ALL FOR CHANGE ■

AFC is a future-focused furniture brand powering the evolving landscape of work in India. With over 15 years of experience, we deliver modular, ergonomic, and sustainable solutions at scale.

Our manufacturing facility is equipped with advanced automation and in-house testing to meet global standards. Every product is designed for quality, flexibility, and certified for a lower environmental impact, supporting smarter spaces and a more responsible future.

We offer end-to-end customisable solutions, from design to installation, serving leading corporates, educational institutions, and public sector organisations with a deep understanding of diverse business needs.

BIFMA LEVEL® 3

Our products and facilities are BIFMA Level® 3 certified

The Highest Standard in Sustainable Furniture Manufacturing

For clients and partners, it means access to furniture that is globally benchmarked, future-ready, and aligned with **LEED, WELL, IGBC, and GRIHA standards.**

Environmental Impact

AFC reduces carbon emissions through renewable energy, increased recycled content, and optimized material usage. Comprehensive lifecycle assessments guide every design decision, minimizing waste and environmental impact from production to end-of-life.

Material Health

AFC products eliminate harmful chemicals including carcinogens and toxicants, using certified safer alternatives. Low-emission finishes improve indoor air quality, while ergonomic design supports physical wellbeing for healthier workspaces.

Social Responsibility

AFC maintains verified standards for workplace safety, inclusive hiring, and employee development. Active community partnerships and ethical manufacturing practices ensure our success creates shared value beyond our facilities.

AFC isn't here to furnish offices. We're here to transform them with ergonomic design and relentless quality built for the evolving, modern workplace.

OUR ECOSYSTEM

4L+ Sq ft. Manufacturing Facility

Pan India Presence

18k+ Workstations & Chairs per Month Production Capacity

Global Collaborations

800+ Team Members

Scaling Automation

The LEVEL® certification is furniture's equivalent to LEED for buildings. Level 3 represents the pinnacle, awarded only after rigorous third-party verification of products, facilities, and company policies.

Lower embodied energy and emissions

Safer chemical use aligned with global standards

Optimized material usage and waste reduction

Inclusive workplace practices and community engagement

BIFMA

From Greater Noida to A Greater World

Furniture that performs for your business and protects people and the planet.

All For Sustainability

At AFC, sustainability is built into everything we do. We are committed to responsible practices, ethical sourcing, and community support. Every decision is made with care for the environment, for well-being, and for long-term impact, ensuring our products do good beyond function.

Responsible Sourcing
Sourcing materials with care for people, planet, and performance.

Chemical Waste Management
Minimizing harmful substances for safer products and safer spaces.

Production efficiency
Optimizing every step to reduce waste, energy, and excess.

Solid Waste Management
Turning waste into value through mindful reduction and recycling.

Energy management
Reducing our footprint with smarter, cleaner energy practices.

End of life solutions
Designing products that last and plan for what comes after.

Low Emissions. Healthier Spaces.

