FURNITURE SOLUTIONS

System Furniture

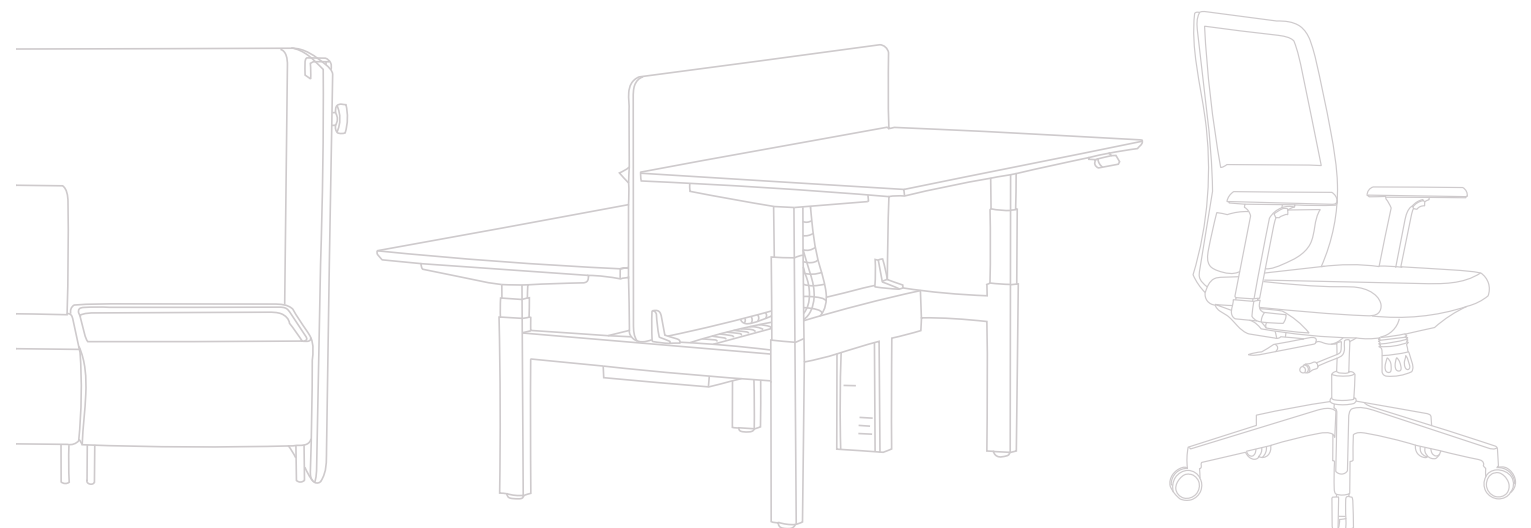

ALL FOR CHANGE ■

AFC is a future-focused furniture brand powering the evolving landscape of work in India. With over 15 years of experience, we deliver modular, ergonomic, and sustainable solutions at scale.

Our manufacturing facility is equipped with advanced automation and in-house testing to meet global standards. Every product is designed for quality, flexibility, and certified for a lower environmental impact, supporting smarter spaces and a more responsible future.

We offer end-to-end customisable solutions, from design to installation, serving leading corporates, educational institutions, and public sector organisations with a deep understanding of diverse business needs.

AFC isn't here to furnish offices. We're here to transform them with ergonomic design and relentless quality built for the evolving, modern workplace.

BIFMA LEVEL® 3

Our products and facilities are BIFMA Level® 3 certified

The Highest Standard in Sustainable Furniture Manufacturing

For clients and partners, it means access to furniture that is globally benchmarked, future-ready, and aligned with **LEED, WELL, IGBC, and GRIHA standards.**

Environmental Impact

AFC reduces carbon emissions through renewable energy, increased recycled content, and optimized material usage. Comprehensive lifecycle assessments guide every design decision, minimizing waste and environmental impact from production to end-of-life.

Material Health

AFC products eliminate harmful chemicals including carcinogens and toxicants, using certified safer alternatives. Low-emission finishes improve indoor air quality, while ergonomic design supports physical wellbeing for healthier workspaces.

Social Responsibility

AFC maintains verified standards for workplace safety, inclusive hiring, and employee development. Active community partnerships and ethical manufacturing practices ensure our success creates shared value beyond our facilities.

The LEVEL® certification is furniture's equivalent to LEED for buildings. Level 3 represents the pinnacle, awarded only after rigorous third-party verification of products, facilities, and company policies.

