FURNITURE SOLUTIONS

ALL FOR CHANGE.

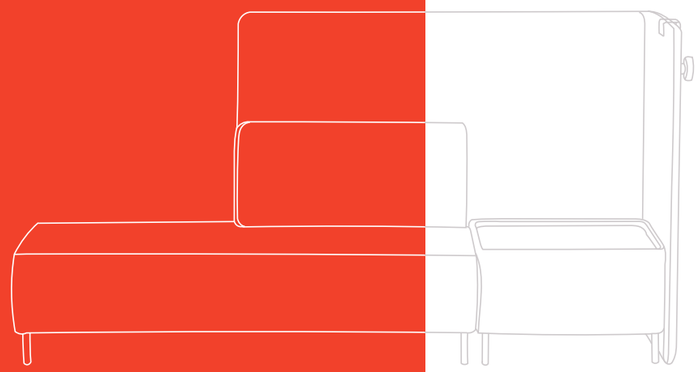

AFC is a future-focused furniture brand powering the evolving landscape of work in India. With over 15 years of experience, we deliver modular, ergonomic, and sustainable solutions at scale.

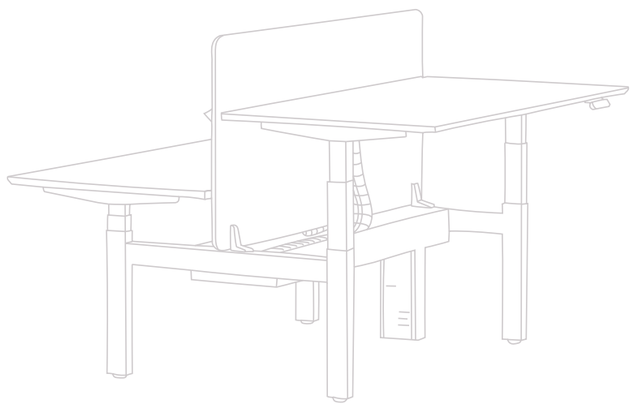

Our manufacturing facility is equipped with advanced automation and in-house testing to meet global standards. Every product is designed for quality, flexibility, and certified for a lower environmental impact, supporting smarter spaces and a more responsible future.

We offer end-to-end customisable solutions, from design to installation, serving leading corporates, educational institutions, and public sector organisations with a deep understanding of diverse business needs.

AFC isn't here to furnish offices. We're here to transform them with ergonomic design and relentless quality built for the evolving, modern workplace.

BIFMA LEVEL® 3

Our products and facilities are BIFMA Level® 3 certified

The Highest Standard in Sustainable Furniture Manufacturing

For clients and partners, it means access to furniture that is globally benchmarked, future-ready, and aligned with **LEED, WELL, IGBC, and GRIHA standards.**

Environmental Impact

AFC reduces carbon emissions through renewable energy, increased recycled content, and optimized material usage. Comprehensive lifecycle assessments guide every design decision, minimizing waste and environmental impact from production to end-of-life.

Material Health

AFC products eliminate harmful chemicals including carcinogens and toxicants, using certified safer alternatives. Low-emission finishes improve indoor air quality, while ergonomic design supports physical wellbeing for healthier workspaces.

Social Responsibility

AFC maintains verified standards for workplace safety, inclusive hiring, and employee development. Active community partnerships and ethical manufacturing practices ensure our success creates shared value beyond our facilities.

The LEVEL® certification is furniture's equivalent to LEED for buildings. Level 3 represents the pinnacle, awarded only after rigorous third-party verification of products, facilities, and company policies.

- Lower embodied energy and emissions
- Safer chemical use aligned with global standards
- Optimized material usage and waste reduction
- Inclusive workplace practices and community engagement

level 3 ® BIFMA

From Greater Noida to A Greater World

Furniture that performs for your business and protects people and the planet.

ALL FOR CHANGE

All For Sustainability

At AFC, sustainability is built into everything we do. We are committed to responsible practices, ethical sourcing, and community support. Every decision is made with care for the environment, for well-being, and for long-term impact, ensuring our products do good beyond function.

Responsible Sourcing
Sourcing materials with care for people, planet, and performance.

Production efficiency
Optimizing every step to reduce waste, energy, and excess.

