## OVERVIEW

This Certificate III in Food Processing course is the swiss army knife of courses that will equip you to work in a range of roles within the food processing, logistics and transport industry.

In this power-packed course we cover everything from food safety and temperature management to manual handling, warehousing processes and working in teams. With this course under your belt, you'll be equipped to take on the world of food and logistics and beyond. The skills gained in this course are highly transferable, opening doors to a variety of roles across multiple industries. Whether you aspire to work on a processing line, in warehousing, supply chain management, or logistics, the possibilities are vast.

So why wait? Enrol in the Strategix Certificate III in Food Processing and join this fast-paced industry and make your mark today!

## Career Start

The Queensland Government are currently offering eligible Queenslanders access to government subsidised training through Career Start funding.

To access this funding, a person must:

- be an Australian citizen or permanent resident living in QLD;
- be aged 15 years or older and not in school;
- not have completed another certificate III or higher-level qualification within the last 10 years.
- not currently be enrolled in another qualification

\*More eligibility criteria may apply
