LEEP RING 1 USAGE (EN)

Leep Ring 1 is designed for your everyday activities. Leep Ring 1 is water resistant (IP68) up to 50m / 164ft.

We recommend cleaning the ring regularly and keep it dry, to ensure good functionality of the ring and to reduce potential skin irritation. You can use a damp cloth to wipe the ring. Please ensure that the ring is fully dry before using it again.

Leep Ring 1 charging case is not water resistant. Do not use or store the charging case in humid environments like a bathroom for longer periods.

The Leep Ring 1 may get scratched in regular use and may in direct contact with softer materials (metal, jewelry or other objects) cause scratches itself if it gets in close contact.

The light-emitting diodes (LED) in the product are in the visible color range. They are safe for the person wearing the product and other people around.

LEEP APP

The Leep App is available in iOS App Store and Google Play. The Leep Ring is compatible with iPhones running iOS 14 or later and Android 6 or later.

SECURITY

Encrypted Bluetooth communication is used between Leep Ring 1 and Leep App.

FACTORY RESET

Instructions can be found at leephealth.com/support. Always perform a factory reset before disposing the ring.

LEEP RING 1 CHARGING INSTRUCTIONS (EN)

1. Connect the supplied USB Type-C Charging Cable or another certified USB Type-C power cable to the Charging Case.
2. Connect the USB Type-C Charging Cable to a 5V/1A external power source. Avoid charging the Charging Case with Fast Chargers as they may impact the battery life.
3. When power is connected and the charging case is fully charged, the green light on the front of the case stays on.
4. When the charging case has a low battery, the green light will flash rapidly. When the charging case is charging, the green light will flash slowly.
5. To charge the LEEP Ring 1 place the ring in the Charging Case, ensuring the contacts on the engraved "L" side of the ring align with the charging contacts in the charging case.
6. When the ring is charging, the green light inside the ring will flash slowly and the light on the front of the charging case will stay on. You can charge the charging case with the lid open or closed.

Note: The charging case is not water resistant. For indoor use only.

HOW TO WEAR THE LEEP RING 1 (EN)

1. Choose a ring size that fits your finger to avoid wearing it too tightly or too loosely.
 2. For the best performance and accuracy, it is recommended to wear the ring on the index finger of the non-dominant hand. It can also be worn on any other finger as long as the ring sits securely and comfortably.
 3. When wearing the ring, ensure that the ring sensor (the side with the engraved "L") is facing the palm side of your finger for a more accurate measurement.
