About WoolSafe

The iFrame is free and exclusive to WoolSafe Associate Member Carpet Manufacturers and Suppliers.

Simply embed the short piece of code on to a page of your website to instantly create a fantastic consumer facing advice package.

The code that you will use to Embed the iFrame on your website is:

```
<iframe src="https://www.cleansealapproved.com/carpet-rug-care-guide/" width="100%" height="1200" frameborder="0">
```

The width=100% bit just ensures that the frame fills the width of the page or container it sits within.

The height="1200" can be increased or reduced based on the website it is embedded within. 1200 should be a good size for it in most cases though.
