

ALL FOR CHANGE ■

AFC is a future-focused furniture brand powering the evolving landscape of work in India. With over 15 years of experience, we deliver modular, ergonomic, and sustainable solutions at scale.

Our manufacturing facility is equipped with advanced automation and in-house testing to meet global standards. Every product is designed for quality, flexibility, and certified for a lower environmental impact, supporting smarter spaces and a more responsible future.

We offer end-to-end customisable solutions, from design to installation, serving leading corporates, educational institutions, and public sector organisations with a deep understanding of diverse business needs.

AFC isn't here to furnish offices. We're here to transform them with ergonomic design and relentless quality built for the evolving, modern workplace.

BIFMA LEVEL® 3

Our products and facilities are BIFMA Level® 3 certified

The Highest Standard in Sustainable Furniture Manufacturing

For clients and partners, it means access to furniture that is globally benchmarked, future-ready, and aligned with **LEED, WELL, IGBC, and GRIHA standards.**

Environmental Impact

AFC reduces carbon emissions through renewable energy, increased recycled content, and optimized material usage. Comprehensive lifecycle assessments guide every design decision, minimizing waste and environmental impact from production to end-of-life.

Material Health

AFC products eliminate harmful chemicals including carcinogens and toxicants, using certified safer alternatives. Low-emission finishes improve indoor air quality, while ergonomic design supports physical wellbeing for healthier workspaces.

Social Responsibility

AFC maintains verified standards for workplace safety, inclusive hiring, and employee development. Active community partnerships and ethical manufacturing practices ensure our success creates shared value beyond our facilities.

The LEVEL® certification is furniture's equivalent to LEED for buildings. Level 3 represents the pinnacle, awarded only after rigorous third-party verification of products, facilities, and company policies.

Lower embodied energy and emissions

Safer chemical use aligned with global standards

Optimized material usage and waste reduction

Inclusive workplace practices and community engagement

BIFMA

From Greater Noida to A Greater World

Furniture that performs for your business and protects people and the planet.

ALL FOR CHANGE

All For Sustainability

At AFC, sustainability is built into everything we do. We are committed to responsible practices, ethical sourcing, and community support. Every decision is made with care for the environment, for well-being, and for long-term impact, ensuring our products do good beyond function.

Responsible Sourcing

Sourcing materials with care for people, planet, and performance.

Chemical Waste Management

Minimizing harmful substances for safer products and safer spaces.

Production efficiency

Optimizing every step to reduce waste, energy, and excess.

Solid Waste Management

Turning waste into value through mindful reduction and recycling.

Energy management

Reducing our footprint with smarter, cleaner energy practices.

End of life solutions

Designing products that last and plan for what comes after.

Low Emissions. Healthier Spaces.