Energy management
Reducing our footprint with smarter, cleaner energy practices.

Chemical Waste Management
Minimizing harmful substances for safer products and safer spaces.

Solid Waste Management
Turning waste into value through mindful reduction and recycling.

End of life solutions
Designing products that last and plan for what comes after.

Low Emissions. Healthier Spaces.

Verified Sustainable by Process & Product

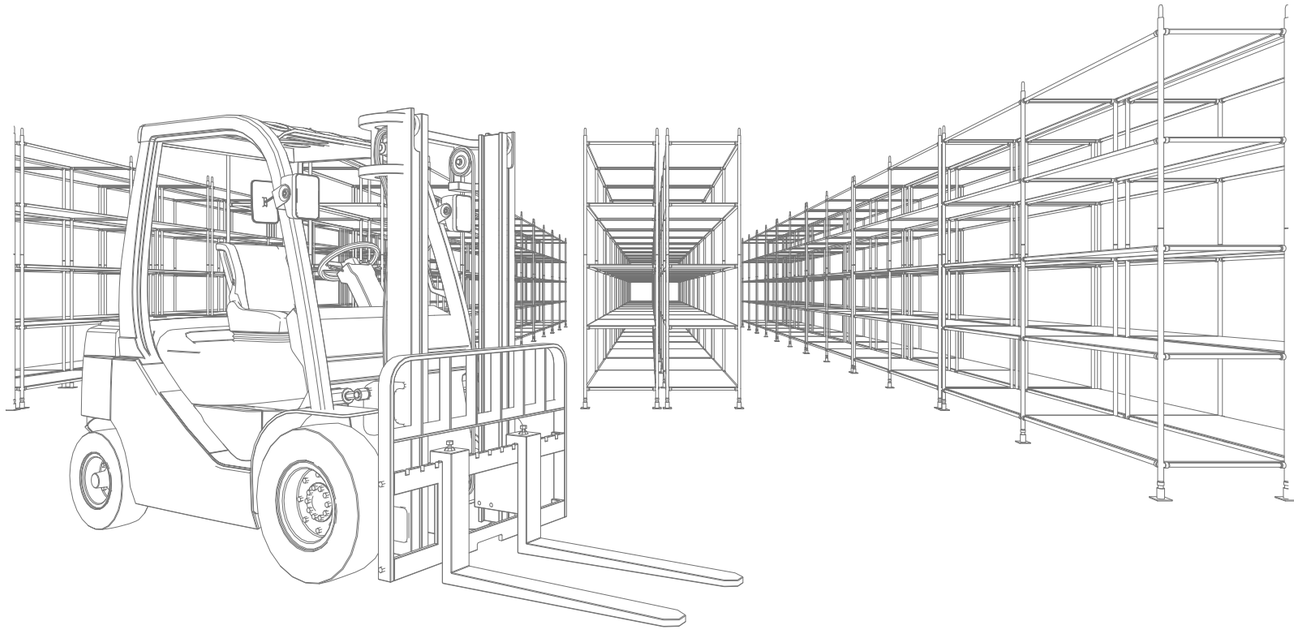

Backed by Life Cycle Assessments (LCA) and Environmental Product Declarations (EPD), our certified products follow a process rooted in responsible practices.

Air Quality & Emissions

All AFC furniture meets global air quality standards like Indoor Air Advantage Gold and BIFMA, supporting healthier indoor environments.

Green Manufacturing

Our IGBC Gold-certified campus uses energy-efficient systems, waste reduction practices, and smart logistics to cut down our environmental footprint.

Certifications

Smarter design. Cleaner systems. Sustainable workspaces.
That’s our promise.

QUALITY LAB

Trusted Performance

With a dedicated QA team, calibrated labs, and BIFMA-aligned testing protocols, we raise our quality standards. Every product reflects our quality promise.

Material Testing → Product Testing → Certification → Final QC

It begins at the source

Every raw material & finished good is vetted through rigorous in-house testing before it becomes part of your workspace.

At our in-house Testing Lab, we simulate real-world wear to ensure every product lives up to its promise.

People don't just sit. They move, shift, and lean. Your chair should too.

Seating

Modern work has fundamentally changed what we expect from a chair. Long hours, shifting postures, collaborative sessions, and focused tasks all place different demands on the body. Seating is an active contributor to comfort, health, and how effectively people perform throughout the day.

