

MKHC CARING CLINICIANS

ABOUT MKHC CARING CLINICIANS

We have officially launched **MKHC Caring Clinicians**, our first year-round, peer-to-peer fundraising initiative to provide ongoing support for the **Mansfield Kaseman Health Clinic (MKHC)** and the patients we serve. As you may know, fundraising is a team sport, and we aim to build a dream team filled with caring clinicians (including practicing and retired doctors, nurses, and other healthcare professionals) who are willing to start or elevate their philanthropy by helping us raise at least \$50,000. Give the gift of better health by joining the team today!

Ways to Join:

- Donate and/or
- Become a fundraiser

ABOUT MKHC

MKHC is a subsidiary of **Community Reach of Montgomery County ("Reach")** and a member of the Montgomery Cares Program. As one of 12 Montgomery Cares clinics, MKHC provides high-quality, culturally appropriate healthcare through experienced medical professionals to uninsured, Medicare, and Medicaid adult patients. Over the past 17 years, MKHC has treated 25,000+ patients in Montgomery County, delivering vital medical care to those who need it most.

OUR SERVICES

- Primary and Specialty Care
- Patient Navigation and Health Education
- Pharmacy & Laboratory Services
- Direct Financial Assistance through the MKHC Patient Relief Fund

OUR PATIENT'S STORY

Ms. F. had malignant colonic polyps and a poor prognosis. However, because of the cancer screenings and swift care she received at MKHC, she is now cancer free.

**"Thanks to [MKHC]
I no longer have cancer."**
~Ms. F.

OUR IMPACT

- Improved health equity
- Better quality of life for patients
- Reduced financial strain on patients
- Fewer emergency room visits