Lower embodied energy and emissions

Safer chemical use aligned with global standards

Optimized material usage and waste reduction

Inclusive workplace practices and community engagement

BIFMA

From Greater Noida to A Greater World

Furniture that performs for your business and protects people and the planet.

ALL FOR CHANGE

All For Sustainability

At AFC, sustainability is built into everything we do. We are committed to responsible practices, ethical sourcing, and community support. Every decision is made with care for the environment, for well-being, and for long-term impact, ensuring our products do good beyond function.

Responsible Sourcing

Sourcing materials with care for people, planet, and performance.

Chemical Waste Management

Minimizing harmful substances for safer products and safer spaces.

Production efficiency

Optimizing every step to reduce waste, energy, and excess.

Solid Waste Management

Turning waste into value through mindful reduction and recycling.

Energy management

Reducing our footprint with smarter, cleaner energy practices.

End of life solutions

Designing products that last and plan for what comes after.

Low Emissions. Healthier Spaces.

Verified Sustainable by Process & Product

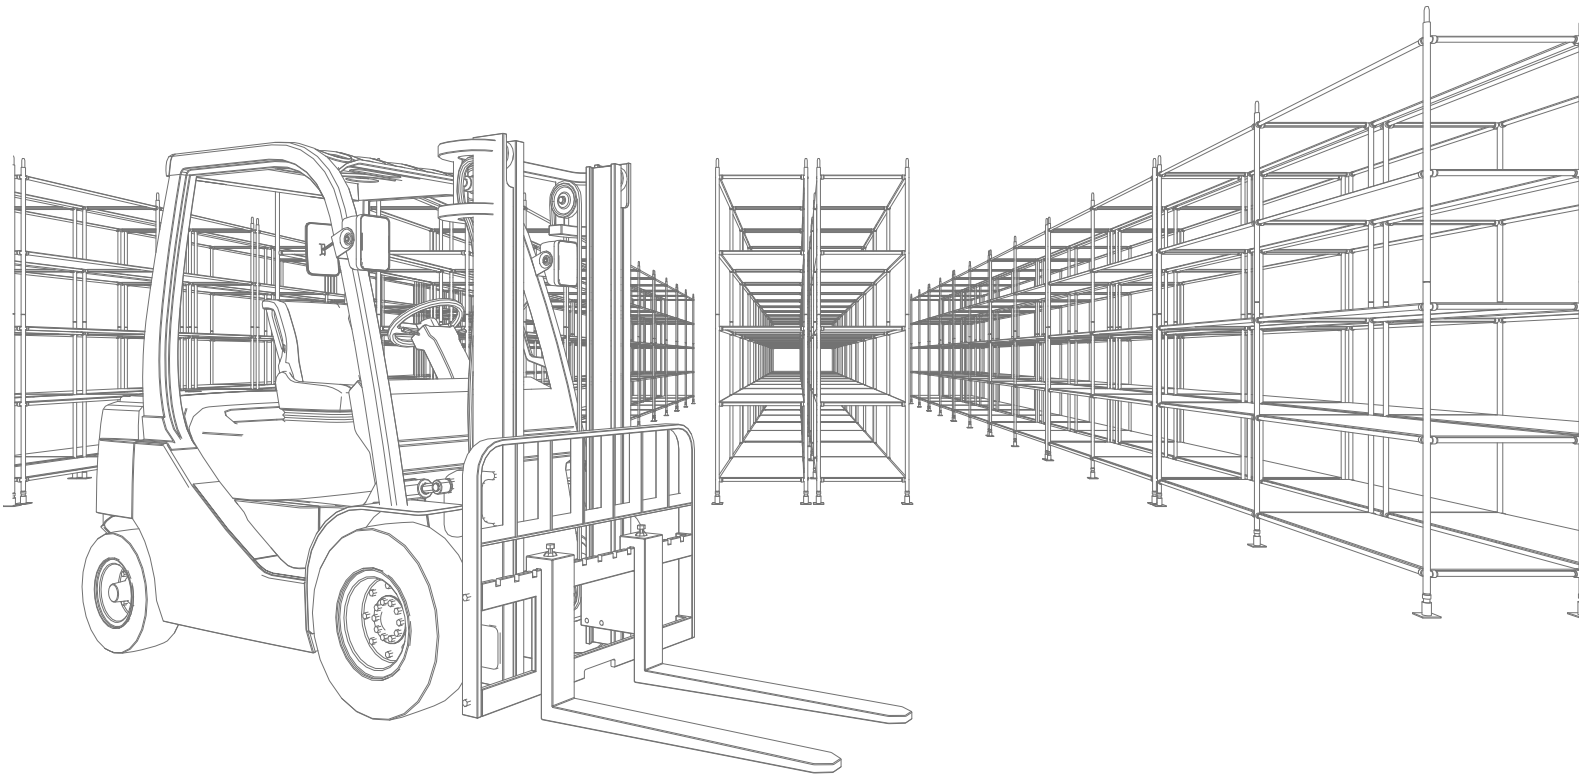

Backed by Life Cycle Assessments (LCA) and Environmental Product Declarations (EPD), our certified products follow a process rooted in responsible practices.

Air Quality & Emissions

All AFC furniture meets global air quality standards like Indoor Air Advantage Gold and BIFMA, supporting healthier indoor environments.

Green Manufacturing

Our IGBC Gold-certified campus uses energy-efficient systems, waste reduction practices, and smart logistics to cut down our environmental footprint.

Certifications

BIFMA

Smarter design. Cleaner systems. Sustainable workspaces.
That's our promise.

System Furniture

Today's work environments demand more than just desks. They call for systems that can adapt to shifting teams, evolving technology, and the fluid rhythm of collaboration and focus. Workstations are no longer static fixtures but versatile platforms that bring structure and flexibility together.

AFC's workstation systems are designed for this balance. With modular layouts, integrated power and data, and thoughtful details, they create spaces that are efficient yet human-centered. From open clusters to private focus zones, AFC workstations evolve with the needs of people and the organizations they support.

Adaptable ■

Intelligent Movement

Adaptable transforms how you work by moving with your natural rhythms throughout the day. With intelligent height adjustment and memory presets, it seamlessly transitions between sitting and standing to support healthier postures and dynamic workflows. Built with anti-collision safety and integrated cable management, Adaptable delivers ergonomic performance with effortless functionality.