Verified Sustainable by Process & Product

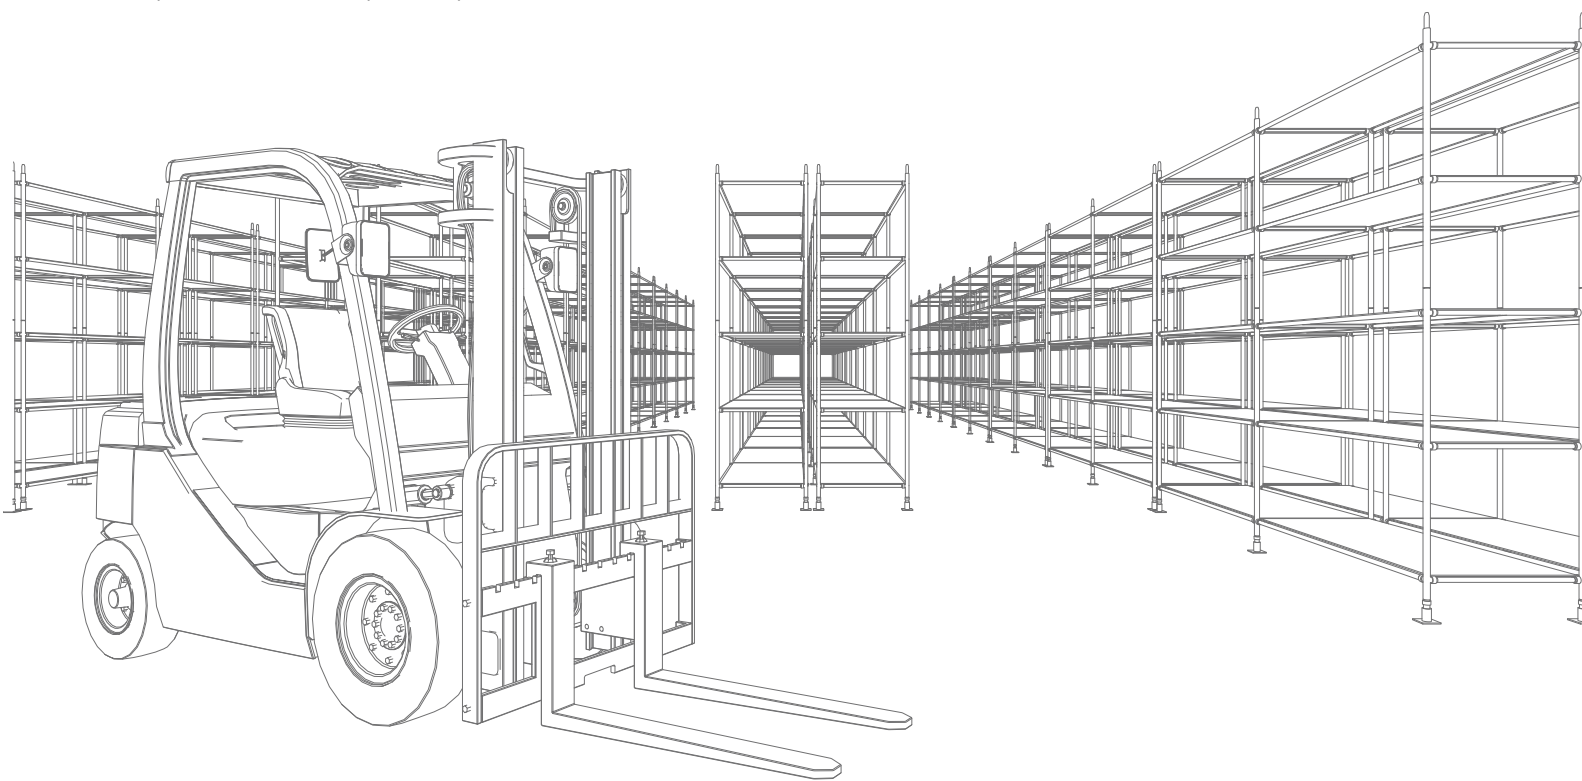

Backed by Life Cycle Assessments (LCA) and Environmental Product Declarations (EPD), our certified products follow a process rooted in responsible practices.

Air Quality & Emissions

All AFC furniture meets global air quality standards like Indoor Air Advantage Gold and BIFMA, supporting healthier indoor environments.

Green Manufacturing

Our IGBC Gold-certified campus uses energy-efficient systems, waste reduction practices, and smart logistics to cut down our environmental footprint.

