, library, and garden, expanding their learning experience and connections beyond the TBS campus. Our school values community outreach and strives to connect our students with local art, businesses, and cultural experiences, fostering a deeper appreciation for the world around them.

TUITION & ENROLLMENT

Applications are accepted year-round. We offer flexible enrollment options based on your desired start date.
