

Required Documents for Financing Medical Equipment

- Copy of the identification document (personal identification card/for Jordanians, passport and personal identification number for foreigners/non-Jordanians) (for all partners).
- Official documents for the hospital or the clinic.
- A Copy of the rent contract for the current clinic.
- Financial statements of the hospital or the clinic for the last two years, in addition to the trial balance to-date.
- A list of facilities and loans granted by banks, with the guarantees provided to cover them, and a schedule of their maturities.
- A list of medical equipment, along with their respective values, and specifying which have been mortgaged.
- A recent bank account statement for the last 6 months.
- A price quotation for the equipment intended to be purchased, clarifying all financial details.
- A feasibility study for the equipment to be financed.
- Exemptions granted to the lessee by the Jordan Investment Commission.