Certifications

BIFMA

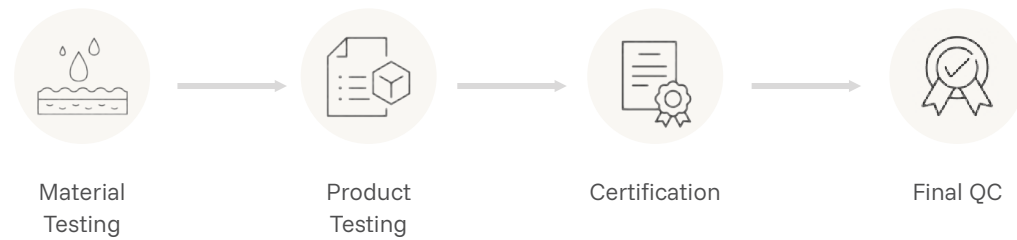

Smarter design. Cleaner systems. Sustainable workspaces.
That's our promise.

QUALITY LAB

Trusted Performance

With a dedicated QA team, calibrated labs, and BIFMA-aligned testing protocols, we raise our quality standards. Every product reflects our quality promise.

It begins at the source

Every raw material & finished good is vetted through rigorous in-house testing before it becomes part of your workspace.

At our in-house Testing Lab, we simulate real-world wear to ensure every product lives up to its promise.

People don't just sit. They move, shift, and lean. Your chair should too.

Tables

The desk has evolved beyond its traditional role. It is where strategy takes shape, where decisions gain clarity, and where leadership is expressed through environment. Executive workspace must balance authority with accessibility, supporting both private focus & collaborative exchange.

AFC's desk collection is designed for this new reality. From sculptural cabin tables to modular workstation systems, each piece combines refined aesthetics with intelligent functionality. Integrated cable management, adaptable configurations, and premium material choices ensure these desks support the complex demands of modern leadership. Built to command attention while facilitating performance, AFC desks create environments where vision becomes action.

X-Bench

Exquisite ■

Executive Grace

Exquisite celebrates the enduring beauty of natural materials through meticulous craftsmanship and contemporary design. Premium veneer finishes bring warmth and character to the executive environment, while precise joinery and thoughtful proportions ensure lasting performance. Each table balances visual sophistication with functional intelligence, transforming the executive office into a space where tradition meets innovation and authority is grounded in timeless quality.

Smart Wire Management

Ample Storage Design

Crest ■

Modern Gravitas

Crest blends contemporary design with purposeful functionality. Its asymmetric leg and extended side storage create a striking silhouette that balances visual lightness with stability. The integrated credenza offers generous space for organization, while the wooden top and muted finishes lend warmth and sophistication to modern executive settings.

Opus ■

Curved Confidence

This cabin table embraces fluid design through soft-edged surfaces and sculptural fluted column supports that bring tactile dimension to the executive environment. The integrated curved credenza creates a natural flow between work and storage zones, while mixed material finishes add visual interest without overwhelming. Thoughtful details like integrated cable management and varied storage options ensure functionality matches the sophisticated aesthetic.

Adaptable ■

Sculpted Elegance

The adaptable height-adjustable cabin table combines elegance, comfort, and flexibility to suit the demands of modern leadership. With smooth motorized adjustment, it allows seamless transitions between sitting and standing, supporting better posture and overall well-being. Its refined design and intelligent functionality make it ideal for executives who value both style and performance—creating a workspace that adapts effortlessly to their rhythm, meetings, and moments of focus.

