

ADAPTABLE

DESIGNED TO MOVE WITH YOU.

ALL FOR CHANGE ■

AFC is a future-focused furniture brand powering the evolving landscape of work in India. With over 15 years of experience, we deliver modular, ergonomic, and sustainable solutions at scale.

Our manufacturing facility is equipped with advanced automation and in-house testing to meet global standards. Every product is designed for quality, flexibility, and certified for a lower environmental impact, supporting smarter spaces and a more responsible future.

We offer end-to-end customisable solutions, from design to installation, serving leading corporates, educational institutions, and public sector organisations with a deep understanding of diverse business needs.

Adaptable

Height adjustable Series

Adaptable

Intelligent Movement ■

Adaptable transforms how you work by moving with your natural rhythms throughout the day. With intelligent height adjustment and memory presets, it seamlessly transitions between sitting and standing to support healthier postures and dynamic workflows. Built with anti-collision safety and integrated cable management, Adaptable delivers ergonomic performance with effortless functionality.

Customizable components

An intelligent height-adjustable table with memory controls, smooth lift, anti collision safety feature and concealed cable routing, designed to keep workspaces clutter-free and comfortable.

3 Stage Height Adjustments

An integrated controller with memory presets allows easy, personalized height adjustment.

600mm Min. height
1220mm Max. height

Various Built-in power sockets and cable management options

The grounded power cord runs through routing columns and beams to supply the desk, with wires fully concealed in the structure. Routing beams include socket holes, up to three per side. Lifting motor and power strip wires can be neatly stored in a snake tube.

Adaptable moves with you,
Moves with you for effortless
comfort and flexibility.

The desk transitions seamlessly between
sitting and standing positions, supporting
healthier postures and dynamic workflows
throughout the day.

Single Cluster HAT

A single height adjustable desk is a versatile workspace solution that can be easily adjusted to accommodate different users. With a simple mechanism or electronic controls, the desk can be raised or lowered to the desired height, promoting proper posture and reducing strain on the body. It offers flexibility for individuals who prefer sitting or standing while working, allowing them to switch positions effortlessly throughout the day.

Flexible Heights for Healthier, Smarter Workdays.
