BIFMA LEVEL® 3

Our products and facilities are BIFMA Level® 3 certified

The Highest Standard in Sustainable Furniture Manufacturing

For clients and partners, it means access to furniture that is globally benchmarked, future-ready, and aligned with **LEED, WELL, IGBC, and GRIHA standards.**

Environmental Impact

AFC reduces carbon emissions through renewable energy, increased recycled content, and optimized material usage. Comprehensive lifecycle assessments guide every design decision, minimizing waste and environmental impact from production to end-of-life.

Material Health

AFC products eliminate harmful chemicals including carcinogens and toxicants, using certified safer alternatives. Low-emission finishes improve indoor air quality, while ergonomic design supports physical wellbeing for healthier workspaces.

Social Responsibility

AFC maintains verified standards for workplace safety, inclusive hiring, and employee development. Active community partnerships and ethical manufacturing practices ensure our success creates shared value beyond our facilities.

The LEVEL® certification is furniture's equivalent to LEED for buildings. Level 3 represents the pinnacle, awarded only after rigorous third-party verification of products, facilities, and company policies.

Lower embodied energy and emissions

Safer chemical use aligned with global standards

Optimized material usage and waste reduction

Inclusive workplace practices and community engagement

BIFMA

From Greater Noida to A Greater World

Furniture that performs for your business and protects people and the planet.

All For Sustainability

At AFC, sustainability is built into everything we do. We are committed to responsible practices, ethical sourcing, and community support. Every decision is made with care for the environment, for well-being, and for long-term impact, ensuring our products do good beyond function.

Responsible Sourcing
Sourcing materials with care for people, planet, and performance.

Chemical Waste Management
Minimizing harmful substances for safer products and safer spaces.

Production efficiency
Optimizing every step to reduce waste, energy, and excess.

Solid Waste Management
Turning waste into value through mindful reduction and recycling.

Energy management
Reducing our footprint with smarter, cleaner energy practices.

End of life solutions
Designing products that last and plan for what comes after.

Low Emissions. Healthier Spaces.

Verified Sustainable by Process & Product

Backed by Life Cycle Assessments (LCA) and Environmental Product Declarations (EPD), our certified products follow a process rooted in responsible practices.

Air Quality & Emissions

All AFC furniture meets global air quality standards like Indoor Air Advantage Gold and BIFMA, supporting healthier indoor environments.

Green Manufacturing

Our IGBC Gold-certified campus uses energy-efficient systems, waste reduction practices, and smart logistics to cut down our environmental footprint.

Certifications

Smarter design. Cleaner systems. Sustainable workspaces.
That's our promise.

QUALITY LAB

Trusted Performance

With a dedicated QA team, calibrated labs, and BIFMA-aligned testing protocols, we raise our quality standards. Every product reflects our quality promise.

It begins at the source

Every raw material & finished good is vetted through rigorous in-house testing before it becomes part of your workspace.

At our in-house Testing Lab, we simulate real-world wear to ensure every product lives up to its promise.

People don't just sit. They move, shift, and lean. Your chair should too.

Soft Seating

Today's workplaces are less about rigid hierarchies and more about connection, comfort, and collaboration. The lines between lounge, focus, and meeting zones are blurring, and furniture needs to keep up.

AFC's soft seating and collaborative systems are built for this shift. From modular sofas and lounge chairs to pouffes and acoustic pods, every piece is designed to create spaces where people can gather, recharge, or get things done, together.

■ COLLABORATIVE SERIES

Collection

Collaboration is the heart of innovation in today's work culture. Our Collaborative Collection is designed to spark connection, communication, and co-creation. With fluid seating, modular pods, and flexible layouts, it adapts to every kind of teamwork—from spontaneous huddles to cross-functional sessions. Minimal yet warm, this is furniture that inspires, not just supports, the way we work.