Integrated Charging Socket

3-Stage Height Adjustable Leg

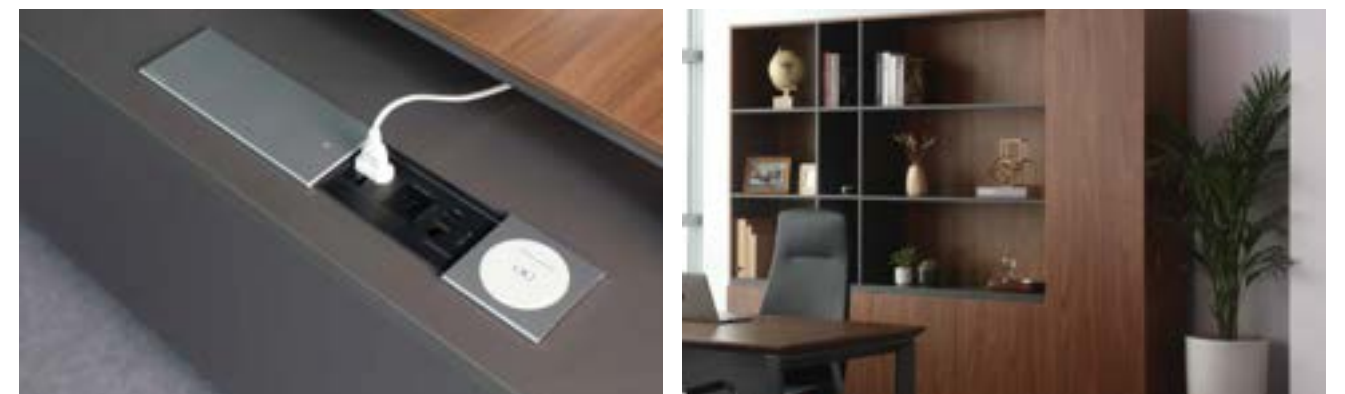

Trio ■

Flexible Command

Trio delivers executive functionality through smart modular design that adapts to evolving workspace needs. The distinctive configuration pairs an open-frame work surface with an integrated storage credenza, creating distinct zones for focused work and organization. Clean metal frames and rich wood tones balance contemporary aesthetics with practical performance, offering executives flexibility without compromising on presence or professionalism.

Presidency ■

Distinguished Presence

Presidency balances commanding presence with refined functionality through its distinctive asymmetric design and thoughtful material pairing. The extended curved wing creates space for informal meetings while warm wood frames contrast beautifully against bold charcoal surfaces. Integrated storage and clean architectural lines ensure this table serves both the ceremonial and practical demands of executive leadership with equal authority.

Unique layout design

The Flip Top Wire Manager

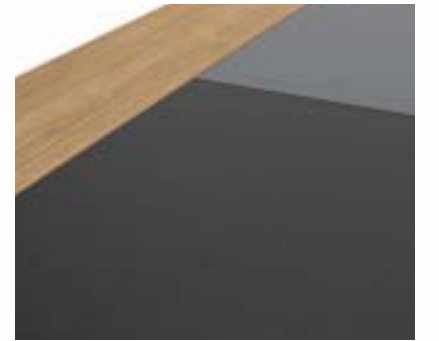

Consulate ■

Defined Presence

Consulate commands attention through striking material contrast—deep charcoal surfaces paired with warm wood accents create visual impact while maintaining professional authority. Clean geometric lines and substantial proportions convey executive presence, supported by integrated storage and thoughtful functionality. Designed for leaders who value directness, clarity, and contemporary confidence in their workspace

Electrical Provision

Color Combination Options

Miro ■

Timeless Sophistication

The Miro Cabin Table blends refined craftsmanship with modern functionality. Defined by clean lines and warm wood tones, it creates an atmosphere of understated authority. Thoughtful detailing, integrated wire management, and seamless storage solutions make Miro as practical as it is elegant—an executive workspace designed for clarity, balance, and presence.

Apex ■

Defined Presence

Apex represents the pinnacle of executive furniture design, where architectural form meets uncompromising functionality. Its bold proportions and distinctive materiality create immediate visual impact while sophisticated engineering ensures seamless integration of technology and work tools. Designed for leaders who demand both substance and statement, Apex anchors the executive office with authority—transforming workspace into a platform for vision, decision-making, and influence.

Ergonomic Height Adjustable Support

Sleek ■

Refined Functionality

Sleek Cabin Tables bring modern simplicity and executive refinement together. With clean lines, integrated storage, and smart cable management, they create organized, efficient workspaces. The signature designer leg adds strength and visual balance, making these tables a perfect fit for contemporary cabins that value both aesthetics and performance.

