

NAME: _____

SALT WATER
CLASSROOM®

Date: _____ Time: _____

Location: _____

Tide (circle one): HIGH MID LOW

Weather (circle one):

Sunny Partly Cloudy Mostly Cloudy Overcast Rainy

Focus Question:

Hypothesis:

Observations:

Observation Ideas:

Take a look at the waves, sediment, rocks, pollution or litter, driftwood. Is the intertidal zone all the same? Does it look the same at high and low tide line?

Sessile Species

Species that CANNOT move

Common Name	Percent Cover

Mobile Species

Species that MOVE

Common Name	Individual Count

Conclusions:
