Early Withdrawals for Term Deposits

You may withdraw the balance of your term deposit early by giving us 31 days notice. If you do, we will reduce the interest on the term deposit from the date it was opened until the date of withdrawal by 2% per annum. If you have already been paid interest, the reduction will be deducted from the balance of the term deposit.

In the event of emergency or death of a term deposit owner or joint owner, if requested, we may agree to early withdrawal of the term deposit without applying the interest reduction, on completion of the normal legal requirements.