Verified Sustainable by Process & Product

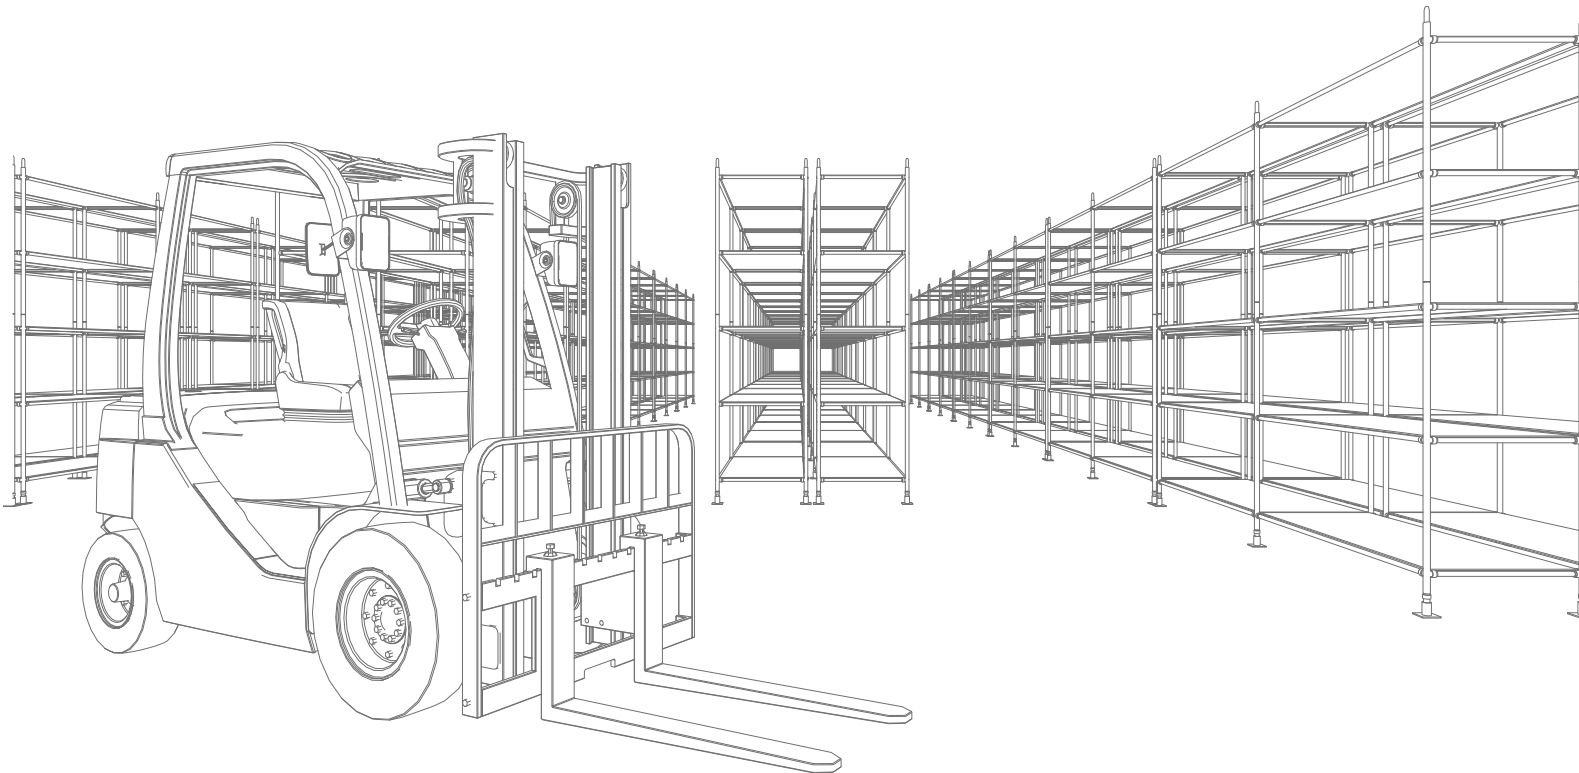

Backed by Life Cycle Assessments (LCA) and Environmental Product Declarations (EPD), our certified products follow a process rooted in responsible practices.

Air Quality & Emissions

All AFC furniture meets global air quality standards like Indoor Air Advantage Gold and BIFMA, supporting healthier indoor environments.

Green Manufacturing

Our IGBC Gold-certified campus uses energy-efficient systems, waste reduction practices, and smart logistics to cut down our environmental footprint.

Certifications

BIFMA

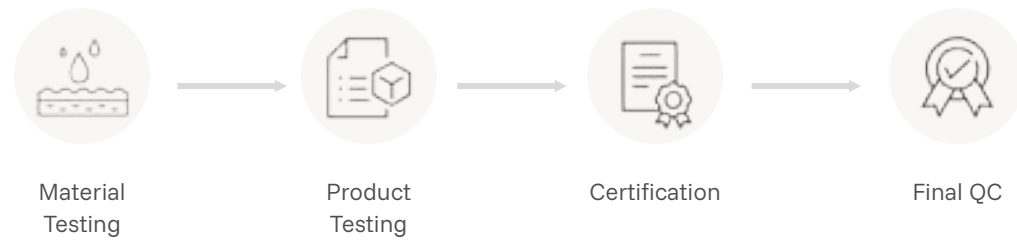

Smarter design. Cleaner systems. Sustainable workspaces.
That's our promise.

QUALITY LAB

Trusted Performance

With a dedicated QA team, calibrated labs, and BIFMA-aligned testing protocols, we raise our quality standards. Every product reflects our quality promise.

It begins at the source

Every raw material & finished good is vetted through rigorous in-house testing before it becomes part of your workspace.

At our in-house Testing Lab, we simulate real-world wear to ensure every product lives up to its promise.

People don't just sit. They move, shift, and lean. Your chair should too.

Storage

Workplace storage quietly shapes how efficiently an office runs. When files, supplies, and personal items have their place, workspaces stay clear and focused. When they don't, clutter creeps in and productivity suffers. Good storage isn't just functional—it's what allows people to move through their day without friction.

AFC's storage solutions are designed for this shift. From mobile pedestals to full-height cabinets, each piece balances secure containment with easy retrieval. Modular systems adapt to changing needs, integrated locking mechanisms protect what matters, and thoughtful finishes ensure storage complements rather than compromises the workspace aesthetic.

Experiences That Speak Volumes ■

"We are highly satisfied with AFC Furniture Solutions. Deliveries, installations, and product quality were excellent. The overall experience was good, and we are willing to recommend AFC and consider it for repeat orders."

"Supervision and installation work are managed very well at the site level. The team's attention to detail ensured a smooth installation process. We are extremely satisfied with their on-site management and execution."

"Good teamwork, timely completion, and prompt response from the team whenever required. Their dedication to meeting deadlines and addressing our needs promptly has been impressive."

"From start to finish, it has truly been a pleasure. Your commitment to your promises and the quality of your products are commendable. I particularly want to highlight Mr. Maanoj Tomar's dedication to timely deliver the two-week lead time was met without any issues, which speaks volumes about your team's reliability."