Integrated Charging Socket

Signature Legs & Modesty panel

X-Bench ■

Contemporary Strength

X-Bench Cabin Tables bring the collection's modern versatility into executive spaces. Defined by their bold frame and refined detailing, they balance durability with design precision. The open, architectural leg structure creates a sense of lightness, while integrated features support technology, organization, and effortless functionality in contemporary cabin environments.

Exquisite ■

Timeless Elegance

Exquisite blends classical architecture with modern aesthetics, tailored for the discerning executive. Its octagonal desktop, with extended lines and wood grain texture, exudes elegance and subtle mystery. The sleek, sturdy legs create a space that's refined, trendy, and professional.

Three-dimensional wood veneer technology
Finished with double-component waterborne paint, it significantly reduces formaldehyde, offering a healthier, eco-friendly office environment.

Integrated Charging Outlets
The convenient slide-out design provides quick access to power outlets and data ports, ensuring seamless functionality.

Opus ■

Dynamic Balance

This meeting table blends fluid form with refined function. Its curved tabletop fosters collaboration, while sculpted bases add architectural elegance. Premium finishes and integrated power access make it a seamless, sophisticated centerpiece for any meeting space.

Uniquely designed table base

Integrated electrical provision

Convesso ■

Dynamic Balance

AFC's Convesso conference table, with its gable-end base, combines stability with style. Its robust build supports high-performance meetings, creating a modern space supporting high-performance meetings.

Sturdy Gable End Supports

Nextable ■

The Nextable is folding training table, designed for unmatched flexibility and functionality in any workspace. Built with durable material, it features smooth-rolling casters for effortless mobility. Its compact, foldable design allows for easy storage, making it ideal for dynamic office environments, training sessions, and conference rooms.

Impulse ■

Impulse is a versatile desk system designed to meet the needs of modern workspaces, offering a range of desk sizes and multiple configurations. Equipped with cable-managed legs, optional cable baskets, and CPU holders, it provides seamless cable organization. The Impulse desk combines durability, style, and functionality for a clutter-free, efficient workspace.

Uniflip ■

This foldable training table combines functionality and flexibility, making it perfect for dynamic office spaces. Its foldable design allows for easy storage and stacking, saving valuable floor space when the tables are not in use. The durable wooden surface with a refined finish adds a sophisticated touch to the workspace, while the built-in cable port enhances cable management. The table's lockable wheels provide easy mobility, enabling quick rearrangements without hassle. This table offers the convenience and adaptability needed in modern work environments.

Wiesner ■

The "WIESNER" training table with a straight/ Slant leg design offers a unique blend of connectivity, flexibility, and functionality. With the option of adding filler plates, these desks can be configured at an angle, enabling versatile layouts that adapt to any room structure. The WIESNER table also includes integrated data and power management. The straight leg design adds a sleek, contemporary touch while providing stability and comfort.

Modulus ■

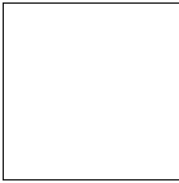

The Modulus straight desk combines strength and simplicity with its sturdy gable end design, making it a reliable addition to any workspace. Its classic look suits both traditional and modern interiors, while built-in wire management keeps the workspace tidy and organized. Available in multiple sizes, the Modulus desk offers flexibility for diverse room layouts, ensuring a perfect fit for any office or training room.

Experiences That Speak Volumes ■

“We are highly satisfied with AFC Furniture Solutions. Deliveries, installations, and product quality were excellent. The overall experience was good, and we are willing to recommend AFC and consider it for repeat orders.”

“Supervision and installation work are managed very well at the site level. The team's attention to detail ensured a smooth installation process. We are extremely satisfied with their on-site management and execution.”

“Good teamwork, timely completion, and prompt response from the team whenever required. Their dedication to meeting deadlines and addressing our needs promptly has been impressive.”

“From start to finish, it has truly been a pleasure. Your commitment to your promises and the quality of your products are commendable. I particularly want to highlight Mr. Maanoj Tomar’s dedication to timely deliver the two-week lead time was met without any issues, which speaks volumes about your team’s reliability. “