Customizable components

An intelligent height-adjustable table with memory controls, smooth lift, anti collision safety feature and concealed cable routing, designed to keep workspaces clutter-free and comfortable.

3 Stage Height Adjustments

An integrated controller with memory presets allows easy, personalized height adjustment.

600mm Min. height
1220mm Max. height

Various Built-in power sockets and cable management options

Customizable components

The Adaptable offers flexibility in frame colors, finishes, and configurations, allowing you to create a setup that blends seamlessly with your office design while meeting ergonomic needs.

Top Mounted Screen

Single desk-up

B2B desk-up

Hung Panel Curved Screen

The grounded power cord runs through routing columns and beams to supply the desk, with wires fully concealed in the structure. Routing beams include socket holes, up to three per side. Lifting motor and power strip wires can be neatly stored in a snake tube.

Curvivo ■

Curved Versatility

Crafted with interchangeable components, the Curvivo Desking System envisions a workspace that effortlessly adapts to the dynamic nature of modern workstyles. The name “Curvivo” itself is derived from the series’ defining feature – the elegantly curved edges that grace every element, from the worktops to the planters, the leg and pedestals.

Versatile Configurations

The Curvivo Series transits seamlessly from individual workstations to collaborative discussion and meeting tables, offering a versatile solution for every workspace need.

Trio ■

Shared Productivity

Define open spaces for teams, collaboration, and everything in between with TRIO. Its flexible and modular design allows seamless adaptability across all work environments and styles. Built on a strong MS structure, TRIO offers stability with endless configuration possibilities. From focused work zones to collaborative hubs, TRIO brings a unified, cohesive design language to the entire office.

Configurations

120 Degree Cluster

Non-Sharing Cluster

Back to Back Cluster

Available in multiple design and configuration options, engineered for durability, designed for versatility, TRIO stands strong in every setting.

X-Bench ■

Intelligent Movement

X-Bench creates efficient team environments through versatile configuration options and durable construction. Designed for open-plan collaboration, its robust framework supports intensive daily use while acoustic screens with polished edges balance privacy, safety, and visual refinement. Clean lines and intelligent cable management maintain organized workspaces that adapt to evolving team needs.