AFC's seating collection is designed for this modern rhythm. With ergonomically contoured forms, breathable materials, and precise adjustments, each chair promotes posture, comfort, and productivity. From task and executive seating to lounge and collaborative solutions, AFC chairs are built to move with people, supporting healthier work and effortless performance, every day.

Myel.

Refined Performance

Myel combines advanced mesh technology with precision engineering for exceptional performance. The responsive backrest adapts to natural movement while maintaining optimal spinal alignment, supported by intuitive adjustments that personalize comfort. Premium materials and refined details create a sophisticated presence, delivering the performance that workspaces demand.

The MYEL Advantage

Every adjustment, every curve, every detail has been engineered to keep you focused, comfortable, and ready to tackle whatever the day throws at you. MYEL doesn't just support your body, it elevates your entire work experience.

Sleek silhouette with dynamic seating

Base & Casters

Customize your chair with multiple base finishes and caster types, ensuring both the look and functional mobility perfectly match any work environment.

Add-On Headrest

The optional headrest delivers targeted neck and shoulder support, ensuring extended comfort even during the longest work sessions.

Personalize Your Comfort

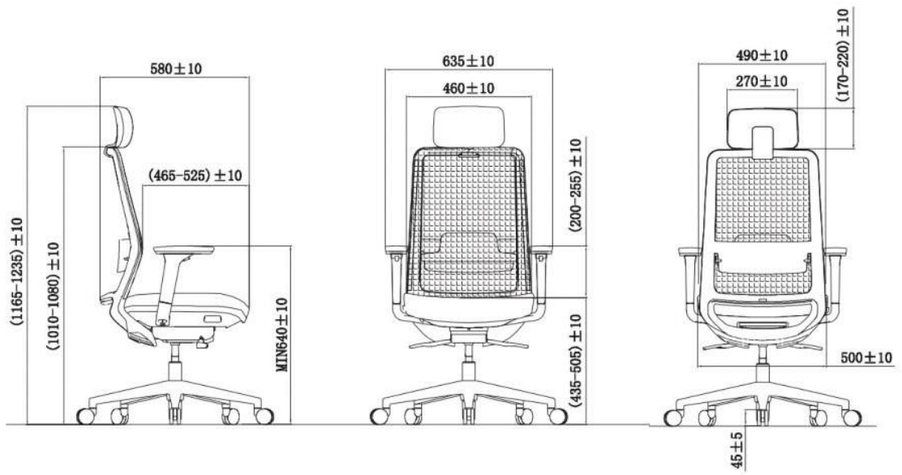

The Myel chair features an adjustable headrest and weight balance tilt mechanism that work together to provide personalized comfort and smooth, effortless reclining that adapts to your body's natural movement during extended use.

Configurations

Adjustable Headrest

Offers personalized comfort and support for your neck

- Forward / Backward

Myel

Equipped with 3D adjustable armrests, the Myel chair allows for customizable positioning, ensuring optimal support and reducing strain on your arms and shoulders.

Sway

Formed for Movement

Sway is designed for movement, balance, and focus. With its adaptive frame and ergonomic precision, it supports natural posture through every shift and stretch. Elegant yet dependable, it brings effortless comfort to dynamic workdays, keeping you in sync with every moment of focus and flow.

Designed for Natural Alignment

Sway's contoured backrest intuitively aligns with your spine's natural curve, promoting an upright posture while reducing lower back strain for lasting comfort through long hours of focus.

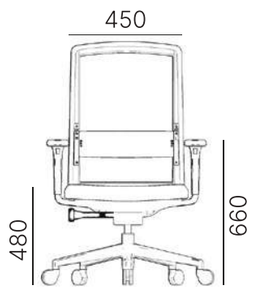

Personalize Your Comfort

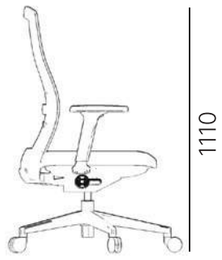

The Sway chair features an adjustable headrest and weight balance tilt mechanism that work together to provide personalized comfort and smooth, effortless reclining that adapts to your body's natural movement during extended use.