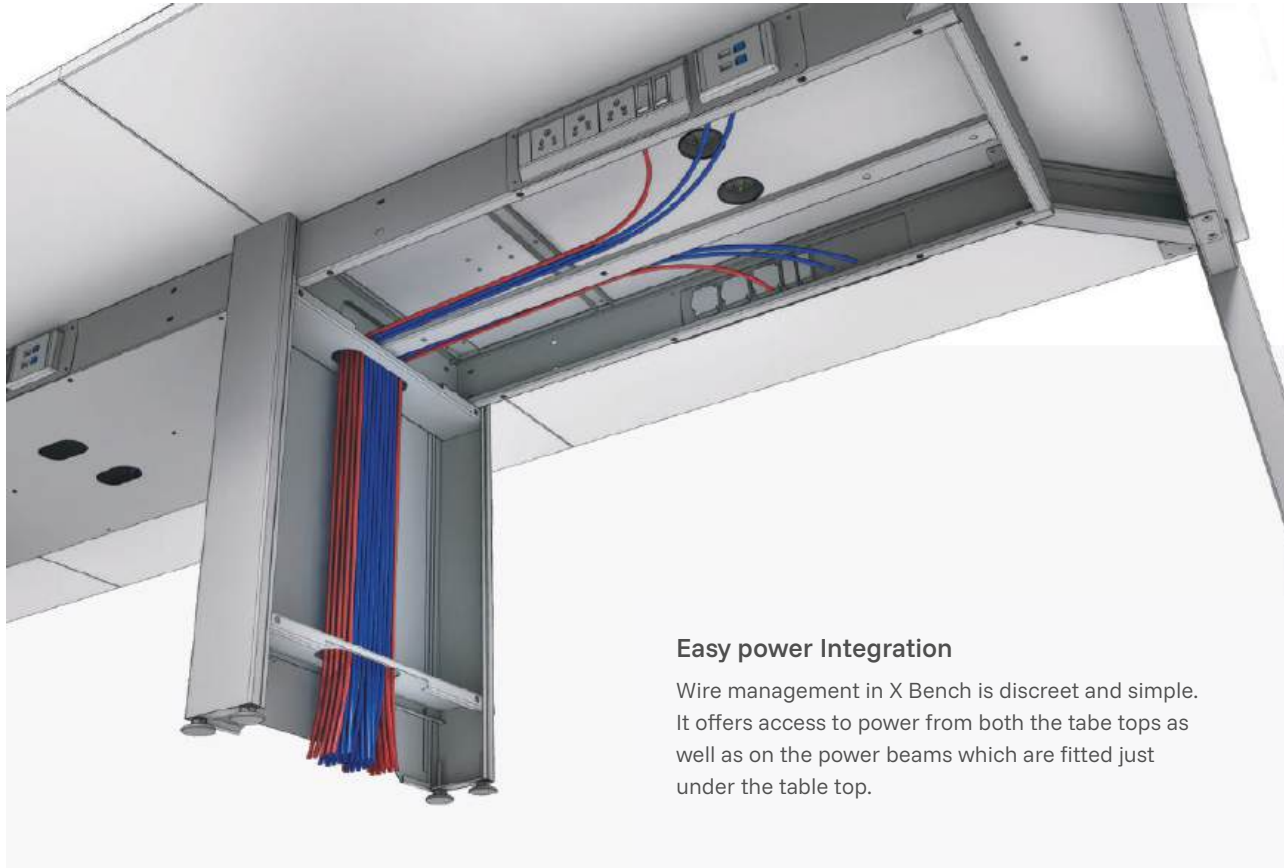

Refined Edge Design
Polished screen edges add a sleek finish while ensuring safety and long-term durability.

Multi-Purpose Screen
Customizable screens with options for materials, pin-up strips, and accessory rails, designed to support both function and creativity.

Easy power Integration
 Wire management in X Bench is discreet and simple. It offers access to power from both the table tops as well as on the power beams which are fitted just under the table top.

Experiences That Speak Volumes ■

“We are highly satisfied with AFC Furniture Solutions. Deliveries, installations, and product quality were excellent. The overall experience was good, and we are willing to recommend AFC and consider it for repeat orders.”

“Supervision and installation work are managed very well at the site level. The team's attention to detail ensured a smooth installation process. We are extremely satisfied with their on-site management and execution.”

“Good teamwork, timely completion, and prompt response from the team whenever required. Their dedication to meeting deadlines and addressing our needs promptly has been impressive.”

“From start to finish, it has truly been a pleasure. Your commitment to your promises and the quality of your products are commendable. I particularly want to highlight Mr. Maanoj Tomar’s dedication to timely deliver the two-week lead time was met without any issues, which speaks volumes about your team’s reliability. “
